10.9.1 PROPOSED SHORT TERM EXPANSION MOTEL ACCOMMODATION –
TWENTY FOUR (24) MOTEL UNITS, LAUNDRY/KITCHEN/LIVING AREA,
PARKING BAYS – LOT 188 (NO. 60) JEFFREY BROWNE WAY,
KALBARRI (ITEM 7.3.1)

Moved Cr SUCKLING seconded Cr HAY

That Council grant development approval for a limited time period of the proposed transportable motel units on Lot 188 (No. 40) Jeffrey Browne Way, Kalbarri consisting of twenty-four (24) one-bedroom motel units with ensuites and one laundry/kitchen/living building in total, subject to the following conditions:

1. Development shall be in accordance with the attached approved plan(s) dated 21 October 2022 and subject to any modifications required as a consequence of any condition(s) of this approval. The endorsed plan(s) shall not be modified or altered without the prior written approval of the Local Government;
2. Any additions to or change of use of any part of the building or land (not the subject of this approval) requires further application and development approval for that use/addition;
3. Development approval is granted to four (4) transportable motel units and one (1) laundry/kitchen/living area unit to be located adjacent to the southern boundary of the lot as marked in 'RED' on the attached approved plans dated 21 October 2022 for a temporary period of twenty-one months expiring on 31 July 2025;
- 4, A building permit shall be issued by the local government prior to the commencement of any work on site to reconfigure the laundry unit to a multi-purpose laundry/kitchen/living facility and prior to the commencement of any work on the retaining wall;
5. Development approval is granted to two (2) transportable motel units to be located adjacent to the eastern side boundary of the lot as marked in "RED" on the attached approved plans dated 21 October 2022 for a temporary period expiring on 31 July 2025;

6. This approval is only valid for a twenty-one (21) month period from the date of this approval and is granted as temporary motel unit structures. After expiry of the temporary approval period, the transportable motel units and laundry/kitchen/living unit must be removed from the property no later than 31 July 2025 and no further time extensions will be granted;
 7. Prior to the issuing of a building permit, further detail be provided to the local government, demonstrating an adequate potable water supply to the approval of the Water Corporation is available for the proposed development;
 8. Prior to the issuing of a building permit, further detail be provided to the local government, demonstrating an adequate power supply to the approval of Western Power is available for the proposed development. Should connection to the electricity network not be available further detailed information be provided to the local government, demonstrating means of power supply;
 9. Due to close proximity to town, all mechanical service systems (including air conditioners and generators), are to be designed and installed to prevent emitted noise levels from exceeding the relevant decibel levels as set out in the Environmental Protection (Noise) Regulations 1977 (as amended);
 10. Prior to the issuing of a building permit, a detailed wastewater disposal application shall be completed with full working drawings/plans of the system that pertains to the proposed development which is to the approval of the Department of Health WA and the local government;
 11. A detailed schedule of external finishes, materials and colours to be used in the construction of the development shall be submitted prior to lodgment of an application for a building permit and shall be of non-reflective materials consistent or complimentary in colour with the surrounding natural landscape features to the approval of the Local Government;
 12. All stormwater is to be disposed of on-site to the specifications and approval of the local government. On application for a building permit a detailed design of stormwater collection and disposal system of developed areas is to be supplied to the approval of the Local Government (refer to Advice Note 5);
 13. Any soils disturbed or deposited on site shall be stabilised to the approval of the local government;
-

14. Installation of crossing places, verge gradients and designated car parking areas shall be constructed, line marked and drained to the standards and specification of the local government (refer to Advice Note 5);
 15. All parking of vehicles to be provided for within the property boundary and the street verge area is to be kept free of vehicles;
 16. The Applicant shall install a retaining wall on the eastern side boundary as marked in 'RED' on the attached approved plan(s) dated 21 October 2022 so as to minimise visual impacts and to support and retain soil;
 17. The development/land use is to be located entirely within the property boundary;
 18. The finish of the retaining wall on the affected adjoining landowner's side is to be:
 - a) Face finish brickwork with tooled joints;
 - b) Non face finish brick (ie. commons) to have sand finish render;
 - c) Concrete panels to have smooth finish;
 - d) Face finish limestone blocks with tooled joints;
 - e) Concrete blocks larger than 0.16m² (standard 200mm x 400mm) to have sand finish render as determined by the local govern; or
 - f) Face finish concrete block less than 0.16m² with tooled joints.
 19. The Owner/Applicant shall install a boundary fence to match the existing fence on the southern boundary to a height of 2.1 metres upon the eastern side boundary as marked in 'RED' on the attached approved plan(s) dated 21 October 2022 so as to minimise visual impacts;
 20. Prior to the commencement of the development/land use a landscaping plan shall be submitted to and approved by the local government. The approved landscaping plan shall include details pertaining to fencing, pathways, screening, shade and plantings and is to be implemented in full prior to the commencement of the approved use and maintained thereafter to the approval of the local government. Plantings are to include additional numbers of fast growing trees and shrubs to provide appropriate screening;
 21. Any lighting device is to be positioned and shielded as not to cause any direct, reflected or incidental light to encroach beyond the property boundaries or cause any glare nuisance to any passing motorists;
 22. The site shall be so ordered and maintained as not to prejudicially affect the amenity of the locality by reason of appearance;
-

23. Bin storage and clothes drying areas shall be provided and appropriately screened such that they are not visible from the view from the street/s, to the approval of the local government;
24. A Bushfire Attack Level (BAL) assessment, in accordance with *State Planning Policy 3.7 Planning in Bushfire Prone Areas* be undertaken and submitted, with any further conditions from this assessment addressed, prior to lodgment of an application for a building permit, to the approval of the local government;
25. A separate area shall be set aside for the loading and unloading of vehicles, from the existing and proposed car parking areas, to the approval of the local government;
26. An overall carparking plan shall be provided to include designated parking areas and bays for all uses on the site and to include vehicle access/egress points from all public roads, to the approval of the local government;
27. At the cessation of the Development Approval, all temporary structures, waste disposal facilities and drainage facilities shall be permanently removed from the site to the approval of the local government;
28. At the end of the approval period, the site shall be left in a neat and tidy condition following the removal of the structures;
29. Prior to the issue of any building permit for a repurposed or second-hand structure the local government shall require the lodging of:
 - (a) A bond amount equivalent to 20% of the estimated value of the approved works to be undertaken to ensure the building presentation is of an acceptable standard, with a minimum amount of \$5,000;
 - (b) A statutory declaration, signed by the applicant(s) and appropriately witnessed, indicating that the bond will be forfeited to Council if the approved installation works are not carried out within the approved timeframe;
 - (c) Bond monies will only be refunded (if not forfeited) after works required to prevent forfeiture have been carried out to the approval of the Building Surveyor.

