

## **NEW BIN SURROUNDS – NORTHAMPTON PARKS**

The Council has approved a provision within the 2018/19 Budget to purchase five additional 240l bin surrounds similar to the one recently installed at the Lions Park as per below picture.

The surrounds are to be located at Hampton Gardens (2), Kings Park (1) and the RSL Hall (1) and Lions Park (1 additional) to enhance the appearance of these areas.

For the RSL Hall the design will be that of a soldier, however for the remaining we are seeking community views on what the designs should be. It is envisaged that each surround is to have its own unique design that depicts Northampton today and/or in the past. The design needs to be in tall stature, so it can fit within the sides and front of the surrounds as shown in the above. The designs also need to be relatively simple and not complex.

Your design can be lodged to the CEO by email [ceo@northampton.wa.gov.au](mailto:ceo@northampton.wa.gov.au) or alternatively drop it into the Northampton Shire Office. All designs need to be lodged by 31<sup>st</sup> October 2018.

We look forward to your designs.
