# NOTICE OF ORDINARY MEETING OF COUNCIL

Dear Councillor,

The next Ordinary Meeting of the Northampton Shire Council will be held on Friday 18<sup>th</sup> March 2016 in the Council Chambers, Northampton commencing at 1.00pm.

At 11.00am a presentation will be provided by the owners of Horrocks Beach Caravan Park on proposed redevelopment of the park.

Lunch will be served from 12.00pm.

GARRY L KEEFFE CHIEF EXECUTIVE OFFICER

11<sup>th</sup> March 2016

# 18<sup>th</sup> March 2016

# NOTICE OF MEETING

Dear Elected Member

The next ordinary meeting of the Northampton Shire Council will be held on Friday 18<sup>th</sup> March 2016, at The Council Chambers, Northampton commencing at 1.00pm.

# GARRY KEEFFE CHIEF EXECUTIVE OFFICER

11<sup>th</sup> March 2016

# **DISCLAIMER**

No responsibility whatsoever is implied or accepted by the **Shire of Northampton** for any act, omission, statement or intimation occurring during Council/Committee meetings or during formal/informal conversations with staff. The **Shire of Northampton** disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission, statement or intimation occurring during Council/Committee meetings, discussions or any decision recorded in the unconfirmed minutes of Council or Committee's of Council. Any person or legal entity who acts or fails to act in reliance upon any statement does so at that persons or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for licence, any statement, limitation or approval made by a member or officer of the **Shire of Northampton** during the course of any meeting is not intended to be and is not taken as notice of approval from the **Shire of Northampton**. The **Shire of Northampton** warns that anyone who has lodged an application with the **Shire of Northampton** must obtain and should only rely on <u>WRITTEN CONFIRMATION</u> of the outcome of the application, and any conditions attaching to the decision made by the **Shire of Northampton** in respect of the application.

Signed

Date 11<sup>th</sup> March 2016

GARRY L KEEFFE CHIEF EXECUTIVE OFFICER

Total price to Council \$62,535 (exc. GST)

Motion withdrawn by Cr Carson

# Simply Remarkable SHIRE OF NORTHAMPTON Minutes of Ordinary Meeting of Council held at the Allen Centre, Grey Street Kalbarri on

#### 17 February 2016

# Moved Cr STANICH, Seconded Cr HOLT

That Council accept the tender submitted by Purcher International to supply a FUSO Canter 815 Crew Cab Truck at \$66,300 (exc GST) with standard bench seat. Trade vehicle (Shire plant number P174 - NR528) to be released to Purcher International at the trade price of \$10,500 (exc GST).

Total price to Council \$55,800 (exc. GST)

CARRIED 6/1

# 2.6.4 MUNICIPAL ROADWORKS BUDGET – 2015/2016 BUDGET KALBARRI – CENTRAL FORESHORE CAR PARK AREA MODIFICATION TO WORKS LOCATION (ITEM 6.1.4)

Moved Cr PIKE, seconded Cr HOLT

That Council transfer the 2015/16 budget allocation for the resealing of parking areas at the Sally's Tree and central boat ramp area to the re-sealing of Chinaman's Lane due to construction works at the Volunteer Marine Rescue (VMR) Building occurring that could cause damage to the car park seal and therefore best to defer these works until the works at the VMR are complete.

# CARRIED 7/0 BY AN ABSOLUTE MAJORITY

Neil Broadhurst departed the meeting at 10.05am.

# 2.7 HEALTH/BUILDING REPORT

2.7.1 BUILDING STATISTICS (ITEM 6.2.1)

Noted

Glenn Bangay departed the meeting at 10:07am.

#### 2.8 TOWN PLANNING REPORT

Cr Krakouer departed the meeting 10:09am, re-entering the meeting at 10:10am.

# Minutes of Ordinary Meeting of Council held at the Allen Centre, Grey Street Kalbarri on 17 February 2016

2.8.1 PROPOSED FOUR (4) LOT SUBDIVISION – LOTS 293, 294 & 316 CLIFTON PLACE & MALLARD STREET, KALBARRI (ITEM 6.3.1)

Moved Cr SUCKLING, seconded Cr HOLT

That Council grants delegation to the Chief Executive Officer to accept a 10,000.00 bond and statutory declaration with the following conditions for the clearing of the condition of subdivision approval that relates to the removal of outbuildings from proposed Lot 3 - WAPC Ref: 152777:

- Acknowledge that the bond will be forfeited if development of a single house has not substantially commenced on proposed Lot 3 within 5 years from the date of subdivision approval being 12<sup>th</sup> February, 2021;
- Acknowledge that the outbuilding contained on proposed Lot 3 is only to be used for general and vehicle storage purposes and minor maintenance upon vehicles housed therein to the approval of the Local Government and shall NOT be used for habitation, commercial or industrial purposes;
- 3. Acknowledge that the bond will only be refunded (if not forfeited) when the single house has substantially commenced construction within 6 months from the date of a Building Permit issued by the Shire of Northampton.

# CARRIED 7/0

2.8.2 LOTS 9502 & 9505 GEORGE GREY DRIVE, KALBARRI (BROWNE FARM) – PROPOSED AMENDMENTS TO KALBARRI TOWNSITE LOCAL PLANNING STRATEGY (ITEM 6.3.2)

Moved Cr STANICH, seconded Cr HOLT

That Council:

- 1. Resolve to adopt the amendments to the Kalbarri Townsite Local Planning Strategy subject to the recommended modifications included within the Schedule of Submissions Table (Appendix 2) attached to the Town Planning Report 17 February 2016; and
- 2. Refer the proposed amendments to the Kalbarri Townsite Local Planning Strategy to the Western Australian Planning Commission and the Minister for Planning for final endorsement.

CARRIED 7/0

# Minutes of Ordinary Meeting of Council held at the Allen Centre, Grey Street Kalbarri on 17 February 2016

2.8.3	PROPOSED BROWNE FARM LOCAL STRUCTURE PLAN - LOTS 9502 &
	9505 GEORGE GREY DRIVE, KALBARRI - FINAL ADOPTION (ITEM
	6.3.3)

Moved Cr CARSON, seconded Cr SUCKLING

That Council dismisses the objections received and adopt the Browne Farm Local Structure Plan, subject to the modifications as listed in the Schedule of Submissions (Appendix 2) and write to the Western Australian Planning Commission seeking its final approval.

## CARRIED 7/0

2.8.4 PROPOSED SCHEME AMENDMENT TO LOCAL PLANNING SCHEME NO. 10 (NORTHAMPTON) – REZONING FROM 'PUBLIC PURPOSE – POLICE' TO 'RESIDENTIAL R10' – LOT 501 (NO. 80) HAMPTON ROAD, NORTHAMPTON (ITEM 6.3.4)

Moved Cr CARSON, seconded Cr STANICH

That Council pursuant to Part 5 of the *Planning and Development Act 2005* amend Shire of Northampton Local Planning Scheme No.10 subject to the preparation and lodgment of appropriate scheme amendment documentation to:

- 1. Rezone Lot 501 (No. 80) Hampton Road, Northampton from 'Public Purpose-Police' to 'Residential R10'; and
- 2. Amend the Scheme Maps accordingly.

CARRIED 7/0

2.8.5 PROPOSED FREESTANDING SIGNS – KALBARRI FISH VAN (ITEM 6.3.5)

Moved Cr HOLT, seconded Cr STANICH

That Council refuse to grant development approval to three (3) freestanding signs on Reserve 25307 and within the Grey Street road reserve Kalbarri due to the following reasons:

- The location of freestanding signs located on Reserve 25307 is not considered to comply with the purpose and intent of the reserve for recreation and parklands.
- 2) The location of freestanding signs located on Reserve 25307 at the intersection of Clotworthy/Grey Streets and Porter/Grey Streets is considered to be remote and will detrimentally affect the amenity of the locale.

# Minutes of Ordinary Meeting of Council held at the Allen Centre, Grey Street Kalbarri on 17 February 2016

3) The location of the freestanding sign within the Grey Street road reserve is not considered to comply with the objective of the Shire of Northampton Local Planning Policy – Signage as signs as it does not safeguard the visual amenity or meet the safety and amenity needs of all thoroughfare users.

## Advice Note

1. If an applicant or owner is aggrieved by this determination there is a right of review by the State Administrative Tribunal in accordance with the Planning and Development Act 2005 Part 14. An application must be made within 28 days of determination.

CARRIED 7/0

## 2.8.6 SUMMARY OF PLANNING INFORMATION ITEMS (ITEM 6.3.6)

Noted

CARRIED 7/0

# 2.11 SHIRE PRESIDENT'S REPORT

Since the last Council meeting Cr Simkin reported on his attendance at the following:

15/2/16MWDC and Western Power meeting regarding power issues in<br/>Kalbarri17/2/16Audit Committee meeting

# 2.13 COUNCILLORS' REPORTS

2.13.1 CR PIKE

Since the last Council meeting Cr Pike reported on his attendance at:

12/1/16	Kalbarri Visitor Centre meeting
11/2/16	Kalbarri Visitor Centre meeting

15/2/16 MWDC and Western Power meeting

## Minutes of Ordinary Meeting of Council held at the Allen Centre, Grey Street Kalbarri on 17 February 2016

# 2.13.2 CR HOLT

Since the last Council meeting Cr Holt reported on his attendance at:

27/1/16	Annual Electors meeting
9/2/16	Kalbarri Development Association meeting
15/2/16	MWDC and Western Power meeting
17/2/16	Audit Committee meeting

## 2.13.4 CR SUCKLING

Since the last Council meeting Cr Suckling reported on her attendance at:

17/2/16	Audit committee meeting
---------	-------------------------

#### 2.13.5 CR CARSON

Since the last Council meeting Cr Carson reported on his attendance at:

11/2/16	WALGA Biodiversity meeting
17/2/16	Audit committee meeting

# 2.13.6 CR STANICH

Since the last Council meeting Cr Stanich reported on his attendance at:

17/2/16 Audit committee meeting

#### 2.14 INFORMATION BULLETIN

Noted

#### 2.15 NEW ITEMS OF BUSINESS

#### 2.15.1 CHANGE OF SPEED ZONE – GREY STREET KALBARRI

Cr Pike, who is the delegate to the Kalbarri Roadwise Committee, reported that the Committee through the local Police identified that Grey Street in Kalbarri can be an unsafe road to cross in peak season and requested Council support to reduce the speed zone from 50km/hr to 40km/hr area during peak seasons.

# Minutes of Ordinary Meeting of Council held at the Allen Centre, Grey Street Kalbarri on 17 February 2016

# Moved Cr PIKE, seconded Cr KRAKOUER

That Council request Main Roads WA to reduce the speed limit on Grey Street Kalbarri from Clotworthy Street to Red Bluff Road from 50km per hour to 40km per hour.

# MOTION LOST 3/4

## 2.15.2 SOCIAL MEDIA WORKSHOP

Cr Holt suggested that the Shire needs to improve its community communication techniques by making better use of social media. Also advised of a workshop being held in Geraldton in early March and suggested that a member of staff attend the workshop.

Moved Cr HOLT, seconded Cr PIKE

That staff investigate the use of social media as a community communication technique and report to Council on best options available and its operating costs.

CARRIED 7/0

#### 2.15.3 KALBARRI STREET LIGHTING

Cr Holt stated that a considerable amount of money could be saved by replacing existing street lights with LED lights and that this has occurred in other rural towns.

Moved Cr HOLT, seconded Cr PIKE

That Management investigates with Western Power and/or Synergy the possibility of being charged a different rate for street lighting by per lumen rather than per light and a different rate for use of LED lighting, and also the cost to the replace all street lights with LED's with the aim to reduce street lighting costs to the Council.

CARRIED 7/0

#### 2.16 NEXT MEETING OF COUNCIL

The next Ordinary Meeting of Council will be held on Friday the 18<sup>th</sup> March 2016 commencing at 1.00pm at the Council Chambers, Hampton Road, Northampton.

#### 2.17 CLOSURE

There being no further business, the President thanked everyone for their attendance and declared the meeting closed at 1:35pm.

# WORKS & ENGINEERING REPORT CONTENTS

6.1.1	INFORMATION ITEMS	
	MAINTENANCE / CONSTRUCTION WORKS PROGRAM	2
6.1.2	KALBARRI SUPERMARKET / GILGAI TAVERN CAR PARK AREA	
	CONCEPT PLANS	4

# 6.1.1 INFORMATION ITEMS – MAINTENANCE/CONSTRUCTION WORKS PROGRAM REPORTING OFFICER: Neil Broadhurst - MWTS DATE OF REPORT: 9th March 2016 APPENDICES: 1.

The following works, outside of the routine works, have been undertaken since the last report and are for Council information.

## **Specific Road Works**

- Maintenance grading carried out on Telegraph, Eastough, Chilimony, Ogilvie West, Ivans, Rosehill, and Oakabelalla Roads.
- Gravel Patching/Sheeting carried Blue Well, Horry and Frosty Gully Roads.
- Seasonal Verge/Vegetation works carried out on Yerina Springs, Erriary, Telegraph, Binnu West, Ajana Back, Eastough, Warribanno Chimney, Chilimony, Ogilvie West, Mitchell, Ivans, Rose, Isseka East, Normans Well, Percy and Johnson Road.

#### Maintenance Items

- Northampton Signs and associated infrastructure, various locations.
- Northampton and Kalbarri Town site chemical spraying for summer weeds.
- Horrocks Killy Street sump cleared.
- Port Gregory Pathway, sand removal and drainage works.
- General reseal preparation works including potholes and edging etc.
- Kalbarri Chainman's toilet lids replaced following collapse.
- Kalbarri Oval and Cemetery fertiliser applied.

#### Other Items (Budget)

- Northampton Lion's Park drain rehabilitation works continuing.
- Horrocks Preliminary works including sand removal to locate services undertaken to southern car park.
- Resealing works Binnu West Road, Kalbarri Road, Kalbarri northern car park.
- Kalbarri Concrete kerbing to Walker Street and Grey Street/Clotworthy Street intersection and associated backfilling works undertaken.
- Kalbarri Solar light installed at disabled fishing platform area.

# <u>Plant Items</u>

- P217 FUSO Truck Truck body failure (DTrans) Insurance.
- P167 Kalbarri rubbish vehicle Replacement plant item advertised through preferred tender within WALGA.

## Staff/Personnel Items

• Northampton – Labourer/Plant Operator – Permanent position advertised.

# **OFFICER RECOMMENDATION – ITEM 6.1.1**

For Council information.

# 6.1.2 KALBARRI SUPERMARKET/GILGAI TAVERN CAR PARK AREA CONCEPT PLANS FILE REFERENCE: 12.1.1 DATE OF REPORT: 9th March 2015

DATE OF REPORT: REPORTING OFFICER: APPENDICES: 12.1.1 9th March 2015 Neil Broadhurst 1. Concept Plans attached

# BACKGROUND:

Council within the approved 2015/2016 budget made provision for the drafting of concept plans for layout of plans for the car park area for the Kalbarri Supermarket/Gilgai Tavern area.

Progress to date;

Staff presented council with the drafted concept plans at their October 2015 general meeting, upon which the following recommendation was made by Council;

10.6.4	KALBARRI SUPERMARKET/GILGAI TAVERN CAR PARK AREA
	CONCEPT PLANS AND ADVERTISING (ITEM 6.1.4)

Moved Cr SCOTT, seconded Cr PIKE

Council undertake advertising of the concept plans for car parking arrangements within the Kalbarri Supermarket / Gilgai Tavern area for public comment.

#### CARRIED 8/0

During public advertising public comment was requested with a closure for comments by 27<sup>th</sup> November 2015. A summary of the public comments received was as per follows from a total of 36 responses.

	Option 1	Option 2	Option 3	Option 4	Option 5	Option 6	Option 7	Reseal/ Leave as is	Total
Members of Public	2	2	7	5	2	1	2	7	28
Business Owner		1	3	2	1	1			8
Total	2	3	10	7	3	2	2	7	36

Staff presented council with the survey results at their December 2015 general meeting, upon which the following recommendation was made by Council;

12.6.2 KALBARRI SUPERMARKET/GILGAI TAVERN CAR PARK AREA CONCEPT PLANS (ITEM 6.1.2)

Moved Cr STOCK-STANDEN, seconded Cr HOLT

That the Manager of Works and Technical Services prepare a preferred plan to include a combination of options preferred by the submissions received for and present that revised plan to Council for further consideration.