Advice Note

1. If the development/use the subject of this approval is not substantially commenced within a period of 2 years, or another period specified in the approval after the date of determination, the approval will lapse and be of no further effect;
2. Where an approval has so lapsed, no development must be carried out without the further approval of the local government having first been sought and obtained;
3. With regard to Condition No's. 7 and 10 the landowner/proponent is required to make arrangements accordingly to the approval of the Department of Health WA and the Local Government;
4. With regard to Conditions No. 12, 14, 25 and 26, it is advised the Applicant/Owner should liaise with the Shire of Northampton's Manager of Works and Technical Services to determine crossover, verge gradient, car parking design and drainage requirements for developed areas.
5. With regard to Condition No. 17 it is recommended that the services of a licensed surveyor be employed to verify the exact boundary position.
6. If an applicant or owner is aggrieved by this determination there is a right of review by the State Administrative Tribunal in accordance with the *Planning and Development Act 2005* Part 14. An application must be made within 28 days of determination.

7.4.2 MONTHLY FINANCIAL STATEMENTS – OCTOBER 2022

FILE REFERENCE:	1.1.1
DATE OF REPORT:	8th November 2022
DISCLOSURE OF INTEREST:	Nil
REPORTING OFFICER:	Grant Middleton
APPENDICES:	Monthly Financial Report for October 2022

SUMMARY

Council to adopt the monthly financial reports as presented.

BACKGROUND:

This information is provided to Council in accordance with provisions of the Local Government Act 1995 and Local Government (Financial Management) Regulations 1996.

The Monthly Statements of Financial Activity for the period ending 31 October 2022 are detailed from page 1 to page 27 per the attached Monthly Financial Report.

FINANCIAL & BUDGET IMPLICATIONS:

The 31st October 2022 financial position is comprised of the following:

Total operating revenue has a surplus position of \$1,520,663 and operating expenditure has a surplus position of \$185,692 to the end of September 2022. The surplus revenue position is largely due to the receipt of \$750,000 for Insurance and LRCL grant revenue. The expenditure variances are spread across multiple programs and not considered significant at this stage of the year.

Investing and Financing variances will reconcile as the year progresses and it is anticipated there will be no significant budget variations.

Further explanations of material variations are detailed by reporting program in Note 16 of the Monthly Financial Report.

STATUTORY IMPLICATIONS:

Local Government (Financial Management) Regulation 34 1996
Local Government Act 1995 Section 6.4

POLICY IMPLICATIONS:

Council is required annually to adopt a policy on what it considers to be material as far as variances that require to be reported for Council. The current Council Policy sets the material variance at \$5,000.

VOTING REQUIREMENT:

Simple Majority Required:

OFFICER RECOMMENDATION – ITEM 7.4.2

That Council adopts the Monthly Financial Report for the period ending 31 October 2022.

**MONTHLY FINANCIAL REPORT
FOR THE PERIOD ENDED 31 OCTOBER 2022**

SUMMARY INFORMATION

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 31 October 2022

BASIS OF PREPARATION

REPORT PURPOSE

This report is prepared to meet the requirements of *Local Government (Financial Management) Regulations 1996*, Regulation 34. Note: The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities and to the extent they are not inconsistent with the *Local Government Act 1995* and accompanying regulations), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the *Local Government Act 1995* and accompanying regulations. Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All Funds through which the Council controls resources to carry on its functions have been included in this statement. In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated. All monies held in the Trust Fund are excluded from the statement, but a separate statement of those monies appears at Note 14.