CARRIED 8/0

### FINANCIAL & BUDGET IMPLICATIONS:

The 2015/2016 budget made provision for concept plans only. There is no provision made for actual construction works within the 2015/2016 budget.

#### STATUTORY IMPLICATIONS:

Nil.

#### COMMENT:

Given the wide range of results received from the public consultation exercise and varying comments for each design. The Manager of Works and Technical services has refined the following four options for Council to consider with Officer comments for each concept;

#### Option 1

'Reseal/Leave as is - Public comments' - Plus the construction of pedestrian facilities to the west side of the tavern. Additional line marking for the central parking area with access in/out at either end of the central parking bays. Retains parking under the large trees to north. Could include additional 5 bays into grass area.

Officer comment – Offers the simplest and arguably cheapest correction for the pedestrian issues when passing along the west side of the tavern. The Manager of Works and Technical Services has added the construction of the pedestrian facilities to the west of the tavern. Access from Porter Street would involve some negotiation particularly at busy periods due to offset entry/exit. Retains access to larger campervan type vehicles. (27/1. - 27 bays and 1 disabled if no additional area included, or 32/1. - 32 bays and 1 disabled if minimal grass area removed.

# Option 2

'Option 2 public comments' - Construction of pedestrian facilities to the west side of the tavern parking perpendicular to the tavern. Central parking area kerbed with access one way only around central parking bays. Retains parking under the large trees to north. Could include additional 5 bays into grass area.

Officer comment – Offers the most complete and safest solution for the pedestrian issues when passing through the car park area in general and along the west side of the tavern. The access from Porter Street with this option would be solved as it directs traffic straight into this area. Larger vehicles would be directed to the area north of the tavern. This option is the Manager of Works and Technical Services preferred option as it offers the simplest traffic management concept. (25/1 or 30/1)

# Option 3

'Option 3 public comments' - Construction of pedestrian facilities to the west side of the tavern. Central parking area could all be kerbed with one way traffic only, or painted parking bay area's only retaining the kerbed end islands, two way traffic around the central parking bays, the kerbing of the island would clearly establish a entry/exit and parking area. Retains parking under the large trees to north. Could include additional 5 bays into grass area. (25/1 or 30/1)

Officer comment – Option 1 very similar if painted only and would suggest if to be kerbed then traffic control needs to be one way only. Access from Porter Street would involve some negotiation at busy periods due to offset entry/exit.

#### Option 4

'Option 4 public comments' - Construction of pedestrian facilities to the west side of the tavern. Central parking area kerbed with access one way only around the central parking bays. Retains parking under the large trees to north. Could include additional 5 bays into grass area.

Officer comment – Option 4 similar in nature to option 2 without the perpendicular parking option in front of the tavern. Access from Porter Street would involve some negotiation at busy periods due to offset entry/exit. Larger vehicles would be directed to the area north of the tavern. (25/1 or 30/1)

## CONCLUSION:

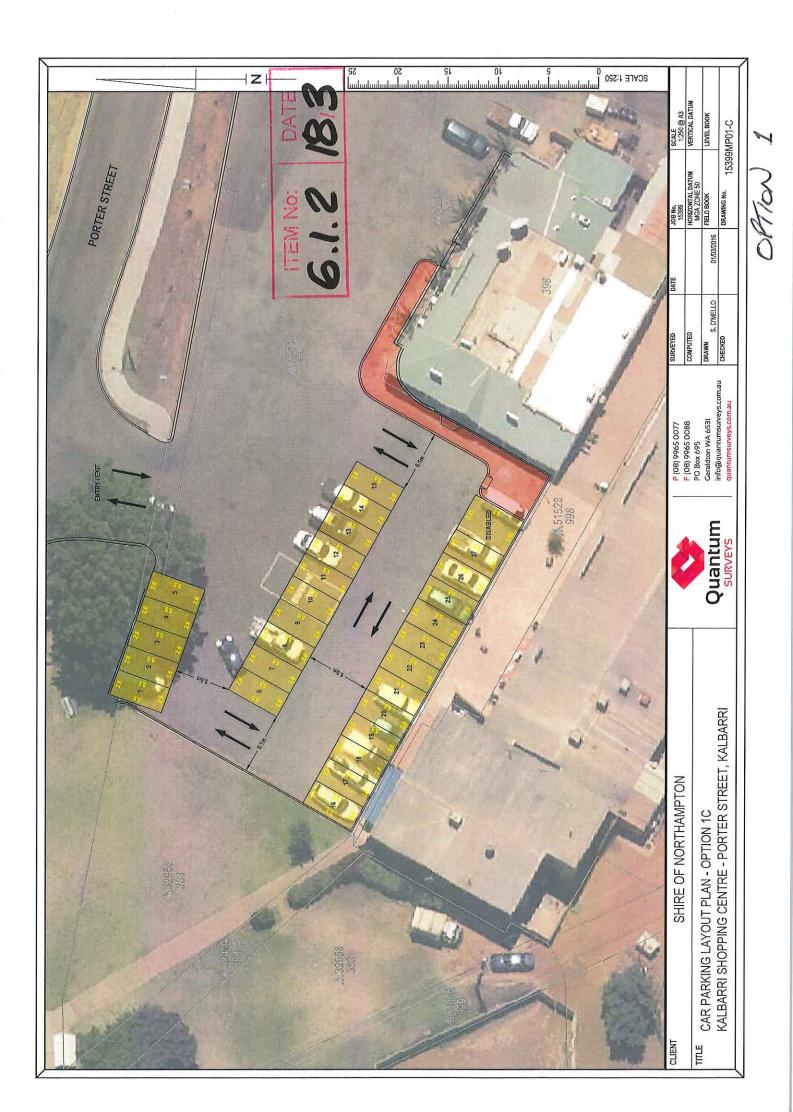

Council to determine the direction now to be taken in regards to the public comment received and evaluation of preferred options with the Shire of Northampton's Manager of Works and Technical Services comments. If Council wish to progress with a particular design then management be instructed to progress with costing of works for future budget consideration. In addition it could also be considered to advertise the selected design as part of the closure for the public consultation process.

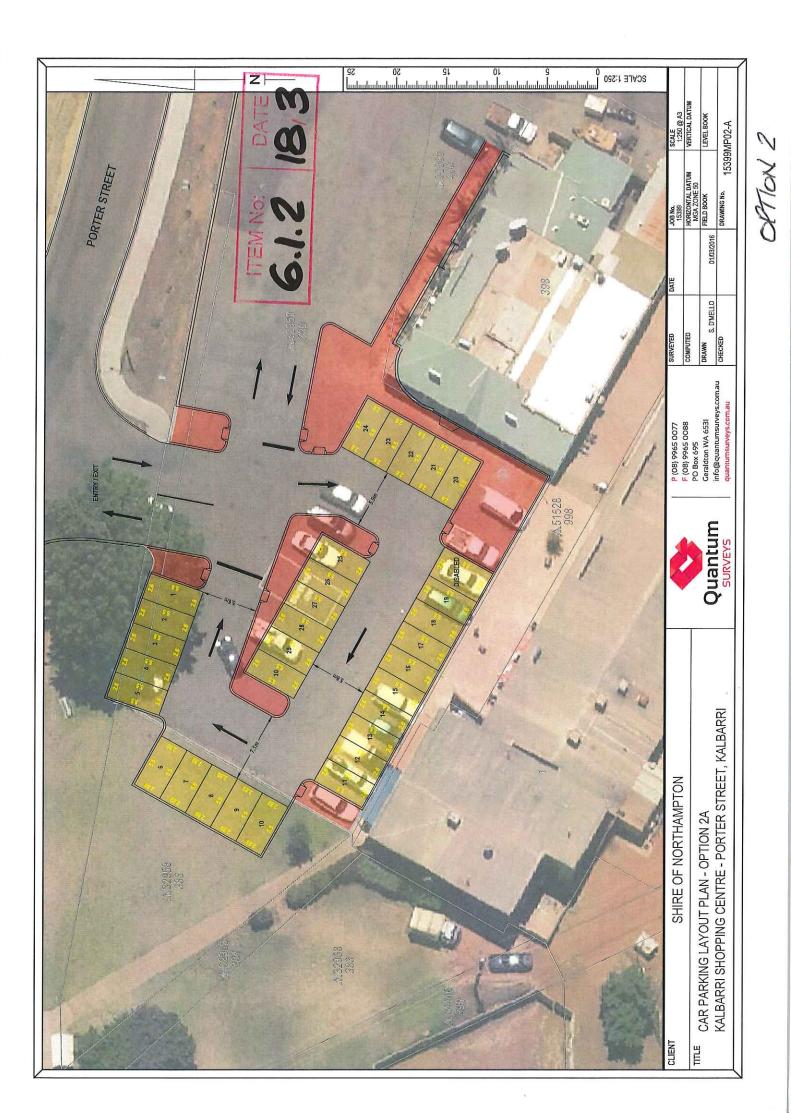

#### VOTING REQUIREMENT:

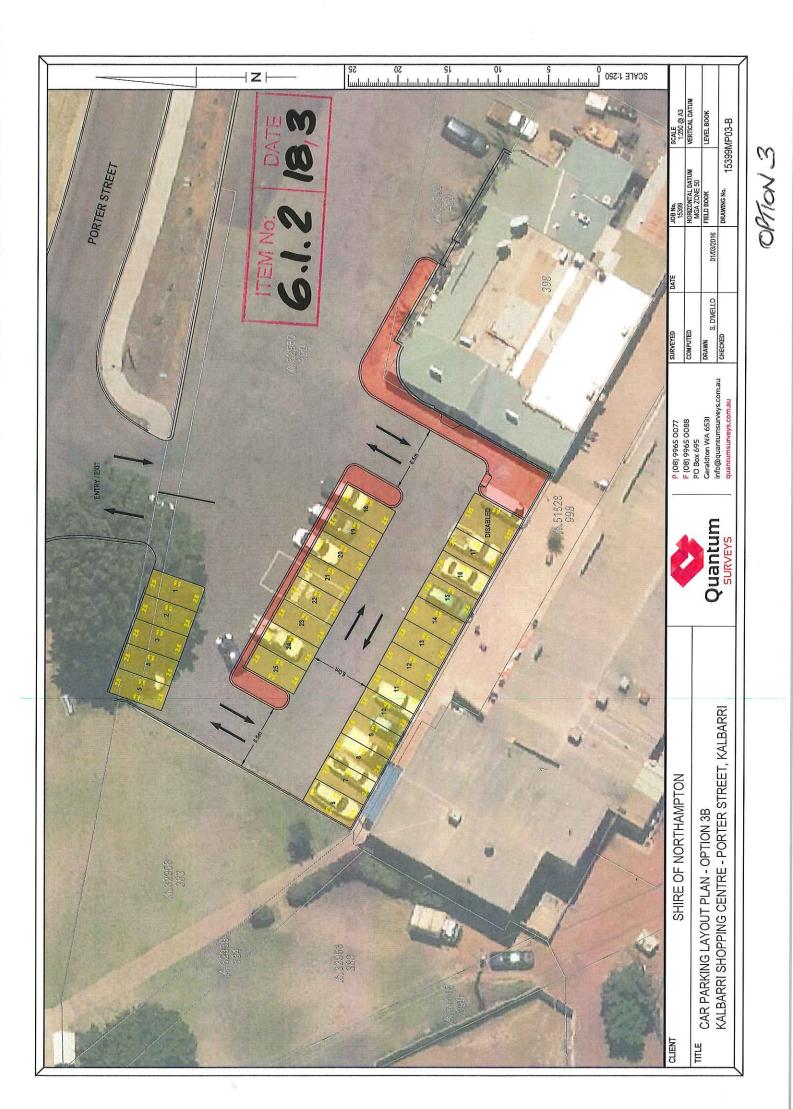

Simple Majority Required:

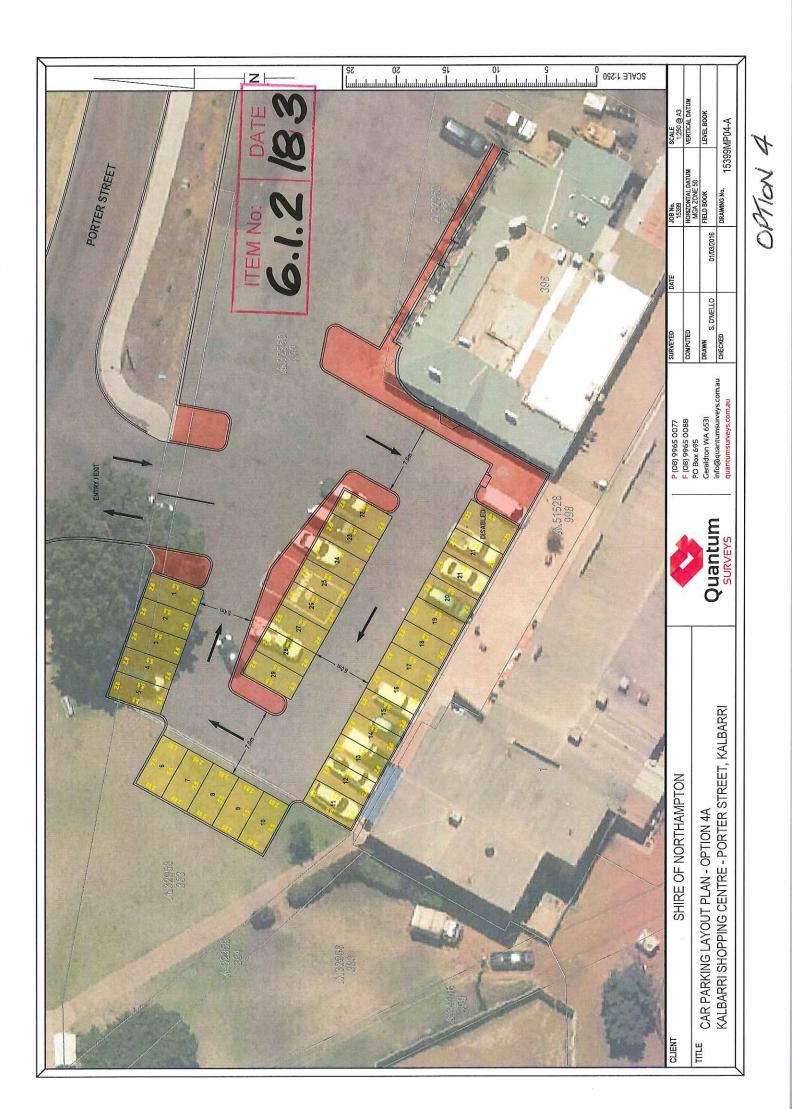

# OFFICER RECOMMENDATION – ITEM 6.1.4

Council is requested to review the modified design/comments received from the Manager of Works and Technical Services and direct Council Management accordingly.

### 6.2.2 WASTE MANAGEMENT REFUSE SITES – 2015/2016 REVIEW

DATE OF REPORT: RESPONSIBLE OFFICER: 9<sup>th</sup>March 2016 Glenn Bangay – Principal EHO/Building Surveyor

### BACKGROUND:

Following a review of all the fees and charges for Councils two manned refuse sites, Northampton and Kalbarri, a new set of fees and charges has been implemented.

#### SUMMARY:

The cost of running the four refuse sites and transfer stations in 2014/2015 was approximately \$400,000 per annum (including weighbridge fees):

•	Northampton Refuse Site	\$ 135,117
•	Kalbarri Refuse Site	\$ 137,414
٠	Binnu Refuse Site	\$ 8,947
•	Port Gregory Refuse Site	\$ 11,838
•	Weighbridge fees	\$ 105,000

The only return on these costs, other than a portion of the refuse collection charges included in annual rates, is tip fees that are paid on entry to the two refuse sites to use the inert site, green waste dumping sites, metals dump area, tyre recycling dump area, or the transfer bins for household putrescible waste to be transferred to the Meru Refuse site in Geraldton. Currently all ratepayers cover the costs of running the refuse sites, including the cost of transporting putrescible waste to the Meru facility, including those that do not use the refuse site facilities. Handling, treating, recycling and disposal of any waste products come at a cost.