SIGNIFICANT ACCOUNTING POLICES

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

CRITICAL ACCOUNTING ESTIMATES

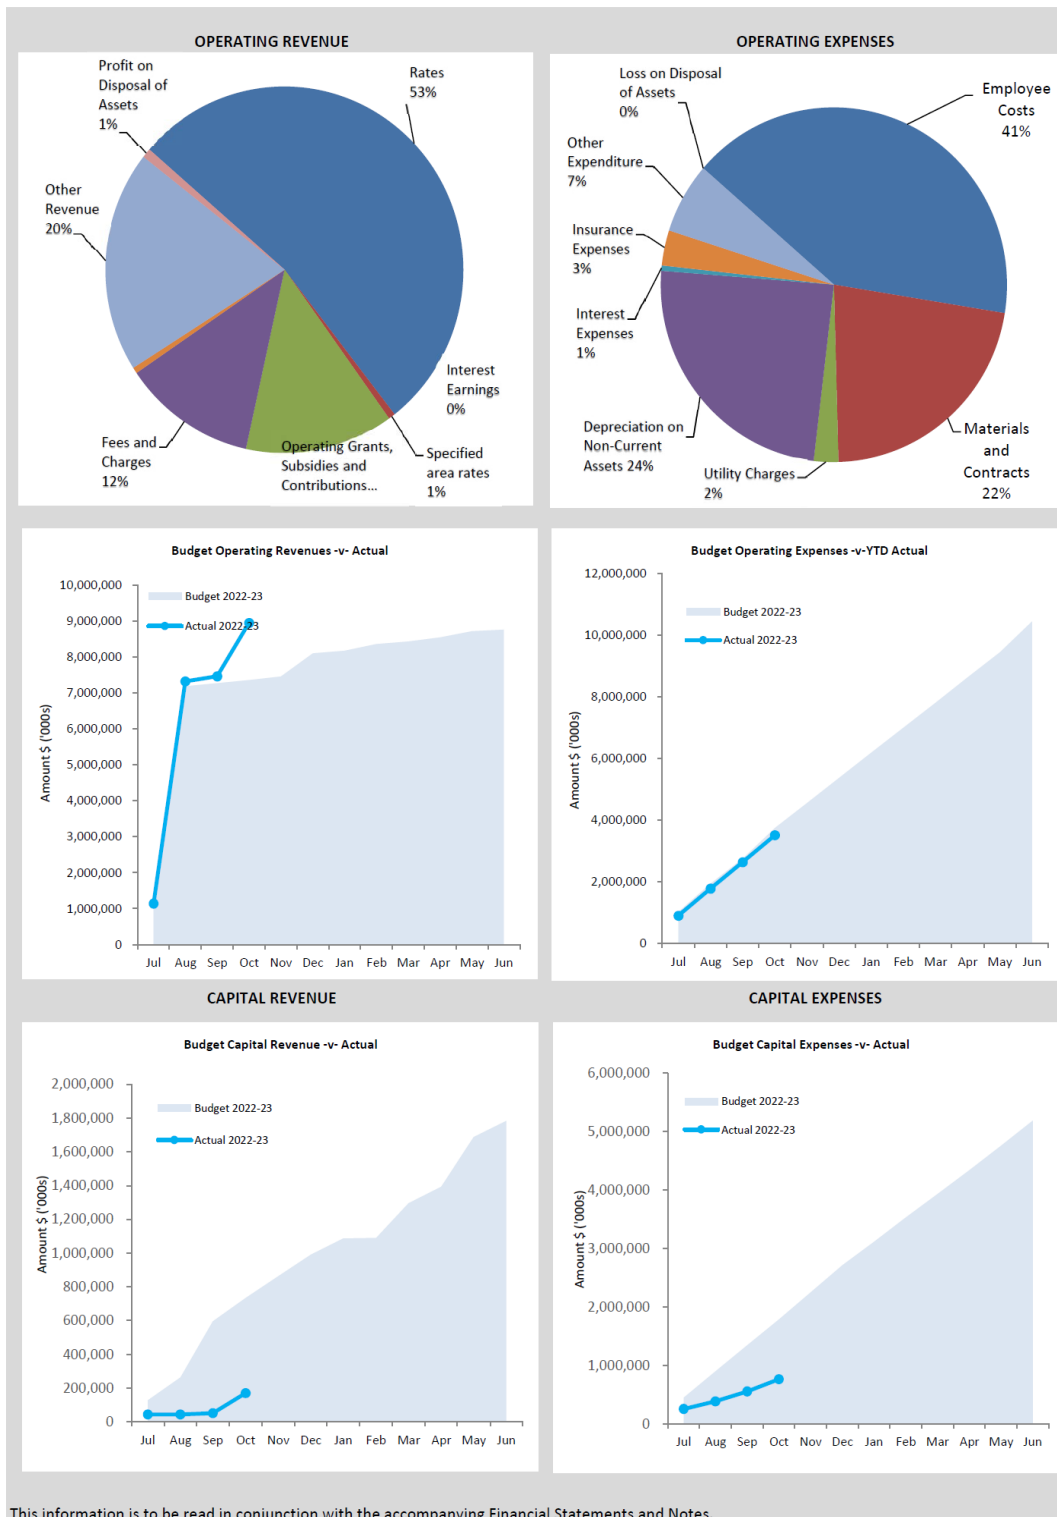

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

KEY TERMS AND DESCRIPTIONS
FOR THE PERIOD ENDED 31 OCTOBER 2022

NATURE OR TYPE DESCRIPTIONS

REVENUE

RATES

All rates levied under the *Local Government Act 1995*. Includes general, differential, specific area rates, minimum rates, interim rates, back rates, ex-gratia rates, less discounts offered. Exclude administration fees, interest on instalments, interest on arrears and service charges.

OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS

Refer to all amounts received as grants, subsidies and contributions that are not non-operating grants.

NON-OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

GRANT REVENUE

Revenue from contracts with customers is recognised when the local government satisfies its performance obligations under the contract.

Assets that were acquired for consideration that was less than fair value principally to enable the Shire to further its objectives may have been measured on initial recognition under other Australian Accounting Standards at a cost that was significant less than fair value. Such assets are not required to be remeasured at fair value.

Volunteer Services in relation have not been recognised in revenue and expenditure as the fair value of the services cannot be reliably estimated and the services would not have been purchased if they had not been donated.

FEES AND CHARGES

Revenues (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees. Local governments may wish to disclose more detail such as rubbish collection fees, rental of property, fines and penalties, other fees and charges.

SERVICE CHARGES

Service charges imposed under *Division 6 of Part 6 of the Local Government Act 1995*. *Regulation 54 of the Local Government (Financial Management) Regulations 1996* identifies these as television and radio broadcasting, underground electricity and neighbourhood surveillance services. Exclude rubbish removal charges. Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

EXPENSES

INTEREST EARNINGS

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

OTHER REVENUE / INCOME

Other revenue, which can not be classified under the above headings, includes dividends, discounts, rebates etc.

PROFIT ON ASSET DISPOSAL

Profit on the disposal of assets including gains on the disposal of long term investments. Losses are disclosed under the expenditure classifications.

EMPLOYEE COSTS

All costs associate with the employment of person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefit tax, etc.

MATERIALS AND CONTRACTS

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses, advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc. Local governments may wish to disclose more detail such as contract services, consultancy, information technology, rental or lease expenditures.

UTILITIES (GAS, ELECTRICITY, WATER, ETC.)

Expenditures made to the respective agencies for the provision of power, gas or water. Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

INSURANCE

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

LOSS ON ASSET DISPOSAL

Loss on the disposal of fixed assets.

DEPRECIATION ON NON-CURRENT ASSETS

Depreciation expense raised on all classes of assets.

INTEREST EXPENSES

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

OTHER EXPENDITURE

Statutory fees, taxes, provision for bad debts, member's fees or State taxes. Donations and subsidies made to community groups.

RATE REVENUE

KEY INFORMATION

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Rates received in advance give rise to a financial liability. From 1 July 2019 prepaid rates were recognised as a financial asset and a related amount was recognised as a financial liability and no income was recognised. When the taxable event occurs the financial liability is extinguished and income recognised for the prepaid rates that have not been refunded.

SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee benefits

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

7.5.2 SHIRE OF NORTHAMPTON - LOCAL EMERGENCY MANAGEMENT ARRANGEMENTS 2022 AND LOCAL RECOVERY PLAN 2022

FILE REFERENCE:	5.1.3
CORRESPONDENT:	Shire of Northampton Local Emergency Management Committee
DATE OF REPORT:	7 November 2022
REPORTING OFFICER:	Grant Middleton
APPENDICES:	1. Shire of Northampton Local Emergency Management Committee Meeting Minutes 19th October 2022 (Inaugural Meeting) 2. Shire of Northampton Local Emergency Management Arrangements 2022 – forwarded under separate cover 3. Shire of Northampton Recovery Plan 2022 – forwarded under separate cover

SUMMARY:

Council to acknowledge the formation of the Shire of Northampton Local Emergency Management Committee. (LEMC) and to endorse the Shire of Northampton Local Emergency Management Arrangements 2022 and the Shire of Northampton Local Recovery Plan 2022.

BACKGROUND:

Council elected to withdraw from the Batavia Local Emergency Management Committee (BLEMC) at the Council meeting held on 15th July 2022. Emergency Management legislation requires all Local Government entities to have a Local Emergency Management Committee (LEMC) in place. The withdrawal from the BLEMC prompted the formation of the Shire of Northampton Local Emergency Management Committee and the completion of the Local Emergency Management Arrangements 2022 (LEMA) and the Local Recovery Plan 2022.