Tip site fee revenue in 2013/2014 was \$36,729, 2014/2015 was \$22,798 and the anticipated revenue for 2015/2016 is \$25,000

A minimum fee of \$5.00 for refuse (putrescible) that is placed in the transfer bulk bins has been implemented.

Many other Local Governments provide the ratepayers, who pay a residential refuse charge with their rate notice, with a number of "Tip Passes".

Shire of Dandaragan	4 tip passes/ratepayer - min fee \$26/m3
Shire of Moora	4 tip passes/ratepayer - min fee \$22.20/m3
Shire of Gingin	Tip pass for free entry/ratepayer –
	min fee\$35

Shire of Chittering Shire of Northam	6 tip passes/ratepayer - min fee \$25/trailer 10 tip passes/ratepayer - min fee \$55/m3
City of Mandurah	2 green waste & 2 general waste tip passes/ratepayer - min fee \$44/m3
Shire of Murray	6 tip passes/ratepayer - min fee \$31/trailer
Shire of Waroona	Tip pass for free entry/ratepayer - min fee \$16/trailer
Shire of Harvey	4 tip passes/ratepayer - min fee \$15/utility
Shire of Augusta-	
Margaret River	13 tip passes/ratepayer - min fee \$27/m3
Shire of Busselton	4 tip passes/ratepayer - min fee \$20/trailer
Shire of Capel	6 tip passes/ratepayer - min fee \$33/m3
Shire of Shark Bay	No tip passes provided - min fee \$5/m3
Shire of Exmouth	Tip pass for free entry/ratepayer - min fee \$11.50/m3

The Shire of Northampton currently provides one verge side bulk refuse collection per year, this service cost approximately \$30,000 to \$40,000 per year, and for several weeks prior to the collection of the verge side refuse the street scapes of the towns looks like a "war zone", other Local Governments provide a number of free weekend entries to refuse sites in lieu of the verge side collections.

### **CURRENT OPERATIONS**

Following are details and specifics on how certain waste products are handled and dealt with at the Northampton and Kalbarri refuse sites:

### <u>Tyres</u>

The cost of storage, collection and disposal to a recycling point in Geraldton, by Councils contractor Toxfree, is \$500/tonne:

• Motor vehicle tyres: average weight 10kg

Collection and processing by Toxfree \$500/tonne equates to \$5/tyre

The Shire of Shark Bay charge 7/tyre (not recycled, buried on site), the City of Greater Geraldton charge 3.60/tyre without rim and 7/tyre with rim and the Shire of Irwin charges 5.50/tyre.

• Truck tyres: average weight: 50kg up to 85kg

Collection and processing by Toxfree 500/tonne equates to 25/truck tyre (@ 50kg)

```
President.....
```

The Shire of Shark Bay charge \$15/truck tyre (not recycled, buried on site), the City of Greater Geraldton charge \$17/truck tyre without rim and charge \$29.10/truck tyre with rim and the Shire of Irwin charges \$15/truck tyre and up to \$37/tractor tyre.

Additional to the above costs are the labour costs to pack the bulk bins with the tyres before collection. The provision and rental of the bulk bins is included in the \$500/tonne cost.

The alternative treatment of tyres is as per the DER licence requirements:

"To be stored in piles of up to 100 units with a 6*m* separation distance between piles.

Tyres shall only be land filled:

- In batches separated from each other by at least 300mm of soil and each consisting of not more than 40 cubic metres of tyres reduced to pieces; or
- In batches separated from each other by at least 300mm of soil and each consisting of not more than 1000 whole tyres.

Recently approximately 6.46 tonne of tyres were collected from the Kalbarri Waste Transfer Site and transported to the tyre recycling depot in Geraldton, the cost of this removal was:

Transport costs to deliver 3 x 15m3 and 1 x 10m3 skip bins \$ 800.00

Contract cost of removal and recycle tyres 6.46 tonne

@ \$500/tonne	\$3,230.00
Total cost (not incl GST)	\$4,030.00

At an average of 10kg per car tyre (industry figures) that provides an actual cost of collection and recycling cost to the Shire of Northampton of 6.24/tyre (in this instance).

#### <u>Greenwaste</u>

Green waste must be treated as per the Department of Environment and Regulation Licence requirements for both refuse sites:

"Burning of green waste only;

• To be dried and seasoned for at least 2 months before burning; (this requires a minimum of two green waste lay down areas)

- To take place in a designated burning area at least 25m from the boundary of any active disposal areas;
- To take place in trenches or windrows; and
- To take place only when an adequate supply of water is available to effectively manage the burning process; (The local volunteer fire brigade captains advise the Shire when the most opportune times are for the burning of the green waste)
- Ensure burning does not commence before 8am and the Fire Control Officer for the landfill site declares the area safe by 12 noon on the same day;
- ensure that, from the time burning commences until the Fire Control Officer for the Premises declares the area safe, that;
  - a fire vehicle is present carrying at least 500 litres of water, fitted with at least 30 metres of 19mm diameter rubber hose and with a pump capacity capable of delivering a minimum of 250 litres of water per minute at a minimum of 700kPA through a nozzle capable of projecting water by spray or jet; and
  - persons are present, who have such qualifications in fire fighting as are approved."

The local volunteer fire brigades at both Kalbarri and Northampton carry out the burning of the green waste piles as and when they deem the climatic conditions appropriate for the burn, this is done with the assistance and cooperation of Council staff.

The green waste pile requires pushing up and consolidating on a regular basis to comply with the DER licence conditions.

Not all rural refuse sites in WA are given permission by DER to burn green waste.

The Shire of Shark Bay charges  $7.50/m^3$  for contaminated green waste, the City of Greater Geraldton charges 80/ton (non mulch able/non-recyclable)and the Shire of Irwin charges  $57.00/m^3$  for non-recyclable green waste.

### LPG Cylinders

LPG cylinders are classified as dangerous goods and should not be buried or placed in the metals recycling stockpile as they present a problem with a potential explosion and fire.

They are required to have all the gasses removed and left empty for a minimum of 24 hours, the valves are then to be removed and the cylinder cut in half.

The cylinder parts can then be placed in the metals stockpile.

### <u>Mattresses</u>

Mattresses are sorted, after they have been dumped at the refuse sites, into two piles, foam mattresses and metal spring and/or timber framed mattresses.

The metal and/or timber framed mattresses are dismantled and the metal springs etc. are placed in the metals stockpile, the timber (in most cases is furniture grade timber) is removed and on sold in the Reuse and Recycle Sheds (for making amateur craypots, etc.), the remaining cloth is either placed in the inert refuse site or burnt with the green waste.

Mattresses present a number of problems in a refuse site; they take up valuable landfill space and make achieving adequate compaction very difficult due to their specific soft flexible structure.

Some of the foam type mattresses are used by commercial fisherman on the decks of boats, other uses are being investigated, they cannot be burnt due to the toxic fumes they emit when burnt.

Shire of Shark Bay and City of Greater Geraldton do not have a separate charge for mattresses; Shire of Irwin charges \$18.00 per double and \$9.00 per single mattress

### Putrescible Waste

It has become common practice for residents to bring excess kitchen or household waste to the refuse sites to be disposed of into the bulk bins that are then transported to the Meru facility, by Councils contractor, some residents do this to avoid paying an extra refuse collection fee on their rates (an extra \$330/annum per bin),this refuse transfer service is carried out at the following costs:

- 1. Rental of 10 x 6m³ front lift bins (5 at each refuse site) \$19.33 (ExcGST) on each bin\$193.30/week
- Servicing the front lift bins weekly \$56.25 (Exc GST) per bin per week, averaging 8 services per week (4 bins per refuse site per week) \$450.00/week

President.....

8

 Weighbridge fees at the Meru Waste facility, currently \$72/ton Average weight per service of both refuse sites is approximately 4.5 ton @ \$72/ton \$324.00/week

The cost of servicing the bulk bins, including weighbridge fees is \$967.30/week

The waste in an average 240litre bin when collected at the roadside weighs approximately 20+kg, for a resident to take a 240litre bin to the refuse site it would be assumed that it would be full, therefore assuming it would contain approximately 40kg the weighbridge fees alone would be \$2.88/240litre bin.

Council staff service all public bins in parks, foreshores, public ablutions, etc. and this refuse is also placed in the bulk bins.

Shire of Shark Bay and the City of Greater Geraldton charge a minimum of \$5.00 for domestic waste and the Shire of Irwin charges a fee of \$8.00 per 240 litre bin with a minimum charge of \$18.00 for unsorted general household waste.

### Asbestos Containing Material

It is proposed to set up an area in the Northampton and the Kalbarri refuse sites to receive asbestos containing material (ACM) that has been presented to the refuse site in a manner compliant to the Code of Practice for the Handling of ACM. Forty eight hours' notice would be required before disposal can take place. ACM must be double wrapped and sealed in black plastic, large quantities must be presented on pallets, to allow Council staff to remove the ACM, with Councils machinery, in a safe manner and place in the refuse site to be buried.

Providing this service and removing the need to transport the ACM to the Meru refuse site, will provide incentive for the locals to use the refuse sites rather than dumping the ACM in other areas illegally.

The receival of ACM is within the current DER licence restrictions and requirements for both manned refuse sites, and will require the setting up and implementation of an Asbestos Handling and Management Plan for both the refuse sites.

The Shire of Shark Bay charges  $77.00/m^3$  (or 2.00 per sheet) for ACM, the City of Greater Geraldton charges 132.00/ton (or 11.00 per sheet) and Shire of Irwin charges  $40.00/m^3$  (or 8.00 per sheet).

### <u>Car Bodies</u>

Advice has been received from Sims Metal and other scrap metal collection agencies that no longer will Local Governments be paid for removal of scrap metal but a fee per ton will now apply. This fee may be as high as \$60.00 to \$65.00 per ton, depending on the world trade price for recyclable steel.

City of Greater Geraldton does not have a fee for car bodies, Shire of Shark Bay charges \$36.00 per car body and \$52.00 per truck body, Shire of Irwin charges \$35.00 per car body.

### Animal Carcasses

Currently Council receives animal carcasses at the Northampton refuse site for no charge; the DER licence conditions require that:

"All carcasses should be buried as soon as practicable after deposit and prior to compaction, with a minimum cover of 150mm."

Shire of Shark Bay charges  $10/m^3$  for offal and animal carcasses, City of Greater Geraldton charges 129/ton for offal, 6/carcass for a small animal and up to 12/carcass for a large animal, the Shire of Irwin charges  $50/m^3$  for offal, 7.00 per small carcass and 9.50 per large carcass.

### STAFF COMMENT:

Following the review of refuse site fees and services provided to the ratepayers of the Shire of Northampton it is recommended that Council consider the following options:

 Council implement a "Tip Pass" system in 2016/2017, each residential ratepayer that is paying a refuse collection service shall be provided with a "Tip Pass" that will entitle the holder of the pass to enter Council's two refuse sites on four occasions with refuse to approx 1m3, (Commercial operators and business premises will pay commercial tip fees on account).

The passes are provided by Council in lieu of a bulk verge collection. Extra "Tip Passes" can be purchased at the Shire offices for \$20.00 per card; the cards will be available out of normal office hours from the BP Garage in Northampton and the BP Garage in Kalbarri. Printing cost to supply 4000 tip passes is approx \$1,200.00;

- 2. Council cease annual residential verge side pick-ups in 2016/2017, and offer two free refuse disposal weekends at the refuse sites during the year, these weekends to be the weekends preceding the Easter and or the April school holidays, whichever comes first; and the weekends preceding the September school holidays; these free disposal weekends would be provided by Council in lieu of the bulk verge side collection;
- 3. The Kalbarri and Northampton Refuse Sites be opened up, with DER approval, to receive ACM, with fees of \$75/m3 or \$2/sheet with minimum charge of \$150.00; the reason for this change in refuse site management is to encourage local residents to dispose of ACM responsibly at the refuse sites by removing the costly exercise of transporting the ACM to the Meru Refuse Site.;
- 4. On weekends the Kalbarri refuse site closes at 2pm, it is proposed that this site be closed for two days during the week and open on weekends from 10am to 5pm, if people are cleaning up yards etc. on weekends they generally would not have their clean up completed by 2pm, and the extra three hours would provide a better more user friendly service to the ratepayers.

The Kalbarri Refuse Site opening hours be changed to the following:

- Monday 10am 2pm
- Tuesday
   Closed
- Wednesday 10am 2pm
- Thursday Closed (Currently open)
- Friday 10am 2pm
- Saturday 10am 5pm (Currently close 2pm)
- Sunday 10am 5pm (Currently close 2pm)

The Northampton Refuse Site opening hours be changed to the following:

•	Monday	Closed	
•	Tuesday	Closed	
•	Wednesday	1pm - 5pm	(currently close 6pm)
•	Thursday	Closed	
•	Friday	Closed	
•	Saturday	8am - 5pm	(Currently close 4pm)
•	Sunday	8am - 5pm	(Currently close 4pm)

- 5. Implement a "Rural Disposal Charge" for ratepayers that are not serviced by town rubbish collection and do not pay a reuse charge with their annual rate notice, the fee could be \$260.00 (52 x \$5.00), the fee will provide:
  - Entry to the facilities once per week to dispose of DOMESTIC refuse equivalent to one wheelie bin and
  - Four (4) tip passes.

## **OFFICER RECOMMENDATION – ITEM 6.2.2**

For Council consideration

6.2.3		ITEMS FOR CONSIDERATION IN THE 2016/2017 DRAFT BUDGET - SALLY'S TREE ABLUTIONS UPGRADE		
	DATE OF REPORT:	9 <sup>th</sup> March 2016		
	<b>RESPONSIBLE OFFICER:</b>	Glenn Bangay – Principal EHO/Building Surveyor		
	ATTACHMENTS:	<ol> <li>Plan for proposed extension Sally's Tree</li> </ol>		
		2. Plan of Modus Style ablutions		

### BACKGROUND:

With the expected increased in the number of tourists using the foreshore facilities and events being held at the Sally's Tree area of the Kalbarri Foreshore it was proposed to demolish the existing ablution block and rebuild a larger facility, but with a 20m2 addition to the existing building the number of pans can be increased from 4 existing to 10 and the number of hand basins from 3 to 5.

### SUMMARY:

Quotations have been received for the proposed extensions to the Sally's Tree Ablutions, to provide an extra 6 water closets (3 female and 3 male) and two extra hand basins (1 female and 1 male), bringing the total fixtures to 10 water closets and 5 hand basins.

#### OPTION 1

Initial quotation with general specifications to match existing fixtures and fittings (see attachment 1):

Simple Life Projects (Phil Crogan)	\$ 43,500.00 (incl GST)
with a PC item of \$9k for plumbing and electrical	

L Nairn Pty Ltd \$45,5 with a PC item of \$12k for plumbing and electrical

\$ 45,500.00 (incl GST)

#### OPTION 2

On Councils' direction quotations were also requested to include hard wall render to the internal and external walls, supply and lay non-slip mosaic tiles to the internal floor areas and to supply and install motion sensor taps to all hand basins, the revised quotations are:

Simple Life Projects (Phil Crogan) revised tender \$89,385.00 (incl GST) L Nairn Pty Ltd (no revised quotation received to date)

### OPTION 3

A quotation was also obtained from Modus, by the CEO, for the "supply only" to Northampton, of a 5 pan, 5 hand basin and a 2m urinal steel framed, metal clad ablution block (see attachment 2), price \$102,608.00 (incl GST).

This figure does not include the following:

- Earthworks to demolish and remove the existing brick structure (\$7,500);
- Earthworks to prepare and compact the sand pad (\$1,500);
- Supply and lay concrete to form new floor (\$5,500);
- Plumbing costs to install a prelay, fit all plumbing fixtures, fittings, drainage and connect to the existing sewerage pump station (\$4,000);
- Tradesman cost to erect the structure (\$5,500).
- Price does not include delivery to Kalbarri (extra \$500) (\$24,500)
- No allowance has been made for any electrical or solar powered lighting.