Both documents were presented and endorsed at the Inaugural Shire of Northampton Local Emergency Management Committee Meeting held at the SES/VFRS Co-location facility in Kalbarri on 19th October 2022. Following the endorsement by the LEMC the documents are required to be endorsed by Council. Post endorsement by Council the documents are presented to the DEMC and submitted to SEMC for final sign off.

Shire of Northampton LEMC Meeting's will be held on the 4th Wednesday each quarter (February/May/August/November) commencing at 10.00am with the meeting venue rotating between Kalbarri and Northampton. Other venues will

also be considered for future meetings, including Horrocks and Port Gregory as required. However, with the bulk of attendees located in Kalbarri and Northampton it is anticipated most of the scheduled meetings will be held in Kalbarri or Northampton.

Whilst the process of withdrawing from the BLEMC, forming the Shire of Northampton LEMC, completing the Local Management Arrangements and Local Recover Plan has been an administrative burden on staff in the short term moving forward it anticipated that the new arrangements will be more beneficial to the Shire. Additionally post cyclone Seroja it was advantageous to access the relevance of the BLEMC, the support it provided during the recovery process and whether this type of structure was the best fit for the Shire.

The inaugural meeting was well attended and moving forward it is anticipated that the local meetings will provide a better conduit to liaise with local hazard managers, health providers, first responders and other agencies.

COMMENT:

The term Local Emergency Management Arrangements (LEMA) refers to the collection of all emergency management documentation, systems, processes, agreements and memorandums of understanding which affect the local government district. The LEMA is the overarching document and associated sub-plans which the local government is responsible for developing, maintaining and testing. As a minimum local governments must have Local Emergency Management Arrangements (LEMA) in and a Local Recovery Plan in place.

Local Management Arrangements and Local Recovery Plans are required to be reviewed every 5 years or when a major incident has taken place per State Emergency Management Committee guidelines. Once the plans have been endorsed by the LEMC and Council for endorsement they are presented to DEMC and SEMC respectively.

FINANCIAL & BUDGET IMPLICATIONS:

No financial implications envisaged. The regional approach to emergency management was initially intended to reduce the administrative burdens on each participating LGA.

STATUTORY IMPLICATIONS:

Emergency Management Act 2005

VOTING REQUIREMENT:

Simple Majority Required:

OFFICER RECOMMENDATION – ITEM 7.5.2

CARRIED BY CONSENSUS

Deputy CEO Grant Middleton (Acting Chair) welcomed all in attendance and declared the meeting open at 10:00pm.

SHIRE OF NORTHAMPTON LOCAL EMERGENCY MANAGEMENT COMMITTEE

Apologies noted as per attendance sheet (refer opening page of minutes).

1. Confirmation of Minutes of Previous Meetings

2.1 Confirmation of Minutes of Previous Ordinary Meeting

No prior minutes as this is the inaugural meeting of the “Shire of Northampton LEMC”

2. Key Discussion Points from Previous Minutes

2.1 Actions Status Report

No Actions Status Report

3. Agency Updates Including any Issues, Post Incident or Exercise Reports

The Acting Chair invited attendees to provide a brief overview of their agency’s recent activities or issues:

4.1 Shire of Northampton

Ric Davey advised that the resurfacing of the Kalbarri airport runway was tentatively scheduled for February/March 2023 and could close the runway for up to 10 days. Information will be distributed once timelines are confirmed.

4.2 WA Police – Kalbarri

Verbal Report from Darren Connor - Business as usual at the Kalbarri station. The station was fully staffed and back to pre-cyclone staff numbers. Activity will start ramping up over summer and Darren was supportive of the Ben Program as it was a great initiative.

4.3 WA Police – Northampton

Verbal Report from Warren Scott – Also business as usual at the Northampton station, recovery post cyclone Seroja was ongoing.

4.4 Northampton Health Service

Leanne Sice reported on behalf of the Northampton Health Service and the Kalbarri Health Centre. Post Seroja they have been busy updating Emergency Management Plans. Staff are doing cyclone preparedness training and they were also supporting staff with accommodation issues etc.

SHIRE OF NORTHAMPTON LOCAL EMERGENCY MANAGEMENT COMMITTEE

4.5 Kalbarri Health Centre

No Report. No one in attendance. (Refer above)

4.6 St John Ambulance

Verbal report from Nic Chadbourne - Kalbarri has been busy with approximately 25 jobs per month, patient transfers make up a large portion of the jobs. The Kalbarri crew recently attended a MVA in the Murchison which resulted in damage to the vehicle of approximately \$3,000 and the crew being on the road for up to 18 hours. There is an additional defib unit being located at Lucky Bay.

4.7 Department of Community Services

Verbal report from Neville Blackburn – Neville advised he had started in his role on 1/8/22 and was bringing staff up to speed with Emergency Management activities. A Local Welfare Plan would be developed for the Shire of Northampton LEMC and presented at the next meeting if possible. The existing plan aligned with the Batavia LEMC which included the City of Greater Geraldton, Shire of Northampton and the Shire of Chapman Valley.

4.8 Department of Biodiversity, Conservation and Attractions (Parks & Wildlife)

Verbal report from Mike Paxman - The park has had a record number of visitors but they had experienced a low number of incidents. Mike referred to the good longstanding relationship with St Johns and the SES that has been invaluable when incidents arise and help is required with rescue etc. DBCA are still managing Lucky Bay.

4.9 Department of Fire & Emergency Services

Verbal report from Josh Gardiner

- Moving into high threat period.
- There will be 2 water bombers based in Geraldton and a high season fleet of support appliances is due to arrive late November or early December. DFES will be proactively communicating with LG's. *(Grain Harvest Aerial Firefighting services will be forward based at Geraldton and Northam from 19 October 2022 through to approximately December 2022)*
- A volunteer leadership forum will be conducted the weekend of the 22nd and 23rd November.
- The Northampton VFRS building and infrastructure is nearing completion.

SHIRE OF NORTHAMPTON LOCAL EMERGENCY MANAGEMENT COMMITTEE

4.10 Kalbarri Fire and Rescue

Verbal report from Travis Glass – Things were relatively quiet at the moment, but they were gearing up for a busy fire season. Kalbarri fire and Rescue currently has 19 active members.

4.11 Northampton Fire and Rescue

No Report. No one in attendance

4.12 Kalbarri State Emergency Service

No Report. No one in attendance

4.13 Kalbarri Marine Rescue

5 Exercise Schedule

A schedule of past and proposed exercises was provided as **Attachment 3**.

DCEO Grant Middleton requested members to send any past and proposed events not listed in attachment 3 as the list provided was potentially missing some key exercises/events.