This would bring the cost of a steel framed colorbond clad structure to an approximate cost of \$ 127,108.00 (incl GST)

#### OPTION 4

The existing "macerator pump" and pump pit that services the Sally's Tree ablution block is old and requires continual maintenance, which includes pumping out the holding tank by a contractor from Geraldton. To remove this tank and replace the system with a new current technology "grinder pump" system, including a new pump pit, as recommended by Montgomery Engineering, the following cost estimates have been received:

- Direct purchase of the "Package Sewage Pump Station from Allied Pumps \$25,140.00 (incl GST)
- Installation of unit by plumbing contractor \$ 3,850.00 (incl GST)
- Commissioning (including electrical connection)\$ 2,270.00 (Incl GST) Total Cost of Supply and Install <u>\$ 31,260.00 (incl GST)</u>

#### COMMENT:

The existing Sally's Tree building is structurally very sound, in a well maintained condition and with the proposed addition, would provide facilities that are double what is currently available in the existing building, these extra fixtures and with the addition of the new pumping station, should provide a more reliable effluent disposal service and go a significant way to being able to accommodate the proposed extra tourist bus services that may use this area in the near future.

If Council is of the opinion that extra ablution facilities are needed, a new ablution block could be constructed at one of the following car park options (See attachment 3):

### OPTION 1

Adjoining the proposed new car park on the Kalbarri foreshore to the south of the Auger Street and Grey Street intersection. This could then also provide an alternative site for market stalls and other such events that are held or carried out on the Kalbarri foreshore; or

### OPTION 2

Increase the size of the car park above the Kalbarri boat hire, to accommodate the perceived influx of tourist busses that will be coming from the new Skywalk in the National Park, and erect a new ablution block in this location. The new car park and ablution facility will provide easier access to the tourist bureau, the pelican feeding area, several restaurants and give Council another alternative to Sally's Tree for market days, etc.

#### <u>NOTE</u>

It is recommended that as the Chainman's and Sally's Tree Ablution blocks are constructed out cream brick with a colorbond roof that any new ablution blocks constructed on the Kalbarri Foreshore be constructed in a similar manner to provide a uniform visual amenity, as we now provide all seating, tables and picnic shelters of a similar construction and manufacture.

### OPTION 3

It is suggested that an extra parking area be provided to the East of the Sally's Tree area, adjoining George Grey Drive, with the entry and exit points off George Grey Drive. This will provide access to both the ablution block and to the shops, cafes and other facilities across the road and alleviate the congestion created at the boat ramp parking area and the boat lay-down/derigging area.

### FINANCIAL & BUDGET IMPLICATIONS:

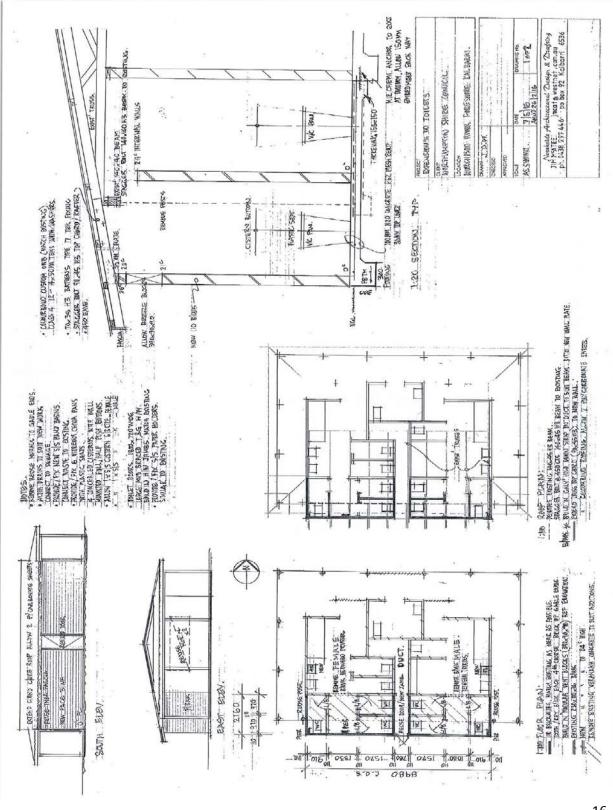

Directly affects the 2016/2017 Budget.

## **OFFICER RECOMMENDATION – ITEM 6.2.3**

For Council consideration.

## SHIRE OF NORTHAMPTON HEALTH AND BUILDING REPORT – 18 MARCH 2016

### ATTACHMENT 1 - Plan of Sally's Tree Extensions

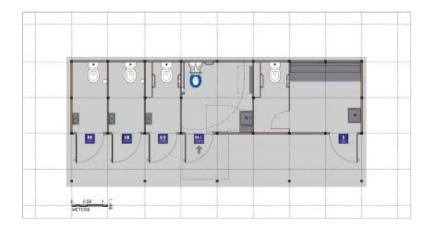

## **ATTACHMENT 2 – PLAN OF MODUS STYLE ABLUTIONS**

Solutions | Service | Quality

## **Building Configuration**

### Internal Fixtures Include:

- 5 x Porcelain Toilet Pans & Cisterns
- 1 x Stainless Steel Trough Urinal
- 5 x Stainless Steel Wash Hand Basins with Time Flow Taps (2 Large, 3 Small)
- 3 x Sets of Stainless Steel Grab Rails
- 5 x Single Toilet Roll Dispensers
- 1 x Baby Change Station

#### Additional Fixtures Include:

- 1 x Distribution Enclosure with Main Switch and MCB/RCD
- 10x 600mm Batten Lights

(Please Note: Only items in the above list are included in the building price. Pipes, conduits, cables, etc. are not included.)

#### COST EFFECTIVE RESTROOM SOLUTIONS

1300 945 930 modusaustralia.com.au

Solutions | Service | Quality

## Investment Value

### Technical Information supplied with building:

- ✓ Plumbing pre-lay plan
- Concrete Pad Specifications
- Building Assembly Instructions
- Engineering Drawings

Building Supplied in Kit Form (with Coastal Spec.)	\$77, 250.00 + GST
Additional for Stainless Steel Pans & Cisterns	\$12, 285.00 + GST
Delivery to Northampton	\$ 3, 745.00 + GST
Total Sum of Building Supply	\$ 93, 280.00 + GST

Please note, the above price is for supply only & does not include a building application submission and signing off by a licensed building contractor.

If you have any queries regarding this proposal, please do not hesitate to contact me to discuss.

We look forward to assisting you with your requirements in the near future.

Best Regards,

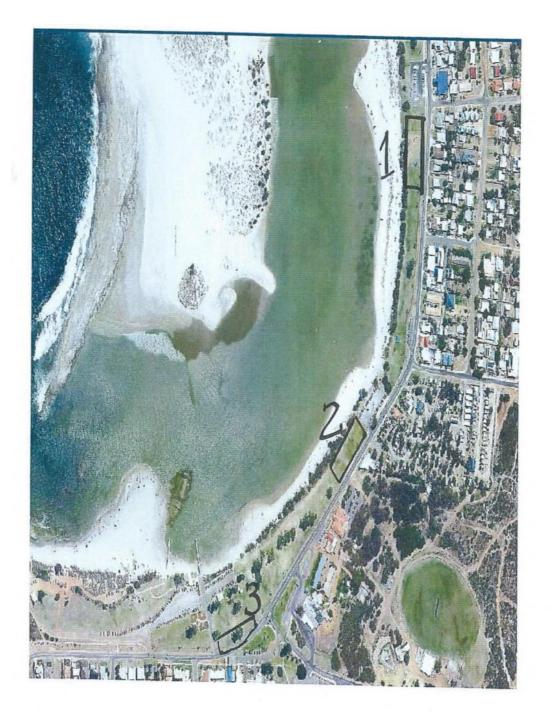

Tom Cook Sales Consultant

## **ATTACHMENT 3 – LOCATIONS FOR FUTURE TOILETS**

6.2.4		TION IN THE 2016/2017 DRAFT BUDGET NANCE - KALBARRI FLOATING JETTY
	DATE OF REPORT:	9 <sup>th</sup> March 2016
	RESPONSIBLE OFFICER:	Glenn Bangay – Principal EHO/Building Surveyor
	ATTACHMENTS:	1. Quote for repairs

#### SUMMARY:

On the annual Council infrastructure inspection it was noticed that the steel support piles and steel crosshead support beams to the floating jetty in Kalbarri were significantly corroded, an inspection of the structure and corrosion was carried out by In-situ Construction and Maintenance from Dongara, and a quotation was received to carry out the required maintenance and repairs,

In-situ Construction and Maintenance:

Clean up and repaint crossheads and sleeve and epoxy piles \$36,810.00 (not incl GST)

This maintenance work will require the existing supported platform to be removed by crane while the works are carried out, the crossheads will be cut off, the piles cleaned up, treated and sleeved, the crossheads will be replaced by bolting onto the piles to enable future maintenance to be carried out more cost effectively.

#### COMMENT:

This work will need to be carried out in a period when the floating jetty is least used, possibly July, August, September would be the quietest period of use, but liaison with the Kalbarri VMR and the Kalbarri Angling and Offshore Fishing Club would provide a more accurate time frame if this work is approved for funding in the 2016/2017 Budget

#### FINANCIAL & BUDGET IMPLICATIONS:

Directly affects the 2016/2017 Budget.

### **OFFICER RECOMMENDATION – ITEM 6.2.4**

## 6.2.5 ITEMS FOR CONSIDERATION IN THE 2016/2017 DRAFT BUDGET - BINNU REFUSE SITE

DATE OF REPORT:	9 <sup>th</sup> March 2016
<b>RESPONSIBLE OFFICER:</b>	Glenn Bangay – Principal EHO/Building
	Surveyor

#### BACKGROUND:

At the April 2015 Council meeting it was proposed to purchase land to the North of the existing Binnu Refuse Site to continue to provide a landfill site to the local area.

Moved Cr SCOTT, seconded Cr STANICH

That Council progress with the expansion of the Binnu Refuse site in preference to the construction of a transfer station and that the CEO be authorised to negotiate the purchase of 4 hectares of North location 6603 Binnu from CA & R Simkin for the purpose of extending the Binnu Refuse site.

DER were approached concerning extending the existing registration of the site to cover the proposed purchased area of land, as the site is only covered by a registration not a licence the conditions to extend the registration are minor, just confirmation of land ownership and town planning approval and a copy of the site plan would be required by DER.

Email received 29th April 2015

"Hi Glen

Thank you for that. Once the boundary has been confirmed you will need to amend the registration documentation to reflect the correct boundary of the premises. A P4 form will need to be completed for this with a description of what is being proposed. Confirmation that land ownership and planning approval has been received.

It has been recently suggested, by the CEO, that the site be used to dispose of all of Councils putrescible waste that the contractor, Toxfree, currently transports to the Meru Refuse Site and SON pays a weighbridge fee of \$72/tonne for this refuse, an approximate total of \$105,000.00 for 2014/2015.

DER has advised that to achieve this aim the site will be subject to a change of classification and would require a license not just a registration as the amount of refuse to be disposed of will exceed the limit of a registration, 250 tonnes/annum. The conditions and requirements to obtain a licence for this site will be:

Email received 5th February 2016:

President.....

23

Further to our communication regarding Binnu WMF and without having received any background to the proposed premises construction/ operation, please note the following. An application to convert the current registration to Licence would be required should volumes exceed 20 tonnes per year.

A full risk assessment for the proposed upgrade would be required to confirm what appropriate Licence conditions would be required for the operation of the premises however aspects that would be considered at the outset include:

- The expansion of the facility may require a number of additions to the premises due to the increased operations. Additional construction requirements may be necessary depending on volume and waste types proposed for disposal and their potential impact to surrounding sensitive receptors. This may involve the landfill being lined or the inclusion of leachate collection systems.
- Development of management plans for the operation and acceptance of certain waste types e.g. asbestos.
- Consideration of meteorological aspects i.e. wind-blown waste and the management thereof;
- Consideration of security of the premises (fully fenced, manned etc);
- Management of disposal methods for hazardous wastes i.e. bunded hardstands, enclosed facilities etc.
- Management of contaminated waste and construction of bioremediation facilities;
- New signage;
- Confirmation of availability of cover material for daily/ weekly covering of waste dependent on waste types and volumes;
- Consultation with relevant stakeholders (DoH, DoW etc) and nearest sensitive receptors;
- Consideration of septage ponds and their regular de-sludging (lined with additional drying beds for geobag laydown and leachate capture);
- Accurate recording and reporting of volumes received or rejected from the premises;
- Placement of fire control equipment at the premises;
- Consideration of controlled waste requirements; and
- Development of the post closure management plan.

Depending on what comes out of the premises risk assessment will determine any additional conditions that may be required depending on the potential risks identified.

I would recommend that the DER website be viewed to see examples of other Waste facility licences and the types of expectations that may be applicable. See link:

Councils refuse collection contractor, Toxfree, was also approached regarding the potential of using the Binnu site as the focal point for disposal of the SONs refuse, they also advised that there will be extra costs involved in the change to the original contract, these costs will be in line with items in the following email:

Email received

Further to our discussions on the possibility of elevating the status of the Binnu Landfill to the acceptance of Class 2 waste; i.e.; putrescible and inert, full time.

There are a number of issues that need to be considered:

Full time disposal would mean the delivery of seven (7) compactor loads per week; i.e.; two Front Lift loads of Commercial Waste including Transfer Stations and Bulk Bins; and five Domestic Loads of 240 litre bins.

Volume of Rubbish per week = 140 compacted cubic metres; i.e.; two days @ 40 mtrs, and three days @ 20 mtrs.

Adjustment to increased kilometres per week = 120 klms minimum. (Could vary – subject to volumes in peak periods (extra klms from Horrocks and Northampton) (Kalbarri and Pt Gregory part of circuit).

Landfill issues – Wind blown rubbish (especially critical in Summer months) Extra attention to fencing for litter retainment. Labour required for Litter pick up @ Transfer Station Operations (costs below).

Vermin an issue.

Landfill management ; waste would need to be Land filled daily. Availability of appropriate machinery would necessitate equipment being available. (mobilisation into site daily).

Equipment needed. D6 Dozer daily. Cover and compaction.

Rubber Tyred Loader adhoc weekly. Winning and delivery of cover material. Maintenance of unloading and sealed road area.

Costs : based on above application of Trucks and Equipment : Truck klms per week @140klmns = \$2.00 per klm = \$280.00

Hire of Compactor half day @ \$829.85 (five days per week required) Full day @ \$1383.08 Hire of Front End Loader half day \$501.68 (one day per week required) Full day \$836.14

Litter pick up / Transfer Station Operations utility and man @ \$241.63 weekly minimum (four hours - one hour mobilisation; two hours on job; one hour demobilisation.

Note 1 : It is envisaged that the hire of equipment should be based on "full day "hire. Note 2. We believe it critical to recognise waste would need to be dealt with at Binnu daily.

Above costings are GST exclusive.

Glen; I believe this is very broad costings. This point is made because factors beyond our control will come into play; i.e.; especially weather / wind. Powers to be might try and minimise attention days; but will have a detrimental effect; and cause extra attention long term. There will be something that we will have missed that will need some think tanking on I'm sure. Hope this gives you some valued information.

### SUMMARY:

Currently we are running a trial at the Port Gregory Refuse Site, with four 4.5m3 front lift bins being used as a transfer station, for a period of 6 months. Toxfree carried out all the earthworks, at cost, supplied all the signage at no cost to the SON, the SON supplied 20m3 of gravel.

There are three options available to Council for the future development of the Binnu Refuse Site:

#### OPTION 1

Purchase the required land to the north of the existing site and extend the registration to include the purchased land, and the Binnu Site remain a localised refuse site, with fortnightly servicing by Councils contractor Toxfree. Costings (but not limited to):

Purchase part of Lot 6603 (Purchase price not confirmed) Settlement fees	\$   5,000.00 \$   1,500.00
DER risk assessment & works approval (Tallis - estimation)	\$15,000.00
Subdivision costs - Survey	\$ 5,000.00
- WAPC fee	\$ 3,000.00
Earthworks to set up initial pit	\$10,000.00
Fencing requirements	\$ 3,000.00
Fortnightly push-up service by contractor	
(Kalbarri and Binnu are serviced on the same day,	
half cost allocated to Binnu)	<u>\$18,070.00</u>
Approximate First year	\$45,570.00

Ongoing costs would be fortnightly push-up service by contractor (Toxfree - Kalbarri and Binnu are serviced on the same day, 1/2 cost allocated to Binnu) \$18,070.00 p/a.