6 General Business

DCEO Grant Middleton explained the process required to progress the Local Emergency Management Arrangements and the Local Recovery Plan. Once the plans were endorsed by the LEMC the plans would be presented to Council for endorsement and then DEMC and SEMC respectively. Also, the transition from the Northampton LEMC and Kalbarri LEMC to the Batavia LEMC in 2015 and finally the formation of the Shire of Northampton LEMC was discussed.

SHIRE OF NORTHAMPTON LOCAL EMERGENCY MANAGEMENT COMMITTEE

6.1 Updates/changes to the Emergency Contacts Directory

The contact's directory has been distributed and further updates and changes will be made to the document as required. This document is not to be distributed or shared in the public domain.

6.2 Correspondence

Nil received

6.3 Local Emergency Management Arrangements 2022 LEMA

That the Local Emergency Management Arrangements 2022 (LEMA) be endorsed.

CARRIED BY CONSENSUS

Nic Chadbourne advised that the Kalbarri Camp was listed as an Evacuation Centre in the LEMA. Whilst the kitchen/dining facilities and the hall had been extensively damaged during cyclone Seroja the kitchen/dining area has recently been re-built and the site has existing accommodation units with ablutions plus disabled toilet facilities. Subsequently the facility has not been removed from the document and will be re-accessed for its suitability as an Evacuation Centre in its current format.

6.4 Local Recovery Plan 2022

That the Local Recovery Plan 2022 be endorsed.

CARRIED BY CONSENSUS

6.5 Beach Emergency Numbers (Ben) Program

The Beach Emergency Numbers (Ben) Program information was distributed and discussed. DCEO to investigate a presentation by Marion Masson at the next LEMC Meeting.

6.6 Multiuse/Evacuation Centre

DCEO Grant Middleton outlined the status of public consultation phase in relation to the Multiuse/Evacuation Centre proposal in Kalbarri. Public consultation information will likely be presented to Council at the November Council Meeting. This facility will be reliant on the Shire securing appropriate grant funding. The location of the facility will depend on land availability and planning conditions. This is a long-term project and there is a lot of work required in relation to the building format, purpose and location that will need to be formalised before the process can progress further.

SHIRE OF NORTHAMPTON LOCAL EMERGENCY MANAGEMENT COMMITTEE

7 Next Meeting – 22 February 2023

It was agreed that future Shire of Northampton LEMC Meeting's would be held on the 4th Wednesday (February/May/August/November) commencing at 10.00am.

CARRIED BY CONSENSUS

The next BLEMCM meeting will be held on Wednesday 22 February 2023 at the Northampton Chambers.

8 Meeting Close

Deputy CEO Grant Middleton (Acting Chair) thanked everyone for their contribution and closed the meeting at 11.00pm.

7.5.3 CR PETER STEWART - RESIGNATION

FILE REFERENCE:	4.1.1
DATE OF REPORT:	18 November 2022
REPORTING OFFICER:	Maurice Battilana, Acting CEO

SUMMARY:

Council to determine the vacancy resulting from the resignation of Cr Peter Stewart to be filled by undertaking an extraordinary election or to request the position remain vacant until the 2023 Local Government Elections.

Cr Stewart's term would have ended October 2025.

BACKGROUND:

As a result of Cr Stewart resignation as an Elected Member with the Shire of Northampton (effective from 31 January 2023) it is necessary for Council to determine if it wants to:

- To conduct an extraordinary election to fill the vacancy; or
- Seek permission to defer filling the vacancy until the October 2023 under section 4.17(2) of the Local Government Act, 1995, and as part of the transition to the new Local Government Act Reform regarding Wards and number of Elected Members for the Shire of Northampton .

Council resolved the following at the October 2022 meeting regarding the transition to the new Local Government Act Reform regarding Wards and number of Elected Members for the Shire of Northampton:

"Council informs the Minister for Local Government that having recently completed a Ward & Representation Review (i.e. public submissions closed on 9 October 2022), it will use the outcomes of this Review to implement the "Voluntary Pathway" process for the introduction of election transition arrangements and:

- 1. Agrees to abolish Wards and revert to a "No Ward" structure for the Shire of Northampton.*
- 2. Agrees to reducing the number of Elected Member positions on the Shire from nine (9) to seven (7); being effective for the October 2023 Ordinary Local Government Elections.*
- 3. Will transition to the reduced number of seven (7) Elected Members by:*
 - i. 2023 Ordinary Election*

Five (5) Elected Member position spill i.e.

- *Four (4) existing positions scheduled to expire in 2023, plus*
- *One (1) existing vacant position is scheduled to expire in 2025, which has current Ministerial approval to be filled in 2023.*

and only three (3) vacancies advertised to be filled.

ii. 2025 Ordinary Election

Remaining Four (4) existing positions due to expire in 2025 spill and all four (4) vacancies advertised to be filled.”

The Local Government Act, 1995, provides that if a “..councillor’s office becomes vacant under section 2.32 and under subsection (4A) this subsection applies, the Council may, with the approval of the Electoral Commissioner, allow* the vacancy to remain unfilled and, subject to subsection (4), in that case, the term of the member who held the office is to be regarded in section 4.6 as ending on the day on which it would have ended if the vacancy had not occurred.”

* Absolute majority required.

(4A) Subsection (3) applies —

(a) if —

- (i) *the office is for a district that has no wards; and*
- (ii) *at least 80% of the number of offices of member of the council in the district are still filled;*

or

(b) if —

- (i) *the office is for a ward for which there are 5 or more offices of councillor; and*
- (ii) *at least 80% of the number of offices of councillor for the ward are still filled.*

I have obtained legal advice from the WA Electoral Commission (who have also discussed this with the Department of Local Government) which confirms Council can resolve (by Absolute Majority) to postpone filling the vacant Elected Member position until the October 2023 LG Election under Section 4.17(2) of the LG Act. I have also discussed the situation with WALGA who interpret the Act differently and believe there is a legal requirement to conduct an extraordinary election. The Staff recommendation has been structured to cover both scenarios.

It would also make sense to seek approval from the Minister under section 5.7 of the LG Act to reduce the meeting quorum and absolute majority numbers

from the current situation of five (5) to four (4). This will accommodate the reduction in Elected Member numbers for nine (9) to seven (7) due to two vacant position and as a transition to the new structure of the total number of Elected Members at the Shire of Northampton to seven (7).

Section 5.7 states:

“5.7. Minister may reduce number for quorum and certain majorities

- (1) The Minister may reduce the number of offices of member required for a quorum at a council meeting specified by the Minister if there would not otherwise be a quorum for the meeting.*
- (2) The Minister may reduce the number of offices of member required at a council meeting to make a decision specified by the Minister if the decision is one which would otherwise be required to be made by an absolute majority and a sufficient number of members would not otherwise be present at the meeting.”*

If Council resolves to seek the WA Electoral Commission’s approval to postpone the election to fill the vacancy resulting from Cr Stewart’s resignation, then Council will have seven (7) remaining Elected Members in place until the 2023 Local Government Elections. This is the number of Elected Members Council has already resolved to have as part of the transition to the new Local Government Act Reform regarding Wards and number of Elected Members for the Shire of Northampton. In this case the 2023 and 2025 Elections will be as follows:

2023 Ordinary Election

Six (6) Elected Member position spill i.e.