## OPTION 2

Purchase the required land to the north of the existing site and change the classification from a registration to a licence and use this facility to dispose of the SON refuse. Costings (but not limited to):

Purchase part of Lot 6603 (Purchase price not confirmed)	\$	5,000.00
Settlement fees	\$	1,500.00
Subdivision costs - Survey	\$	5,000.00
- WAPC fee	\$	3,000.00
DER risk assessment & works approval (Tallis - estimation)	\$	30,000.00
Earthworks to set up disposal area (estimate)	\$	50,000.00
Plastic liner (estimate)	\$	30,000.00
Fencing requirements	\$	3,000.00
Extra travelling by contractors vehicles (extra to contract) \$		14,560.00
Man the refuse site for litter pick up and ensure adequate		
coverage and security of site being maintained (Contractor	·)\$	2,565.00
Compaction and coverage of reuse (Full day hire - \$1,383	.08)	
(Compaction unit - once per week)	\$	71,920.00
Front-end loader hire (Full day hire - \$836.14)( Stock pile soil		
and cover refuse dumped and compacted - once per week	)\$	43,480.00
Form-up and maintain gravel access roads, use loader whe	n	
on site, supply of gravel (estimate)	<u>\$</u>	5,000.00
	\$	275,025.00

Ongoing costs would be:

Extra travelling by contractors vehicles (extra to contract) \$	14,560.00
Man the refuse site for litter pick up and ensure adequate coverage and security of site being maintained (Contractor) \$	12,565.00
Compaction and coverage of reuse (Full day hire - \$1,383.08) (Compaction unit - once per week) \$	71,920.00
Front-end loader hire (Full day hire - \$836.14)( Stock pile soil and cover refuse dumped and compacted - once per week) \$	43,480.00
Form-up and maintain gravel access roads, use loader when	
on site, supply of gravel (estimate) <u>\$</u>	<u>5,000.00</u>
\$	147,525.00

## OPTION 3

No longer progress with the Purchase of the land to the north, level the existing site and carry out the required works to revert to a transfer station similar to the Port Gregory refuse site. Costings (but not limited to):

Initial earthworks by contractor to set up transfer station	
similar to the Port Gregory site	\$ 840.00
Supply of approx 40m3 gravel (estimate)	\$ 4,000.00
Signage provided by contractor at no cost to Shire	\$ 0.00
Delivery of 4 x 4.5m3 front loader bins, as per contract	
4 x \$130/ea (once of fee)	\$ 520.00
Weekly hire fee of front loader bins 4 x \$3/bin/week	\$ 624.00
Service front loader bins weekly, 4 x \$56.25/bin/week	\$ 11,700.00
Weighbridge fees, estimated at 4 tonnes per week $@$ \$72/t	\$ 14,976.00
	\$ 32,660.00
Ongoing costs would be:	

Weekly hire fee of front loader bins 4 x \$3/bin/week	\$	624.00
Service front loader bins weekly, 4 x \$56.25/bin/week	\$	11,700.00
Weighbridge fees, estimated at 2 tonnes per week @ \$72/t	<u>\$</u>	7,488.00
	\$	19,812.00

Currently the ongoing costs of running the Binnu Refuse Site are:

Fortnightly push-up service by contractor (Toxfree - Kalbarri and Binnu are serviced on the same day, 1/2 cost allocated to Binnu)<u>\$ 18,070.00</u>

#### COMMENT:

The type of refuse that is disposed of in the Binnu Refuse Site differs to that disposed of in the Port Gregory Site, the Port Gregory refuse is more general household refuse with some farming refuse.

Whereas the refuse from Binnu is more substantial, including fencing wire, motor vehicle, truck and tractor tyres, old furniture, and larger farm and domestic items. This type of refuse may present a problem with front loader bins, suggestion is to hold a trial period until the end of June, with the site used as a transfer station only, with the four x 4.5m3 front loader bins, similar to the Port Gregory trial, which has been accepted well by the community and is working well. With adequate signage so that the more bulky items can be dumped in segregated areas for collection at a later date, i.e. tyres, metals (including fencing wire), furniture, white goods, etc.

#### FINANCIAL & BUDGET IMPLICATIONS:

Directly affects the 2016/2017 Budget.

### **OFFICER RECOMMENDATION – ITEM 6.2.5**

For Council consideration.

## TOWN PLANNING CONTENTS

6.3.1	ADOPTION OF SCHEME AMENDMENT NO. 11 – TOWN PLANNING SCHEME NO. 9 –		
	KALBARRI TOWNSITE

## SHIRE OF NORTHAMPTON TOWN PLANNING REPORT – 18 MARCH 2016

# 6.3.1 ADOPTION OF SCHEME AMENDMENT NO. 11 – COMPLEX SCHEME AMENDMENT – TOWN PLANNING SCHEME NO. 9 – KALBARRI TOWNSITE

LOCATION:	Lots 9502 & 9505 George Grey Drive, Lot 112,
	116. 117 & 118 Flora Boulevard, Lot 106 Clematis
	Crescent, Kalbarri
FILE REFERENCE:	10.6.15.2 (A4546 & A4553)
APPLICANT:	Whelans Town Planning
OWNER:	Silkcharm Pty Ltd, llam Pty Ltd & VA & REJ Clarke
DATE OF REPORT:	8 March 2016
<b>REPORTING OFFICER:</b>	Hayley Williams – Principal Planner
APPENDICES:	
1. Proposed zoning mo	ıp
2. Schedule of Submiss	ions

### **AUTHORITY / DISCRETION:**

Quasi-Judicial	when Council determines an application within a clearly defined statutory framework, abiding by the principles of natural justice, acting only with discretion afforded it under law, and giving full consideration to Council policies and strategies relevant to the matter at hand. These decisions are reviewable by the State Administrative Tribunal.
Legislative	when Council makes and reviews the legislation it requires performing its function as Local Government. For example, adopting local laws, town planning schemes & policies.

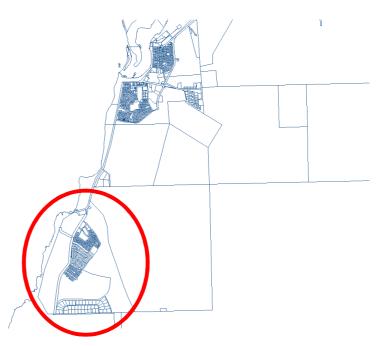

#### SUMMARY:

The advertising period for the Town Planning Scheme Amendment has concluded with a total of eleven (11) submissions being received, 10 submissions being from service authorities/government agencies with 1 submission being received from a community member.

This report recommends that Council adopt the Complex Scheme Amendment and that it be forwarded to the Minister for Planning for final endorsement.

# Figure 1 – Location Plan – Subject Land

## Figure 2 – Aerial Photograph – Subject Land

### **BACKGROUND:**

Council resolved at its 20 February 2015 meeting:

3. Pursuant to Part 5 of the Planning and Development Act 2005 amend Shire of Northampton Town Planning Scheme No.9 - Kalbarri Townsite by including the following textural amendments and changes in zones:

a) Amending the provisions in the table under Appendix 11 – Development Areas, as it relates to Special Control Area 1 (SCA1). The existing provision (1) currently reads:

Area	Provisions
No.	
SCA1	(1) This Development Area is already addressed by the Development Strategy Plan for Port Kalbarri, incorporated in Amendment No 11 to the Shire of Northampton Town Planning Scheme No 4, and a Revised Structure Plan (Superlot 2 Port Kalbarri) dated 10 July 2003, endorsed by the Commission subject to it first being modified in accordance with a Schedule of Modifications, conveyed to Council on 22 January 2004. These have effect unless and until superseded by a new or revised structure plan as set out in Clause 5.28, but do not confer development or subdivisional rights contrary to the zoning of any of the land in this Scheme.
Amend	ed to read:
Area	Provisions
No.	
SCA1	<ol> <li>This Development Area is already addressed by:         <ol> <li>This Development Strategy Plan for Port Kalbarri, incorporated in Amendment No 11 to the Shire of Northampton Town Planning Scheme No 4;</li> <li>a Revised Structure Plan (Superlot 2 Port Kalbarri) dated 10 July 2003, endorsed by the Commission subject to it first being modified in accordance with a Schedule of Modifications, conveyed to Council on 22 January 2004; and</li> <li>a Revised Local Structure Plan dated XX XXX 20XX endorsed by the Commission subject to it first being modified in accordance with a Schedule of Modifications, conveyed to Council on XXXXX.</li> </ol> </li> </ol>
	These have effect unless and until superseded by a new or revised structure plan as set out in Clause 5.28, but do not confer development or subdivisional rights contrary to the zoning of any of the land in this Scheme.

- Amending the provisions in Appendix 7 Special Use Zones as it relates to No.5 (SU5) to include the use 'Aged or Dependent Persons' Dwelling' within the Special Use Zone;
- c) Rezoning of Lot 112 Flora Boulevard from 'Special Use' (SU5) to 'Commercial'
- d) Rezoning of Lot 118 Flora Boulevard from 'Commercial' to 'Residential R40'
- e) Rezoning Lot 106 Clematis Crescent, Kalbarri from 'Residential R20' to 'Residential R40'; and
- f) Amending the Scheme Maps accordingly

Further to the above resolution of Council and upon advice of the Department of Planning, amendments to the way in which the zoning of Lots 9502 and 9505 would be facilitated were addressed with the Scheme Amendment including the following:

- 1. Including the provision for 'Urban Development Zone' in the Scheme and amending the relevant sections of the Scheme to accommodate this new provision. These amendments include:
  - 1.1. Inclusion of the following text at 3.1.2.10 3.1.2.10 <u>Urban Development Zone</u>

"To provide for comprehensive planning of development through a structure plan to facilitate subdivision and development."

- 1.2. Replace '5.27 OPERATION OF SPECIAL CONTROL AREAS' with the following: "5.27 URBAN DEVELOPMENT ZONE"
  - 5.27.1 The local government is not to:
  - (a) consider recommending subdivision; or
  - (b) approve development of land;

unless a structure plan in respect of the area the subject to the application, has been prepared and approved pursuant to Clause 5.28 Structure Planning Areas, and the subdivision and development of land shall be generally in accordance with the structure plan.

5.27.2 Notwithstanding clause 5.27.1 the local government may recommend subdivision or approved development without a structure plan, if in the opinion of the local government, such development is of a minor nature and will not prejudice the future structure planning of the site or zone.

- 1.3. Rename '5.28 Development Areas' to '5.28 Structure Planning Areas'
- 1.4. At Clause '5.28.1 Interpretations' include the following text: "structure planning area" is an area that requires structure planning and may be required in any zone.
- 1.5. Rename Clause 5.28.2 from 'Purpose of Development Areas' to 'Purpose of Structure Planning Area.'
- 1.6. Delete Clause 5.28.2.2 and 'Appendix 11 'Development Area' from the Scheme text.
- 1.7. Rename Clause 5.28.3 from 'Subdivision and Development in Development Areas' to 'Subdivision and Development in Structure Plan Areas'
- 1.8. Delete Clause 5.28.3.1 and renumber the following clause accordingly.
- 1.9. From Clause 5.28.3 to 5.28.6 (inclusive), change all references to 'Development Areas' to 'Structure Planning Areas.'
- 2. Deletion of 'Special Control Areas' (SCA1) and (SCA2) from the Scheme.
- 3. Rezoning Lots 9502 and 9505 George Grey Drive from 'Rural' to 'Urban Development' zone.
- Amending the provisions in Appendix 7 Special Use Zones as it relates to No.5 (SU5) to include the use 'Aged or Dependent Persons' Dwelling' within the Special Use Zone.
- 5. Rezoning of Lot 112 Flora Boulevard from 'Special Use' (SU5) to 'Commercial'.
- 6. Rezoning of Lot 118 Flora Boulevard from 'Commercial' to 'Residential R40'.
- 7. Rezoning Lot 106 Clematis Crescent, Kalbarri from 'Residential R20' to 'Residential R40'.
- 8. Amending the Scheme Maps accordingly.

This scheme amendment to the Shire of Northampton Town Planning Scheme No. 9 (TPS9) will facilitate the local structure plan over Lots 9502 and 9505 George Grey Drive, Kalbarri known locally as Browne Farm as well as allowing land within the former Eco-Flora Estate to become viable options for residential and commercial development given the state of localised demand. In particular the amendment seeks to:

- 1. Remove reference to SCA1 and SCA2 and Appendix 11 Development Areas, and rezoning the effected land 'Urban Development' zone. This will include the creation of the 'Urban Development' zone within TPS9; and
- Amend Appendix 7 Special Use Zones as it relates to SU5 and rezone Lots 106, 112 and 118.

The subject land impacted by the removal of Appendix 11 is comprised of 2 lots 9502 and 9505 being a total area of 257.33ha of land located on the west side of George Grey Drive, approximately 6.5km south of the Kalbarri townsite.

The subject land impacted by the updated text within Appendix 7 is comprised of 2 lots 116 and 117 being a total area of 6.39ha of land located north and south of Flora Boulevard, within the existing Eco Flora Estate.

The landowner is seeking to amend TPS9 to allow for the creation of the Browne Farm Local Structure Plan that allows for a combination of lifestyle and Rural Residential Lots. This new Structure plan will be more sympathetic to the current demand for lots servicing both holiday and 'sea change' demand. The change in zone of the smaller areas within the 'Kalbarri Vision' land and the alteration of the existing SU5 site will facilitate a greater variation in housing options than the surrounding 'Residential R20', as well as a localised retirement village and potential surrounding commercial infrastructure including a service station and medical centre.

For a full understanding of what is proposed it is important that this scheme amendment document is read in conjunction with the Browne Farm Local Structure Plan for the subject land and amendments to the Kalbarri Townsite Local Planning Strategy which has been lodged simultaneously and adopted by Council at their Ordinary Meeting held on Wednesday 17<sup>th</sup> February, 2016.

#### **COMMUNITY & GOVERNMENT CONSULTATION:**

The Scheme Amendment was publicly advertised in accordance with the provisions for a "Complex Amendment" contained within the *Planning and Development (Local Planning Schemes)* Regulations 2015. Advertising of the Scheme Amendment began on Wednesday 25<sup>th</sup> November 2015 and closed on Friday 22<sup>nd</sup> January, 2016.

A total of eleven (11) submissions were received, 10 submissions being from service authorities/government agencies and 1 submission being received from a community member.

A summary, comment and recommendation for each submission is attached in the 'Schedule of Submissions' (refer to **Appendix 2**).

A copy of the actual submissions are available to Council upon request.

#### FINANCIAL & BUDGET IMPLICATIONS:

The Applicant/Owner has paid the associated Planning Fee for a Major Scheme Amendment.

# **STATUTORY IMPLICATIONS:**

State:Planning and Development Act 2005Local:Shire of Northampton Town Planning Scheme No. 9 – Kalbarri Townsite

Lots 9502 and 9505 are part of the area covered by Special Control Area (SCA1) as referred to in *Town Planning Scheme No.* 9 (TPS9). SCA1 refers to the area of land that was initially covered by the development strategy for Port Kalbarri. Provision (1) of SCA1, one of the provisions to be removed as part of this scheme amendment, refers to the existing structure plan and the allowances for future revisions to the existing structure plan. SCA2, the other provision under Appendix 11 of TPS9 that will be removed, refers to clause 5.28. This clause advises that development states that:

(1) Subdivision and development shall generally accord with a Structure Plan that is in accordance with Clause 5.28 of TPS 9.

It is also noted that two other landholdings contain Special Control Areas. This includes the large landholding to the east of Browne Farm, known as Lot 10792 and Lot 825 Ajana-Kalbarri Road, known by its approved structure plan as the Golf

Course Estate. Notification of the removal of the special control area provisions to the current landowners has been undertaken, with no objections being received. The removal of the special control area has no impact given that structure plan provisions will be included within TPS9 for all land within the Scheme area, not just land within special control areas.

In order for the Lots 9502 and 9505 to be rezoned 'Urban Development' and no longer be subject to the provisions of Appendix 11 - Development Areas, the following changes to the TPS9 will need to take effect:

- The 'Urban Development Zone' will need to be included in the list of zones (clause3.1.1 Creation of Zones) within Part 3 Zones.
- The inclusion of the following text with clause 3.1.2.10:
  - :"3.1.2.10 <u>Urban Development Zone</u>
     To Provide for the comprehensive planning of development through a structure plan to facilitate subdivision and development"
- Replace Clause 5.27 Operation of Special Control Areas with the following:
  - o "5.27 Urban Development Zone
    - 5.27.1 The local government is not to:
      - a) Consider recommending subdivision; or
      - b) Approve development of land; Unless a structure plan in respect of the area subject to the application, has been prepared and approved pursuant to Clause 5.28 Structure Planning Areas, and the subdivision and development of land shall be generally in accordance with the structure plan.