- Four (4) existing positions scheduled to expire in 2023, plus
 - One (1) existing vacant position is scheduled to expire in 2025, which has current Ministerial approval to be filled in 2023.
 - One (1) new vacant position scheduled to expire in 2025, which approval is being requested to defer to 2023
- ~ three (3) vacancies advertised to be filled for four year terms (i.e. expire 2027); and
- ~ one (1) vacancy advertised to be filled for two year terms (i.e. expire 2025)

2025 Ordinary Election

Four (4) positions due to expire in 2025 spill and all four (4) vacancies advertised to be filled.

In the event Council resolves not to seek approval from the Minister to defer filling the vacancy then the following legislation is relevant:

4.8 Extraordinary elections

- (1) *If the office of a Councillor or of an elector mayor or president becomes vacant under section 2.32 an election to fill the office is to be held.*
- (2) *An election is also to be held under this section if section 4.57 or 4.58 so requires.*
- (3) *An election under this section is called an extraordinary election.*

4.9 Election day for extraordinary election

- (1) *Any poll needed for an extraordinary election is to be held on a day decided on and fixed —*
 - (a) *by the mayor or president, in writing, if a day has not already been fixed under paragraph (b); or*
 - (b) *by the council at a meeting held within one month after the vacancy occurs, if a day has not already been fixed under paragraph (a).*
- (2) *The election day fixed for an extraordinary election is to be a day that allows enough time for the electoral requirements to be complied with but, unless the Electoral Commissioner approves or section 4.10(b) applies, it cannot be later than 4 months after the vacancy occurs.*
- (3) *If at the end of one month after the vacancy occurs an election day has not been fixed, the CEO is to notify the Electoral Commissioner and the Electoral Commissioner is to —*
 - (a) *fix a day for the holding of the poll that allows enough time for the electoral requirements to be complied with; and*
 - (b) *advise the CEO of the day fixed."*

COMMENT:

The CEO has been in contact with the WA Electoral Commission (who have discussed the situation with the Department of Local Government) and the Commission has indicated they would support approval to defer filling the Elected Member vacancy created by Cr Stewart's resignation until the October 2023 Local Government Elections (subject to Council resolving by Absolute Majority to do this at the November 2022 meeting).

If Council do want to undertake an Extraordinary Election to fill the vacancy and not agree to the Staff Recommendation below. This is an alternative resolution:

Alternative Resolution

1. *Council conducts an extraordinary election to fill the Kalbarri Ward Elected Member vacancy created by the resignation of Cr Stewart in accordance with the Local Government Act, 1995, and a date for the election to be set by the Shire President in accordance with section 4.9 of the Act.
(Simple Majority Required)*
2. *The extraordinary election to fill the Kalbarri Ward Elected Member vacancy be conducted as a postal election undertaken by the WA Electoral Commission in accordance with section 4.61(2) of the Local Government Act, 1995, and authorise the Chief Executive Officer to amend the 2022/2023 Budget accordingly to cover the cost of this contract service.
(Absolute Majority Required)*
3. *Council seeks approval of the Electoral Commissioner, in accordance with section 4.20(4) of the Local Government Act, 1995, to appoint a person other than the CEO to be the returning officer of the local government for the WA Electoral Commission to conduct a postal election to fill the Kalbarri Ward Elected Member vacancy.
(Absolute Majority Required).*

FINANCIAL & BUDGET IMPLICATIONS:

Should Council resolve not to defer the vacancy to the 2023 LG Elections, then costs will be incurred to hold an extraordinary election.

I have enquired with the WA Electoral Commission on conducting an Extraordinary Election as a Postal Election through the Commission. The indicative cost for the Commission to conduct a Postal Extraordinary Election to fill the Kalbarri Ward vacancy would be in the vicinity of \$9,000. This figure is indicative only and based on the latest electoral role numbers for the Kalbarri Ward of 1,050 electors. This amount would be reduced if the candidates nominated to fill the position equal the vacancies (i.e. one) and no election is required, or no nominations are received at all.

The debate has been ongoing in regard to costs associated with in-person elections conducted in-house by Shire staff and an independent postal elections run by the WA Electoral commission as to which is the best process. With staff time realistically costed for an in-house/in-person election along with advertisements, etc. compared to the much greater voter turnout at WAEC

postal elections I have always advocated voter participation and not cost comparisons as the most appropriate way of determining how LG Elections should be held. Surely a local government's priority should be maximising voter participation in LG Elections above the minimal cost differences between the two election options.

If Council did resolve to conduct an extraordinary election to fill the vacancy created by Cr Stewart's resignation, I would be recommending this election be conducted by the WA Electoral Commission as a postal election (as per the *Alternative Resolution* above). This would require a council resolution under sections 4.20(4) and 4.61 of the LG Act i.e.

"4.20. CEO to be returning officer unless other arrangements made

(2) A local government may, having first obtained the written agreement of the person concerned and the written approval of the Electoral Commissioner, appoint* a person other than the CEO to be the returning officer of the local government for —

(a) an election; or

(b) all elections held while the appointment of the person subsists.

* Absolute majority required."

"4.61. Choice of methods of conducting election

(1) The election can be conducted as a —

postal election which is an election at which the method of casting votes is by posting or delivering them to an electoral officer on or before election day;
or

voting in person election which is an election at which the principal method of casting votes is by voting in person on election day but at which votes can also be cast in person before election day, or posted or delivered, in accordance with regulations.

(2) The local government may decide* to conduct the election as a postal election.

* Absolute majority required.

(3) A decision under subsection (2) has no effect if it is made after the 80th day before election day unless a declaration has already been made in respect of an election for the local government and the declaration is in respect of an additional election for the same local government.

- (4) *A decision under subsection (2) has no effect unless it is made after a declaration is made under section 4.20(4) that the Electoral Commissioner is to be responsible for the conduct of the election or in conjunction with such a declaration.*
- (5) *A decision made under subsection (2) on or before the 80th day before election day cannot be rescinded after that 80th day.*
- (6) *For the purposes of this Act, the poll for an election is to be regarded as having been held on election day even though the election is conducted as a postal election.*
- (7) *Unless a resolution under subsection (2) has effect, the election is to be conducted as a voting in person election.”*

STATUTORY IMPLICATIONS:

Local Government Act 1995

Legislation relevant to filling a vacant Elected Member position is detailed in the *Background & Comments* section of this report.