5.27.2 Notwithstanding clause 5.27.1 the local government may recommend subdivision or approve development without a structure plan, if in the opinion of the local government, such development is of a minor nature and will not prejudice the future structure planning of the site or zone."

- Rename Clause '5.28 Development Areas' to '5.28 Structure Planning Areas', and include all the following changes to this clause:
  - At Clause 5.28.1 Interpretations include the following text:
    - "Structure planning area' is an area that requires structure planning and <u>may be required in any zone</u>."
  - Delete Clause 5.28.22 and 'Appendix 11 Development Areas' from the TPS9 text.

- Rename Clause '5.28.3 Subdivision and Development' on Development Areas' to '5.28.3 Subdivision and Development in Structure Plan Areas'.
- Delete Clause 5.28.3.1 and renumber all clauses from 5.25.8 to 5.28.6 (inclusive).
- Change all references to 'Development Areas' to 'Structure Planning Areas'.

Lots 9502 and 9505 are an area that will require comprehensive and coordinated planning as part of a Local Structure Plan and therefore will conform to the requirements of the 'Urban Development, zone of TPS9.

Lot 106 is zoned Residential R20 under TPS9. The proposal is to rezone the land to Residential R40. Currently under TPS9 Permissible uses for Lot 106 are 'Single House', 'Home Office' and 'Public Utility' with the Land Use Class 'Grouped Dwelling' considered permissible with Council consent. Rezoning Lot 106 from Residential R20 to Residential R40 will not alter the permissible uses of the site.

Lot 112 is currently zoned 'Special Use' (SU5) under TPS9. The proposal is to remove this from the Special Use zone and rezone it to 'Commercial'. This will allow for the development of a future Medical Centre and Service Station over the lot. 'Medical Centre' is an "SA" use which means that the use is not permitted unless Council has granted Development Approval after giving notice in accordance with Clause 6.4 of TPS9. While 'Service Station is an "AA" use which means that the use is not permitted unless Council has granted Development Approval.

Lots 116 and 117 are to maintain their zoning as 'Special Use' (SU5), with the addition of 'Age or Dependent Persons' Dwelling' as use within this zone. This will allow the land to be developed in the future potentially as a retirement village.

Lot 118 is zoned Commercial under TPS9. The proposal is to rezone the land to Residential R40, This will provide a zoning that makes better use of the land given its proximity to Lot 112 the proposed 'Commercial' zone. It is envisaged that this lot may have a 'Grouped Dwelling' use in the future which is considered permissible with Council consent.

#### POLICY IMPLICATIONS:

Local: Kalbarri Townsite Local Planning Strategy (2012)

The Kalbarri Townsite Local Planning Strategy has been created to provide longer term strategic direction for the planning and development of Kalbarri.

Council resolved to adopt amendments to the Kalbarri Townsite LPS at their February 2016 meeting, which will guide the future subdivision and development of the area known as Browne Farm.

There is an area set aside to the north of Lot 9505 as 'Special Use' that will provide a location for a Tourist Park Precinct in line with the current Strategy. There is also a desire to see the development of a retirement village within the strategy. While the 'Special Use' zone (SU5) is outside of the desired location this still provides an ideal location with supporting change of zone to the surrounding lots.

The Port Kalbarri precinct planning objectives state that:

• 'Restrict retail facilities within Port Kalbarri to local convenience facilities and limited tourist retail only and a maximum supermarket gla of 500m2.'

This will be a consideration that will be accounted for in the change of zone for Lot 112 from 'Special Use' to 'Commercial'. The main purpose of this change of zone will be to locate a strategic service station and medical centre. Both of which would be taken advantage of by the potential development of Lots 116 and 117 (SU5) as a retirement village.

PRECINCT	BROWNE FARM AND SURROUNDS
Objective	To ensure the provision of choice in residential living styles and locations while recognising the need to promote the longer term consolidation of the Kalbarri Townsite while recognising existing subdivision and development potential.
Precinct Planning	Review the Structure Plan approved in 2004 to :

The newly adopted provisions of the Browne Farm Precinct and Surrounds are:

	<ul> <li>Modify the Kalbarri Access Road from a through route to Kalbarri Townsite into loop road arcing with Flora Boulevarde.</li> </ul>
	<ul> <li>Modify the southern intersection of Kalbarri Access Road into a "T" junction with George Grey Drive.</li> </ul>
	Delete references to Marina / Water based recreation.
	<ul> <li>Restrict retail facilities within the Browne Farm area to local convenience facilities and limited tourist retail only and a maximum supermarket gla of 500m2.</li> </ul>
	<ul> <li>Provide site for FESA station within the Western residential Precinct in consultation with FESA Officers.</li> </ul>
	<ul> <li>Consider the need for a school site in accordance with anticipated lot yields.</li> </ul>
	<ul> <li>Consider providing larger range of lot sizes and particularly larger lifestyle lots in locations of remnant vegetation.</li> </ul>
Planning Area	Use & Development Provisions
BF1	Low Density Residential Estate :
	Balance future subdivision approvals in shorter term with the need to facilitate and encourage additional and more attractively located land releases within the main Townsite area.
	All future lots created within Browne Farm of 500m2 or greater will provide:
	<ul> <li>a minimum lot width of 17m;</li> </ul>
	<ul> <li>a minimum lot width of 17m;</li> <li>a minimum side setback to one side of 3m to facilitate the parking in the rear yard of recreational vehicles</li> </ul>
	<ul> <li>a minimum side setback to one side of 3m to facilitate the</li> </ul>
	<ul> <li>a minimum side setback to one side of 3m to facilitate the parking in the rear yard of recreational vehicles</li> </ul>
	<ul> <li>a minimum side setback to one side of 3m to facilitate the parking in the rear yard of recreational vehicles</li> <li>Two storey building height limit.</li> <li>Minimum 10m vegetated buffer to be retained and planted where</li> </ul>

	Develop pedestrian / dual-use path linkage across Wittecarra Creek Conservation Reserve to connect with Nanda Drive DUP into Kalbarri Town Centre.		
	Subdivision and development will be subject to :		
	<ul> <li>Detailed Flora &amp; Fauna assessment;</li> </ul>		
	<ul> <li>Aboriginal Heritage assessment; and</li> </ul>		
	Approval by Council and the WA Planning Commission of a Local Structure Plan providing for a range of lot sizes and residential opportunities ranging from Rural Residential to R20 residential.		
BF2	Rural Residential Estate:		
	Interim Subdivision – Rural Smallholdings		
	Interim subdivision of BF2 will provide Rural Smallholding lots sizes in the order of 10 to 20 Hectares.		
	Key Considerations for the subdivision of lots for Rural Smallholdings are:		
	<ul> <li>Addressing the location of priority flora in relation to future Rural Residential subdivision layout;</li> <li>Future road network and connections;</li> <li>Urban Water Management.</li> </ul>		
	Future Subdivision – Rural Residential		
	This Planning Area has the potential to be further subdivided for Rural Residential with lot sizes down to 1 Hectare.		
	In that event, the future subdivision of BF2 into 1 hectare Rural Residential lots is to have due consideration for environmentally sensitive design as well as retaining a 'sense of place' in terms of connection to the natural setting. Intensification of development in this area will only occur where it does not prejudice consolidated and coordinated growth of the Kalbarri Townsite.		
	Key considerations for the future subdivision of BF2 include:		
	<ul> <li>Revision of the approved Structure Plan</li> </ul>		
	<ul> <li>Connectivity with the existing development to the west</li> </ul>		

	<ul> <li>Identification of clear future points of connection across the BF2 area to the east</li> </ul>		
	<ul> <li>Priority flora locations within the BF2 area will be protected wherever possible and will be considered in any future subdivision of the area;</li> </ul>		
	<ul> <li>Where possible, remnant vegetation is to be retained, strengthening the connection to the natural environment;</li> </ul>		
	<ul> <li>Enhancement of strong green links and fauna corridors;</li> </ul>		
	<ul> <li>Appropriate Bushfire Management considerations will be addressed as early as possible during the planning process;</li> </ul>		
	<ul> <li>Urban water management</li> </ul>		
	<ul> <li>Revegetation and landscaping of streetscapes</li> </ul>		
	<ul> <li>Any renewed demand or requirement for a school site resulting from intensification of development.</li> </ul>		
BF3	Potential Tourism or Short Stay Residential:		
	The northern most area of the Browne Farm land, BF3 is a landmark development site that will incorporate either a caravan park or short stay residential accommodation options.		
	It may include on-site facilities of a small convenience store and club house.		
	Development of this Precinct will be in line with the requirements of detailed flora and vegetation studies and other land capability assessments such as bushfire risk and flooding that will determine the location, scale and form of future development.		
BF4	Long Term Residential :		
	The eastern lot to be protected for long term residential requirements following substantial subdivision of Precinct SR1.		
	Subdivision and development to be subject to Use and Development provisions of BF1.		
	Protection and rehabilitation of existing creek lines in Recreation and Conservation Reserves.		

Minimum 10m vegetated buffer to be retained and planted where necessary in future subdivision to all surrounding major road boundaries including major internal distributor.

# **STRATEGIC IMPLICATIONS:**

Local: Shire of Northampton Planning for the Future 2013-2023

Key Imperatives:

- Further development of residential and industrial land in the Shire.
- Achieve sustainable development in new land and residential projects.

Economy & Marketing Strategies:

- Increase the number and affordability of short term and long term accommodation options available within the Shire.
- Attract developers through appropriate zoning and rezoning of residential blocks.
- Increase support for tourism across the Shire and enable tourism to become a major and sustainable industry for the Shire.

**Environment Strategies:** 

- Increased protection of native flora through green belts.
- Encourage developers to retain natural vegetation on project sites.

Infrastructure Strategies:

- Improved zoning of land in line with development requirements and reflecting the diverse nature of residential needs.
- Ensure that there is sufficient land supply to meet the needs of commerce and industry across the Shire.

Social Strategies:

• A vibrant and inclusive community enabling a range of interests and lifestyle options.

The proposed Scheme Amendment is considered to align with numerous strategies stated within Council's principal strategic document, *Planning for the Future 2013-2023*.

#### COMMENT:

Scheme Amendment No. 11 includes a range of provisions to facilitate the recently adopted *Browne Farm Local Structure Plan*. The modifications to include Lots 9502 and 9505 within an Urban Development zone are a logical step in providing for coordinated

planning for the area in line with amendments to the Kalbarri Townsite Local Planning Strategy.

The following points are made to support the additionally proposed rezoning of Lots 106, 112 and 118 and the addition of the 'Aged or Dependent Persons' Dwelling, use for Lots 116 and 117:

# Variety of land-use zones within the residential estate

Presently the residential estate is predominately zoned Residential R20, with a small western pocket zoned Residential R12.5. There is little variety for housing within the established estate. Amending the zone of Lot 106 and 118 to Residential R40 will enable grouped housing. For example, under the previous zoning 8 luxury group dwellings were planned for Lot 106. With an increase of zone to Residential R40 under the R-Codes the dwelling yield of Lot 106 could be up to 31 grouped dwellings to meet demand of strata residential housing for 'Lock and Leave' purposes. This will provide a variety of housing that does not currently exist in this residential estate addressing issues of lifestyle and affordability.

# Variety of Housing and Land

The interest in Kalbarri as a place to live or invest has exerted pressure on the affordability of housing in Kalbarri. The higher than average price of land in Kalbarri has been a considerable constraint to many people, with investors, retirees and families becoming more conservative in their choices in light of the recent global economic situation.

The predominant housing style complimenting the existing Residential R20 land use is the larger 4 bedroom, 2 bathroom style of housing. This limits the variety for buyers, especially investors and retirees that are looking for affordable 'downsized' housing.

The rezoning of Lots 106 and 118 to the Residential R40 land use will provide affordable, grouped housing options with greater variation in residential accommodation/housing typology within the estate.

# Local Commercial Opportunities

With the change to the 'Commercial' zone over Lot 112, the addition of the 'Aged or Dependent Persons' Dwelling' use within the existing 'Special Use' (SU5) zone and

the creation of a second 'Special Use' zone for future caravan park/tourist accommodation, there exists the potential for localised employment and business opportunities. These opportunities would have the added effect of creating amenity to an until now stagnant development area. The inclusion of pockets of higher density housing options would also provide affordable housing options within close proximity to these opportunities.

# Proximity to Public Open Space

Lot 106 is situated at the northern edge of the current residential estate. It is surrounded on the north, west and east by reserves for recreation and is in a prime elevated position. The lot's prominence affords it excellent coastal views across Kalbarri National Park. Lot 118 is at the entrance to the growing development area. It will be established in close proximity to George Grey Drive and the future commercial lot 112.

#### Services and Infrastructure

All the lots within the former Eco-Flora Estate, as part of the construction of the estate, have been provided with mains connection for services of water reticulation, sewer, power & telecommunications.

#### **VOTING REQUIREMENT:**

Absolute Majority Required: No.

#### CONCLUSION:

Proposed Scheme Amendment No. 11 is considered to be consistent with the objectives and strategies contained within the newly revised provisions of the *Kalbarri Townsite Local Planning Strategy*. The proposed Scheme Amendment is also aligned and supported by the recent adoption of the *Browne Farm Local Structure Plan*. It is therefore recommended that Council adopt Scheme Amendment No. 11 for final approval.

#### **OFFICER RECOMMENDATION – ITEM 6.3.1**

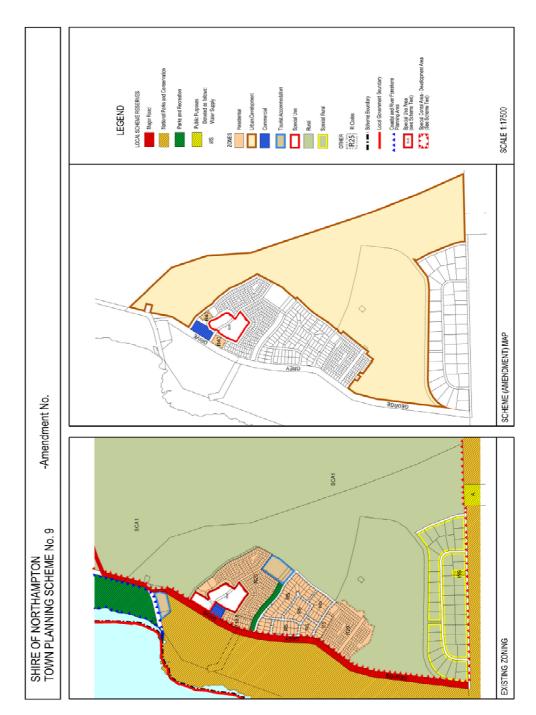

#### APPROVAL

That Council:

- Endorse the 'Schedule of Submissions' for Amendment No. 11 to Town Planning Scheme No. 9 – Kalbarri Townsite as attached to Item 6.3.1 of the March Town Planning Report 2016;
- Pursuant to Part 5 of the Planning and Development Act 2005 (as amended) adopt for final approval Amendment No. 11 (Complex Scheme Amendment as per Planning and Development (Local Planning Schemes) Regulations 2015) to Town Planning Scheme No. 9 – Kalbarri Townsite; and
- 3) Refer the Complex Scheme Amendment to the Department of Planning and seek final approval of the Scheme Amendment from the Minister for Planning;

# APPENDIX 1 – PROPOSED ZONING MAP

#### **APPENDIX 2 – SCHEDULE OF SUBMISSIONS**

No	Submitter	Property Address	Submission Detail	Comment/Recommendation
1.	Department of Health	None provided	<ul> <li>No objections</li> <li>Provided all developments connect to scheme water and reticulated sewerage in accordance with the draft Country Sewerage Policy.</li> </ul>	- Noted
2.	Department of Parks and Wildlife	None provided	<ul> <li>No objection</li> <li>Provided the Shire of Northampton ensures that all fire management and bushfire mitigation measures are managed independently on Lot 9505 and do not place reliance or imposition on the management of adjacent Parks and Wildlife managed land.</li> </ul>	- The Browne Farm Local Structure Plan includes a bushfire hazard assessment and requires that a Fire Management Plan for the Browne Farm area will be developed and lodged as part of any subdivision proposal. This will operate independently of the Kalbarri National Park fire management strategy.
3.	Main Roads WA	None provided	<ul> <li>No objection</li> <li>Outline of impact on Mainroads Network minimal.</li> </ul>	- Noted.
4.	Office of Heritage	None provided	<ul> <li>No objection</li> <li>No potential impact on heritage places within the Scheme area.</li> </ul>	- Noted.
5.	Department of Aboriginal Affairs	None provided	<ul> <li>No objection</li> <li>One heritage place located within Lot 9505 George Grey Drive – Wittecarra Gully. However, does not meet the terms under the Aboriginal Heritage Act 1972.</li> </ul>	- Noted.
6.	Department of Mines and Petroleum	None provided	No objection - No concerns raised with the proposed Local Planning Scheme Amendment.	- Noted.

President:....

7.	Department of Education	None provided	No objection - Comments provided previously on amendments to Kalbarri Townsite Local Planning Strategy and Browne Farm Local Structure Plan have addressed the Department's concerns.	- Noted.
8.	Telstra	None provided	No objection	- Noted.
9.	Water Corporation	None provided	<ul> <li>No objection</li> <li>Water Corporation refers to detailed commend provided in response to the Browne Farm Local Structure Plan.</li> </ul>	- Noted.
10.	Department of Fire and Emergency Services	None provided	No comment	- Noted.
11.	Kerry Matthews	None provided	<ul> <li>No objection</li> <li>Comments relating to transport issues associated with the provision of public transport and community safety.</li> </ul>	<ul> <li>In order to expand upon the content included within Amendment 11 it is apt to refer to the proposals under the Browne Farm Local Structure Plan adopted by Council at their Ordinary Meeting held on 17 February 2016.</li> <li>The amended structure plan does not propose any additional access points onto George Grey Drive to service the proposed residential lots, and access will be via the four existing boulevards –Flora Blvd, Jacques Blvd, Browne Blvd and Coral Blvd. The estimated lot yield of the development is being reduced when compared with the current structure plan, and there will be a corresponding reduction in forecast traffic demand on the existing subdivision roads and George Grey Drive. Therefore, no additional road improvements on George Grey Drive or the existing internal road network are proposed.</li> <li>A new access point onto George Grey Drive will be required for the Special Use (development) Site in the northern corner of the LSP area. A</li> </ul>

		traffic review by Riley Consulting has confirmed that safe access to this site (which may potentially be developed as a caravan park) can be
		achieved from George Grey Drive with consideration to intersection
		sight distances, space for right-turn lanes, and forecast traffic demands.

6.3.2	SUMMARY OF PLANNING INFORMATION ITEMS		
	DATE OF REPORT:	8 March 2016	
	<b>REPORTING OFFICER:</b>	Hayley Williams - Principal Planner	

#### COMMENT:

The following informs Council of the various planning items (including delegated approvals) that have been dealt with since last reported to Council. Further information regarding any of the items can be obtained from the Principal Planner.

REF	APPLICANT	LOCATION	PROPOSED DEVELOPMENT / USE	DATE
003	Kevin Kelly	LOT 830 (NO. 14) BRIDGEMAN ROAD, KALBARRI	PUBLIC AMUSEMENT - MAZE	19 February 2016
005	M Bradshaw	LOT 176 (NO. 16) WURMBEA WAY, KALBARRI	PROPOSED SINGLE DWELLING – R-CODE VARIATION	29 February 2016

# SHIRE OF NORTHAMPTON FINANCE REPORT – 18 MARCH 2016

ACCOUNTS FOR PAYMENT	
FILE REFERENCE:	1.1.1
DATE OF REPORT:	10 March 2016
DISCLOSURE OF INTEREST:	Nil
<b>REPORTING OFFICER:</b>	Leanne Rowe/Grant Middleton
APPENDICES:	1. List of Accounts

#### SUMMARY

Council to authorise the payments as presented.

#### BACKGROUND:

A list of payments submitted to Council on 18<sup>th</sup> March 2016, for confirmation in respect of accounts already paid or for the authority to those unpaid.

#### FINANCIAL & BUDGET IMPLICATIONS:

A list of payments is required to be presented to Council as per section 13 of the Local Government Act (Financial Management Regulations 1996).

#### **POLICY IMPLICATIONS:**

Council Delegation F02 allows the CEO to make payments from the Municipal and Trust accounts. These payments are required to be presented to Council each month in accordance with Financial Management Regulations 13 (1) for recording in the minutes.

#### **VOTING REQUIREMENT:**

Absolute Majority Required:

#### **OFFICER RECOMMENDATION – ITEM 6.4.1**

That Municipal Fund Cheques 20873 to 20889 inclusive totalling \$41,823.63, Municipal EFT payments numbered EFT14735 to EFT14837 inclusive totalling \$293,136.73 direct Debit payments numbered GJ0805 to GJ0811 totalling \$523.50, Trust Fund Cheques 2114 to 2114, totalling \$200.00 be passed for payment and the items therein be declared authorised expenditure.

		attachment (Appendix B)				

#### SUMMARY

Council to adopt the draft monthly financial reports as presented.

#### BACKGROUND:

This information is provided to Council on a monthly basis in accordance with provisions of the Local Government Act 1995 and Local Government (Financial Management) Regulations 1996.

The Draft Monthly Statements of Financial Activity for the period ending 31 January 2016 are attached, and include:

**Compilation Report** 

Monthly Summary Information

Statement of Financial Activity by Program

Statement of Financial Activity By Nature or Type

Statement of Capital Acquisitions and Capital Funding

Statement of Budget Amendments (N/A)

- Note 1 Significant Accounting Policies (presented annually)
- Note 2 Explanation of Material Variances
- Note 3 Net Current Funding Position
- Note 4 Cash and Investments
- Note 5 Budget Amendments (N/A)
- Note 6 Receivables
- Note 7 Cash Backed Reserves
- Note 8 Capital Disposals

Note 9	Rating Information
Note 10	Information on Borrowings
Note 11	Grants and Contributions
Note 12	Trust
Appendix A	Details of Capital Acquisitions
Appendix B	Detailed Schedules (separate presentation)

# FINANCIAL & BUDGET IMPLICATIONS:

Total operating expenditure at  $29^{th}$  February 2016 is over budget by \$1,349,878 which is predominately due to additional asset depreciation totalling \$1,162,989. The additional depreciation costs are a result of Infrastructure Assets being re-valued at the close of the 2014/2015 financial year.

Generally all works are progressing as expected apart for Roads to Recovery funded works which have been suspended pending a re-audit of Council's own source expenditure. This process has been completed and the issue of Councils own source expenditure and 2014/2015 breech in conditions is being addressed with the Department of Infrastructure and Regional Development in Canberra.

# STATUTORY IMPLICATIONS:

Local Government (Financial Management) Regulation 34 1996 Local Government Act 1995 section 6.4

# **POLICY IMPLICATIONS:**

Council is required annually to adopt a policy on what it considers to be material as far as variances that require to be reported for Council. The current Council Policy sets the material variance at \$5,000.

#### **VOTING REQUIREMENT:**

Simple Majority Required:

# **OFFICER RECOMMENDATION – ITEM 6.4.2**

That Council adopts the Draft Monthly Financial Report for the period ending 29 February 2016.

#### SHIRE OF NORTHAMPTON

6.4.3 2015/2016 BUDGET REVIEW FILE REFERENCE: 1.1.1

FILE REFERENCE: DATE OF REPORT: REPORTING OFFICER: APPENDICES:

10 March 2016 Garry Keeffe/Grant Middleton Budget Review

#### **BACKGROUND:**

Local Governments are required to conduct a budget review between 1 January and 31 March each financial year.

### COMMENT:

The intention of the legislation is to ensure local governments conduct at least one budget review between six and nine months into the financial year.

A Budget review is a detailed comparison of the year to date actual results with the adopted or amended budget. It establishes whether a local government continues meeting its budget commitments, is in receipt of income and incurs expenditure in accordance with the adopted budget.

Whilst there are numerous expenditure and revenue variations listed in the detailed budget review documentation there are no variations associated with Roads to Recovery included. This is due to all Roads to Recovery works having to be suspended due to our own source funding breech in 2014/2015 whereby no funds have been released during 2015/2016. Extensive research and investigation work has been carried out to resolve this issue and Moore Stephens (Council's Auditor's) have been liaising with the Department of Infrastructure and Regional Development in Canberra on Councils behalf to remove the funding freeze. It is anticipated that the funds will be unfrozen as a result of this audit work however there will not be enough time to complete the works prior to the end of the financial year.

Significant items listed in the 2015/2016 Budget Review include the following:

### **Expenditure**

Northampton Child Care Association – Each year any surplus operational funds for the Northampton Child Care Association is transferred to trust. The review includes the transfer of \$12,228 which is the surplus operating position from the 2014/2015 financial year. This amount was not included in the 2015/2016 budget.

Port Gregory Refuse Site – The 2015/2016 budget included the provision of a new block wall and widening works for a new dump area. This site is currently operating as a transfer station with no significant issues to date. The suite operation will be reviewed as part of the 2016/2017 budget process.

Car Park/Dual Use Path (DUP) - Savings of \$38,000 in materials due to the deferral of the Glance Street car park in Horrocks and the deferral of the Glance Street DUP contributing a further \$55,000 in savings.

Planning - Due to the deferral of the Kalbarri Scheme Review, Main Street Urban Design and other projects coming under budget the planning area has savings of \$44,099 net of the additional expenditure associated with legal fees for the Horrocks encroachments.

Insurance – Council's insurer (LGIS) has charged an additional premium of 13,305 for workers compensation insurance due to a variance between actual payroll expenses for the 2014/2015 financial year and the estimate provided in March 2015.

Parts and Repairs – Anticipated savings of \$25,000 in parts and repairs based on the expenditure profile to the end of February 2016. Council has a sound process for plant replacement and subsequently there are less major repair works required due to plant turnover rates and beneficial warranty arrangements.

#### <u>Income</u>

Rates – Reduced revenue associated with a Council approved rate write-off for lot 14 One Chain Road Galena \$21,370

Lotterywest Grant – Receipt of grant funding during 2015/2016 for works completed at the Kalbarri Skate Park using municipal funds during 2014/2015.

GST – Refund of \$12,509 from the Australian Taxation Office (ATO) for a portion of grant funding remitted as GST in error during 2014/2015 associated with the annual Main Roads Direct grant which is GST exempt.

Sale of Scrap Metal – As there is no market for scrap metal there has been reduced sales to the value of approximately \$10,000. The material will be stock-piled pending an improvement in the scrap metal price.

Sale of Land – Revenue associated with the sale of a portion of Lot 29 Reynolds Street Northampton totalling \$15,000

#### <u>Summary</u>

The current budget review addresses the reduced carryover figure of \$138,668 as per the Annual Financial Statements for 2014/2015. Financial Management Regulation 33 (2A) (c) requires the outcomes for the end of the financial year to be part of the budget review process. The amount included in the 2014/2015 budget as a carryover was estimated at \$1,530,155 whereas the Annual Financial Statements for 2014/2015 detail a carryover amount of \$1,391,487.

The difference between the budgeted estimated carried forward figure and the actual carried forward figure as per the annual financials is predominately the accrual for disposal clean-up works associated with the Woodcocks Fire included in the 2015/2016 budget but completed and accrued during the 2014/2015 financial year.

Adjustment to carryo	ver figure from 2014/2015	\$138,668
Reduced Expenses	2015/2016	\$83,489
Increased Revenue	2015/2016	<u>\$20,597</u>
Estimated Deficit @	30 June 2015	<u>\$ 34,582</u>

The budget review considers all relevant changes in expense and income plus allowing for the change in the carryover figure resulting in an estimated deficit amount of \$34,582.

### STATUTORY IMPLICATIONS:

General Financial Management of Council Local Government (Financial Management) Regulation 33A 1996

Regulation 33A (1) (2) (3) and (4) of the FM Regulations requires the results of the budget review to be submitted to Council within 30 days of the review. Council is then to consider the review and determine whether or not to adopt the review, any part of the review and any recommendations made in the review.

#### FINANCIAL & BUDGET IMPLICATIONS:

Main implications will be changes to the 2014/2015 Budget if further projects need to be deleted.

#### **VOTING REQUIREMENT:**

Absolute Majority Required:

### **OFFICER RECOMMENDATION – ITEM 6.4.3**

That Council in accordance with regulation 33A of the Local Government (Financial Management) Regulations 1996 adopt the review of the 2015/2016 Budget and note any variances or recommendations.

## SHIRE OF NORTHAMPTON ADMINISTRATION & CORPORATE REPORT – 18 MARCH 2016

#### 6.5.1 PORT GREGORY PIPELINE REPLACEMENT

LOCATION: FILE REFERENCE: DATE OF REPORT: REPORTING OFFICER:

Port Gregory 10.7.2 4 March 2016 Garry Keeffe

#### SUMMARY:

Council to approve the transfer of budget allocation to reserve for future use.

## BACKGROUND:

Council currently operates and manages the non-potable water supply to the township of Port Gregory and has done since the 1980's.

Within the 2015/16 Budget, a provision of \$36,500 was made to assist with the possible renewal of a section of the pipeline that traverses around the Hutt Lagoon.

To date the replacement has not been required with minimal maintenance requirements occurring on this section of pipeline and therefore to ensure funds are available in the future should a major break in the pipeline occur requiring renewal, it is recommended that the Council place the \$36,500 allocation into a reserve fund for this purpose.

## FINANCIAL & BUDGET IMPLICATIONS:

There are no implications to the current budget due to the amount recommended for transfer to a reserve fund being in the 2015/16 adopted budget.

#### STATUTORY IMPLICATIONS:

State: Local Government Act 1995 – Section 6.11

## **VOTING REQUIREMENT:**

Simple Majority Required

## **OFFICER RECOMMENDATION – ITEM 6.5.1**

That Council transfers the 2015/16 allocation of \$36,500 for pipe replacement for the Port Gregory Water supply to a reserve fund for this purpose to be titled "Port Gregory Water Supply Reserve Fund".

## SHIRE OF NORTHAMPTON ADMINISTRATION & CORPORATE REPORT – 18 MARCH 2016

#### 6.5.2 NORTHAMPTON RSL – PROPOSED SHELTER

LOCATION: FILE REFERENCE: DATE OF REPORT: REPORTING OFFICER: APPENDICES: Lot 123 Hampton Road, Northampton 11.1.9 4 March 2016 Garry Keeffe 1. Plans of Shelter

### SUMMARY:

Council to provide "in-principle" support for the erection of a shelter for housing of war time equipment.

## LOCALITY PLANS:

#### **BACKGROUND:**

The Northampton RSL is seeking "in principle" support from Council to allow the submitting of grant applications for the construction of a shelter. The shelter is to house their Centurion Tank and a Howitzer field gun. Other such hardware is being proposed.

The shelter proposed is as per Appendices 1. The shelter size is  $13.5m \times 12m$  and 4m in height to the eave, 5.16m to the peak.

### COMMENT:

This proposal has been brought to the attention of Council previously and now the Northampton RSL wish to pursue grant applications for the shelters construction.

The shed contractor has indicated that the shelter roof, side wall header sheets and gable in fills is to be a Pale Eucalypt. This colour is not in keeping with the RSL facilities that are of a Heritage Red and therefore Council should advise that this is the colour to be used.

#### FINANCIAL & BUDGET IMPLICATIONS:

None to Council.

## **VOTING REQUIREMENT:**

Simple Majority Required:

## **OFFICER RECOMMENDATION – ITEM 6.5.2**

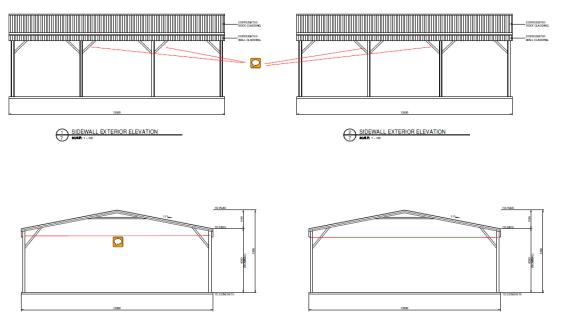

That Council

- 1. Provide "in-principle" support for the construction of a shelter to house their wartime machinery as per the plans submitted and that the RSL Northampton be advised that the sheet colour is to be Heritage Red and not Pale Eucalypt as proposed.
- 2. That the RSL Northampton be advised that this is not an approval for construction and detailed plans must be submitted to allow a building permit to be issued by Council.