VOTING REQUIREMENT:

Simple or Absolute Majority Required depending on the specific item.

OFFICER RECOMMENDATIONS – ITEM 7.5.1

- 1. Council request approval from the Western Australian Electoral Commission, under section 4.17(2) of the Local Government Act, 1995, to defer filling the Kalbarri Ward Elected Member vacancy created by the resignation of Cr Peter Stewart until the October 2023 Local Government Ordinary Elections.**

(Absolute Majority Required)

- 2. In the event it is determined it is a legal required to conduct an extraordinary Election then:**

a) Council conducts an extraordinary election to fill the Kalbarri Ward Elected Member vacancy in accordance with the Local Government Act, 1995, and a date for the election to be set by the Shire President in accordance with section 4.9 of the Act.

(Simple Majority Required)

b) The extraordinary election to fill the Kalbarri Ward Elected Member vacancy be conducted as a postal election undertaken by the WA Electoral Commission in accordance with section 4.61(2) of the

Local Government Act, 1995, and authorise the Chief Executive Officer to amend the 2022/2023 Budget accordingly to cover the cost of this contract service.

(Absolute Majority Required)

c) Council seeks approval of the Electoral Commissioner, in accordance with section 4.20(4) of the Local Government Act, 1995, to appoint a person other than the CEO to be the returning officer of the local government for the WA Electoral Commission to conduct a postal election to fill the Kalbarri Ward Elected Member vacancy.

(Absolute Majority Required).

3. To ensure the continued functionality of the Council, request approval from the Minister for Local Government under section 5.7 of the Local Government Act, 1995 to:

a) reduce the number of offices of members required for a quorum at a council meeting from the current situation of five (5) to four (4) to accommodate reduction in Elected Member numbers from nine (9) to seven (7).

b) reduce the number of offices of member required at a council meeting to make a decision requiring an Absolute Majority from the current situation of five (5) to four (4) to accommodate reduction in Elected Member numbers from nine (9) to seven (7).

(Simply Majority Required)

7.5.4	CR SUDLOW – REQUEST TO ATTEND DECEMBER 2022 COUNCIL MEETING BY INSTANTANEOUS COMMUNICATION
FILE REFERENCE:	4.1.1
DATE OF REPORT:	18 November 2022
REPORTING OFFICER:	Maurice Battilana

SUMMARY:

Council to determination on a request from Cr Sudlow to attend the December 2022 Council Meeting by instantaneous communication (teleconference).

BACKGROUND/COMMENT:

Cr Sudlow has advised she will not be able to attend the December 2022 Council meeting in person and has applied to attend this meeting by teleconference.

The Local Government Act and Administration Regulations allows an Elected Member to attend Council and Committee meetings by instantaneous communication i.e.

14C. Attendance at meetings by electronic means may be authorised (Act s. 5.25(1)(ba))

(1) In this regulation —

meeting means —

- (a) an ordinary meeting of the council; or*

INCIDENT CONTROLLER – The person appointed by the HMA for the overall management of an incident within a designated incident area.

INCIDENT MANAGER – See **INCIDENT CONTROLLER**

INCIDENT MANAGEMENT TEAM (IMT) – A group of incident management personnel comprising the incident controller, and the personnel he or she appoints to be responsible for the functions of operations, planning and logistics. The team is headed by the incident manager who is responsible for the overall control of the incident.

INCIDENT SUPPORT GROUP (ISG) – A group of agency/organisation liaison officers convened and chaired by the Incident Controller to provide agency specific expert advice and support in relation to operational response to the incident.

LGA – Local Government Authority, meaning the Shire of Northampton.

LIFELINES – The public facilities and systems that provide basic life support services such as water, energy, sanitation, communications and transportation. Systems or networks that provide services on which the well-being of the community depends.

LOCAL EMERGENCY COORDINATOR (LEC) – That person designated by the Commissioner of Police to be the Local Emergency Coordinator with responsibility for ensuring that the roles and functions of the respective Local Emergency Management Committee are performed, and assisting the HMA in the provision of a coordinated multi-agency response during incidents and operations.

LOCAL EMERGENCY MANAGEMENT COMMITTEE (LEMC) – A committee established under Section 38 of the Emergency Management Act 2005. Based on either local government boundaries or emergency management sub-districts. Chaired by the Locality President (or a delegated person) with the Local Emergency Coordinator, whose jurisdiction covers the local government area concerned, as the Deputy Chair, Executive support should be provided by the local government.

MUNICIPALITY – Means the district of the local government.

OPERATIONS – The direction, supervision and implementation of tactics in accordance with the Incident Action Plan. See also **EMERGENCY OPERATION**.

OPERATIONAL AREA (OA) – The area defined by the Operational Area Manager for which they have overall responsibility for the strategic management of an emergency. This area may include one or more Incident Areas.

PREVENTION – Regulatory and physical measures to ensure that emergencies are prevented, or their effects mitigated. Measures to eliminate or reduce the incidence or severity of emergencies. See also **COMPREHENSIVE APPROACH**.

PREPAREDNESS – Arrangements to ensure that, should an emergency occur, all those resources and services which are needed to cope with the effects can be efficiently mobilised and deployed. Measures to ensure that, should an emergency occur, communities, resources and services are capable of coping with the effects. See also **comprehensive approach** in the State Emergency Management Glossary.

RESPONSE – Actions taken in anticipation of, during, and immediately after an emergency to ensure that its effects are minimised and that people affected are given immediate relief and support. Measures are taken in anticipation of, during and immediately after an emergency to ensure its effects are minimised. See also **COMPREHENSIVE APPROACH**.

RECOVERY – The coordinated process of supporting emergency-affected communities in the reconstruction of the physical infrastructure and restoration of emotional, social, economic and physical well-being.

RISK – A concept used to describe the likelihood of harmful consequences arising from the interaction of hazards, communities and the environment. The chance of something happening that will have an impact upon objectives. It is measured in terms of consequences and likelihood. A measure of harm, taking into account the consequences of an event and its likelihood. For example, it may be expressed as the likelihood of death to an exposed individual over a given period. Expected losses (of lives, persons injured, property damaged, and economic activity disrupted) due to a particular hazard for a given area and reference period. Based on mathematical calculations, the risk is the product of hazard and vulnerability

RISK MANAGEMENT – The systematic application of management policies, procedures and practices to the tasks of identifying, analysing, evaluating, treating and monitoring risk.

RISK REGISTER – A register of the risks within the local government that is identified through the Community Emergency Risk Management process.

RISK STATEMENT – A statement identifying the hazard, element at risk and source of risk.