## SHIRE OF NORTHAMPTON ADMINISTRATION & CORPORATE REPORT – 18 MARCH 2016

 6.5.3
 PARKING FOR RECREATION VEHICLES/CARAVANS (FREE CAMPING)

 LOCATION:
 Northampton Townsite

 FILE REFERENCE:
 13.2.4

 DATE OF REPORT:
 4 March 2016

 REPORTING OFFICER:
 Garry Keeffe

 APPENDICES:
 1. Northampton Tourist Assoc correspondence

 2. Email from Freedom Camping Australia
 3. Report on Free Camping

#### SUMMARY:

Council to determine a request from the Northampton Tourist Association for the identifying and provision of parking areas for RV's/Caravans where those persons do not wish to stay within a caravan park.

## **BACKGROUND:**

Apart from the current request from the Northampton Tourist Association, the issue of a free camping site in or near Northampton has been raised by previous Councillors and members of the public to capture some of the travelers that continue through the Northampton town. The provision of a free camping area may entice the "through" travelers to stop at the free camping site and then purchase items from local businesses which increase's the town's economy.

The obvious disadvantage is the possible lost revenue by the locally owned caravan park; however it is questionable if those through travelers would have stayed at the Northampton Caravan Park in the first instance.

Provided separate to the agenda are findings of a study undertaken by the "Freedom Camping Australia" group on the implications of free camping.

#### COMMENT:

This subject will no doubt be unpopular to some persons within Northampton but it is considered that a decision to provide a free camping area is to be based on for the betterment of the town as a whole and not an individual person and/or business.

Data from many publications/surveys from various organisations, including the Campervan and Motor home Club, Freedom Camping Australia and WA Tourism Commission, have revealed the benefits of the provision of free camping facilities.

Day trippers no doubt spend money on consumable items however the overnight visitors bring additional economic benefit from their needs, including accommodation, dining, fuel, food supplies etc, and are more likely to spend on attractions and activities.

A significant advantage for Northampton is that it is located on the North West Coastal Highway. This location opens up a potentially large market for Northampton from the Caravan and RV sector. Already the Northampton Caravan Park caters for their needs however more and more of this sector does not wish to utilise caravan parks.

Council currently provides a dump point located at the Hampton Gardens long vehicle site and any new proposal would not require the provision of such facilities. This site is considered to be the best as is centrally located and close to all shopping needs in the centre of the town.

The only RV Friendly town on the highway from Perth to Broome is now Dongara and Northampton could also be part of this potential market.

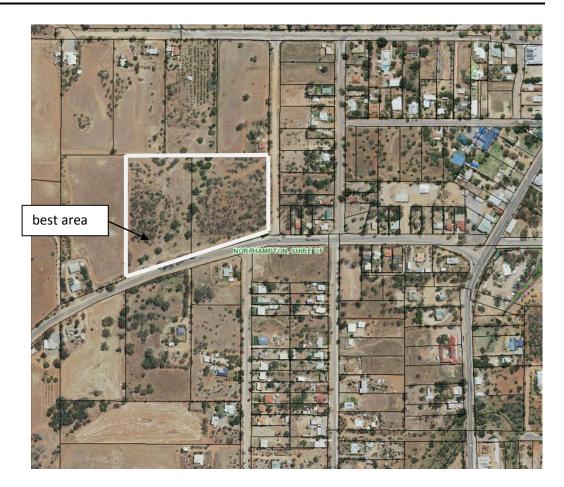

## **POSSIBLE LOCATIONS**

If the Council wishes to further consider the provision of a free camping site it obviously needs to be on land under the control of Council. It is also considered that the site needs to be relatively isolated and not near any dense residential areas due to noise from the coming and going of vehicles. Most free campers only wish to stop, rest and then continue on their journey.

The first site is on part of Crown Reserve 23471, Management Order for the purpose of "Water and Recreation". Advice from the Department of Lands has indicated that camping use as proposed on this reserve is acceptable due to the "recreation" use purpose.

## SHIRE OF NORTHAMPTON ADMINISTRATION & CORPORATE REPORT – 18 MARCH 2016

The reserve shows two lots but is in fact only one reserve. The best location for a free camping area is in the south west corner as this is the flattest area and minimal works to provide access from Stephen Street and create parking zones is required. The only disadvantage to this particular area is that when a large rainfall does occur it can flood in some areas. The rest of the reserve is hilly and rocky.

The second site is at the Northampton Golf Club, specifically north of the clubhouse. Advice from the Department of Lands has indicated that camping use as proposed on this reserve is acceptable due to the "recreation" use purpose.

## SHIRE OF NORTHAMPTON ADMINISTRATION & CORPORATE REPORT – 18 MARCH 2016

This area is only used for parking of vehicles on large golf days, being one, the Digby Lee-Steere memorial open. For the rest of the time it is vacant.

The area requires near to no works, is easily accessible and is in an isolated area and is relatively secure where persons can unhitch and leave the van onsite to undertake shopping etc. There will be the need to install some barrier type fencing, ie post and rail, to prevent vehicles and caravans from entering the fairways but this is easily achievable. Refuse bins will also be required and maintained by the Council which is considered to be a fairly minimal cost.

The Golf Club could also benefit from campers utilising the golf course where green fees apply. It is not the intention to make available the ablution facilities as cleaning costs would be incurred. The Northampton Golf Club will need to be approached on this proposal.

Further rules would also need to be considered by the Council on the conditions of use.

Consideration for free camping areas for other towns within the Shire have not been listed for consideration. In most cases there are very limited areas that are under the control of Council to allow such camping in other towns, with the exception of Binnu and Ajana. These two town sites are not patrolled by Council rangers to prevent camping.

### **POLICY ENVIRONMENT**

If Council is to give due consideration to the provision of areas of free camping then a policy to guide and govern this use should be considered.

The draft policy below has been based on a policy adopted by the Shire of Irwin when they introduced a free camping area:

#### <u>Purpose</u>

To provide direction on Council controlled land in regards to caravan and camping in the Shire of Northampton.

#### **Objective**

- 1. To ensure caravan and camping visitors to the Shire of Northampton have a range of accommodation options that maximise the benefits of the community.
- 2. To allow visitors to experience the uniqueness of the Shire without impacting on the residents quality of life or natural environment.
- 3. To ensure Council encourages "competitive neutrality" and does not aim to compete with commercial operations.

#### **Provisions**

- 1. Nature based camping is allowed on Council controlled land at Little Bay, Half Way Bay and Lucky Bay where camping fees apply. Only travelers with Self Contained Vehicles are permitted at the Lucky Bay area as there are no toilets provided at this site.
- 2. Lot (to be inserted and description of area) on (street/road to be inserted) is available for a free overnight rest for travelers with self contained vehicles, a dump waste point is provided and parking for oversize vehicles at the Hampton Gardens Car Park. Mobile power generators external to the vehicle should only be used up to two hours to top up internal batteries and not be operating after 9.00pm. External strung washing lines are not permitted. If dogs accompany campers the Dog Act 1976 and the Shire of Northampton Dog Local Laws apply.

- 3. Free camping is prohibited elsewhere on lands under the control of the Shire of Northampton within the Shire.
- 4. The Shire of Northampton may open a temporary overflow facility to accommodate the excess influx of visitors during peak tourist periods when existing accommodation providers are operating at or near full capacity.

#### **Definitions**

Self Contained Vehicles must carry a minimum of 20 litres of fresh water, have waste (grey) water holding tank with minimum capacity of five litres per person or 15 litres per person if the vehicle is fitted with a shower, and have a portable toilet cassette, all waste must be retained within the confines of the vehicle and nothing released to ground with the exception of dishwashing sink waste.

#### FINANCIAL & BUDGET IMPLICATIONS:

In either scenario costs will be incurred by Council but they are considered minimal. The biggest outlay for either site will be signage as this needs to be installed stating the rules of camping and also directional signage for users.

Ongoing operating costs will only be refuse removal as no other facilities would be provided.

## **STATUTORY IMPLICATIONS:**

Litter Act 1979 Caravan Parks and Camping Grounds Act 1995 Caravan Parks and Camping Grounds Regulations 1997

Camping other than at a caravan park or camping ground

- (1) A person may camp -
  - (b) for up to 24 consecutive hours in a caravan or other vehicle on a road side rest area;
  - (c) for up to 24 consecutive hours in a caravan or other vehicle on a road reserve in an emergency, unless to do so would cause a hazard to other road users or contravene any other written law with respect to the use of the road reserve;

- (d) on any land which is
  - (i) held by State instrumentally in freehold or leasehold; or
  - dedicated, reserved, or set apart under the Land Administration Act 1997 or any other written law, and placed under the care, control or management of a State instrumentality;
- (e) on any unallocated Crown Land or unmanaged reserve, in accordance with the permission of the Minister within the meaning of the Land Administration Act 1997, or a person authorised by the Minister to give permission under this paragraph.
- State: Planning and Development Act 2005
- Local: Shire of Northampton Local Planning Scheme No. 10

Reserve 23432 is zoned "Local Scheme Reserves – Parks and Recreation" under Local Planning Scheme No. 10 and Reserve 23471 is zoned "Public Purposes – Water supply, sewerage and drainage under the same Scheme.

The use of the site for free camping is not considered to be at odds with the vesting purpose of the Reserves given that both include the purpose of "Recreation".

Both sites have considerable setback distances from the nearest residential dwelling, a minimum of 150 metres. It is also considered that there will be no negative amenity impacts on adjoining landowners as issues pertaining to the control of rubbish and noise will both be monitored by the Shire.

#### STRATEGIC IMPLICATIONS:

Local: Shire of Northampton Planning for the Future 2013-2023

The current strategic plan has no strategies for the provision of free camping areas.

## **VOTING REQUIREMENT:**

Simple Majority Required:

## **OFFICER RECOMMENDATION – ITEM 6.5.3**

For Council consideration.

#### APPENDICES 2 – Email advice from Freedom Camping Australia

Dear Sir / Ms May we offer you an insight into the world of free-campers and grey nomads as they travel Australia

Freedom Camping Australia has just completed a national survey of the above travellers, and having interviewed people in 195 locations across Australia, we are now publishing the results of the survey

The survey shows that the average free camper

- spends about \$175 each week with local shops & take-aways along the main street & around the town, and
- spends about \$130 each week at the well-known supermarkets in the town
- they stay at paid accommodation from 1/4 to 3/4 of each week, where this paid accommodation can be a traditional commercial operator or the town's recreation reserve, or they might use a 'free' location somewhere close to town and as they travel
- they bring a total of from \$700 to \$800 per week to your shire or district

While this is the average, our survey showed that a few free-campers were spending over \$2000 per week in some regions when 3rd-party tours were brought into the equation

Many councils & shires already make freedom-campers welcome, and we thank you for doing so

- Shires and towns that welcome freedom campers are already reaping considerable benefits from having these travellers camping in or close to town
- Shires who do not make freedom campers welcome lose much of the custom from these campers as they by-pass unwelcoming towns

Our web site contains a copy of the full 100-page report, which we welcome you to download should you wish more information than we present to you here. A link to the main report is in the attached document at the bottom of page-2

We trust that you will find the enclosed report interesting, and we thank you for your time Phil Jones for Freedom Camping Australia

# APPENDICES 3 – Report by Freedom Camping Australia

Sent under separate cover. Printed version will be posted.

President:..... Date: 15 APRIL 2016

## SHIRE OF NORTHAMPTON ADMINISTRATION & CORPORATE REPORT – 18 MARCH 2016

6.5.4 BLACK SPOT PROJECT – GREY STREET & RED BLUFF ROAD

LOCATION: FILE REFERENCE: DATE OF REPORT: REPORTING OFFICER: APPENDICES: Grey Street, Kalbarri 12.1.7 9 March 2016 Garry Keeffe 1. Safety Audit

#### SUMMARY:

Council to provide comment to road safety audit recently undertaken on the corner of Grey Street and Red Bluff Road, Kalbarri.

## LOCALITY PLANS:

## BACKGROUND:

Council at their 20 November 2015 meeting resolved to progress with a Black Spot Funding application for redevelopment works on the corner of Grey Street and Red Bluff Road, Kalbarri.

The area was inspected by the Regional Manager of Main Roads WA who indicated that the area would be eligible for Black Spot funding consideration.

As a result, the Council approved funds for a Safety Audit to be undertaken and engaged Shawmac Consulting.

## COMMENT:

Shawmac Consulting have completed the Safety Audit, see Appendices 1. Council is now requested to provide comment, if any, on the Safety Audit.

The process from here is to now also engage Shawmac Consulting to undertake a design that addresses all the recommendations of the Safety Audit. Once that design is prepared and costed, a Black Spot funding application can be submitted to the Mid West Regional Road Group for consideration. If successful the funding would be provided in the 2017/18 financial year.

## FINANCIAL & BUDGET IMPLICATIONS:

Costs will be incurred for the engineering design however this will be part of the overall road maintenance budget allocation.

If the application is successful the funding is two thirds Main Roads WA and one third Council.

#### **STRATEGIC IMPLICATIONS:**

Local: Shire of Northampton Planning for the Future 2014-2023

Corporate Business Plan – Project is currently not listed within the CBP

## **VOTING REQUIREMENT:**

Simple Majority Required:

#### **OFFICER RECOMMENDATION – ITEM 6.5.4**

That Council consider the Road Safety Audit prepared by Shawmac Consulting for the corner of Grey Street and Red Bluff Road, Kalbarri and that Council endorse the Road Safety Audit (with amendments if any).

## **APPENDICES 1 – ROAD SAFETY AUDIT**

Provided separate to the main agenda, printed version will be posted.

President:..... Date: 15 APRIL 2016

#### 6.5.5 COMMUNITY SPORTING AND RECREATION FACILITIES FUND – SMALL GRANTS APPLICATION

LOCATION: FILE REFERENCE: DATE OF REPORT: REPORTING OFFICER: Kalbarri Golf and Bowling Club 11.1.5 9 March 2016 Garry Keeffe/Debbie Carson

## SUMMARY:

Council to support a CSRFF application for the replacement of one synthetic bowling green at the Kalbarri Bowling Club with a new synthetic surface.

## BACKGROUND:

The Kalbarri Bowling Club has submitted an application to Council for the replacement of one bowling green with a new Super Green surface provided by Tiger Turf. The Kalbarri Bowling Club have two greens, however one is currently unusable due to an inferior playing surface resulting from general wear and tear and raised surface areas. This is currently restricting the Club to playing with only one green and is therefore impacting on the Club's fixture events and use of the facility by the local community and visitors.

## COMMENT:

To allow the application to be submitted to the Department of Sport and Recreation, the application must first be assessed by the Council with other projects that may be received for this round and each project must be prioritised by Council. Further the application requires a copy of the minute where approval has been granted to submit the application.

No other small grant applications have been received at the time of compiling this report.

Should the application be successful works are expected to commence in August/September 2016.

## FINANCIAL & BUDGET IMPLICATIONS:

The project's estimated cost of \$144,100 (ex GST) consists of:

Resurface one bowling green	\$143,100
Audit costs	\$ 1,000
Total estimated cost	\$144,100

The Kalbarri Bowling Club have committed \$60,000 towards the cost of this project, with two further funding applications being submitted to the CSRFF Small Grants and Community Chest Grant, each of the amount \$44,777 plus GST.

If the grant applications are successful the Club is requesting Council to assist by auspicing the CSRFF grant, and therefore oversee the use of distributed funds and financial acquittal.

Apart from staff time in administering the grant only, not the works, there are no other costs to the Council.

## **VOTING REQUIREMENT:**

Simple Majority Required:

## **OFFICER RECOMMENDATION – ITEM 6.5.5**

That Council supports the grant application submitted by the Kalbarri Bowling Club for the synthetic resurfacing of a bowling green for the current round of CSRFF small grants funding.