SUPPORT ORGANISATION – A public authority or other person who or which, because of the agency's functions under any written law or specialised knowledge, expertise and resources are responsible for providing support functions in relation to that agency.

TELECOMMUNICATIONS – The transmission of information by electrical or electromagnetic means including, but not restricted to, fixed telephones, mobile phones, satellite phones, e-mail and radio.

TREATMENT OPTIONS - A range of options identified through the emergency risk management process, to select appropriate strategies which minimise the potential harm to the community.

VULNERABILITY - The degree of susceptibility and resilience of the community and environment to hazards.

WELFARE CENTRE – Location where temporary accommodation is available for emergency affected persons containing the usual amenities necessary for living and other welfare services as appropriate.

1 Introduction

1.1 Authority

These arrangements have been prepared in accordance with s.41 of the *Emergency Management Act 2005*, approved by the Shire of Northampton Local Emergency Management Committee and endorsed by the members of Local Governments.

1.2 Community Consultation

The community has been consulted through various forums and groups post cyclone Seroja including the LEMC committee and other groups.

1.3 Document Availability

In accordance with s.43 of the *Emergency Management Act 2005* a copy of these arrangements is available for inspection free of charge by members of the public during office hours at the relevant Council offices:

Shire of Northampton – Main Administration Office
199 Hampton Road
NORTHAMPTON WA 6535

Shire of Northampton – Allen Centre
Grey Street
KALBARRI WA 6536

These arrangements will also be available via Councils website:

1.4 Area Covered

Shire of Northampton

The Shire of Northampton local government area covers 13,738 km². It is bound by the Shire of Shark Bay to the north, Shire of Murchison to the east and Shire of Chapman Valley to the south and includes the towns of Northampton, Kalbarri, Horrocks, and Port Gregory. The total population of the Shire is 3227.

Maps for each can be found in appendix 6.6.

1.5 Aim

This document aims to define the management of identified risks and provide detail on proposed planning, response and recovery activities for each of the local governments.

1.6 Purpose

The purpose of these arrangements is to set out:

- Each of the local government's policies for emergency management;
- The roles and responsibilities of public authorities and other agencies involved in emergency

management in each local government;

- Provisions about the coordination of emergency operations and activities relating to emergency management;
- A description of emergencies that are likely to occur.
- Strategies and priorities for emergency management;
- Other matters about emergency management in the local governments prescribed by the regulations; and
- Other matters about emergency management in the local governments the Council considers appropriate.

1.7 Scope

These arrangements will ensure there are suitable plans in place to deal with identified emergencies should they arise. It is not the intent of this document to detail the procedures for HMA's in dealing with an emergency. These should be detailed in the HMA's specific plan.

Furthermore:

- This document applies to the member local government.
- This document covers areas where the local government provides support to HMA's in the event of an incident;
- This document details the LEMC's capacity to provide resources in support of an emergency, while still ensuring business continuity; and
- The LEMC's responsibility for recovery management.

These arrangements are to serve as a guide, for use at the local level. Incidents may arise that require action or assistance from the district, state or federal level.

1.8 Related Documents

This document covers the key arrangements to enable the delivery of integrated and coordinated emergency management to the local government. It is not possible for this document to contain all of the existing plans and arrangements, or to provide sufficient detail within this document. Some key documents are listed below.

It is a function of a local government to:

- Subject to the Emergency Management Act, ensure that effective local emergency management arrangements are prepared and maintained for its district;
- Manage recovery following an emergency affecting the community in its district; and
- Perform other functions given to the local government under the Emergency Management Act.

1.18 The Functions of a Controlling Agency

A Controlling Agency is an agency nominated to control the response activities to a specified type of emergency.

The function of a Controlling Agency is to:

- To undertake all responsibilities as prescribed in agency specific legislation for prevention and preparedness;
- To control all aspects of the response to an incident; and
- During recovery, the Controlling Agency will ensure an effective transition to recovery by Local Government.

1.19 The Functions of a Hazard Management Agency

A hazard management Agency (HMA) is to be a public authority or other person who, because of that agency functions under a written law or specialised knowledge, expertise and resources are responsible for emergency management, or the prescribed emergency management aspect, in the area prescribed of the hazard for which it is prescribed (s4 of the EM Act 2005).

The HMA's functions are prescribed in the Emergency Management Regulations 2006, and are to:

- Undertake responsibilities where prescribed in the Emergency Management Regulations 2006 for these aspects;
- Appointment of Hazard Management Officers (s.55 of the EM Act 2005);
- Declare / Revoke Emergency Situation (s.50 and 53 of the EM Act 2005);
- Coordinate the development of the State Hazard Plans for that hazard SEMP No 2.2 Development and Review of State Emergency Management Plans; and
- Ensure effective transition to recovery by Local Government.

1.20 The Functions of Combat Agencies

A combat agency is 'to be a public authority or other person who or which, because of that agency's functions under any written law or specialised knowledge, expertise and resources, is responsible for performing an emergency management activity by the regulations in relation to that agency.' (EMWA Glossary).

1.21 Support Organisation

'A support organisation is 'to be a public authority or other person who or which, because of that agency's functions under any written law or specialised knowledge, expertise and resources, is responsible for providing support functions in relations to that agency.' (EMWA Glossary) An example may be the Salvation Army providing meals to the welfare centre.

1.22 Public Authorities and Others

The roles and responsibilities of public authorities and other persons involved in emergency management in the local government district' [EM Act 2005 s 41(2) (b)].

The allocation of roles and responsibilities to Public Authorities should, as far as possible, follow the State Emergency Management Arrangements.

As the Department of Communities (DoC), do not have a permanent presence in the Shire of Northampton, therefore in the case of an emergency incident, where welfare is required, the Shire of Northampton will provide a limited short term support function until DoC arrives.

2 Planning

This section outlines the minimum administration and planning requirements of the Shire of Northampton LEMC under the *Emergency Management Act 2005* and policies.

2.1 LEMC Membership

The Shire of Northampton has established the LEMC to plan, administer and test the local emergency management arrangements.

Membership of the LEMC is representative of the agencies, community groups, non- government organisations and expertise relevant to the identified community hazards, risks and emergency management arrangements.

Core Membership

2.2 Meeting Schedule

SEMC Procedure – 2018, part 3 section 7 states that LEMCs shall meet every three months or more if required.' The LEMC will schedule meetings in February, May, August and November each year. The LEMC may convene a special meeting if required for example after any major emergency incident. As required meeting locations will be rotated and determined by the member local government.

2.3 Constitution and Procedures

Each meeting of the LEMC should consider, but not be restricted to, the following matters, as appropriate:

- a) Every meeting:
 - Confirmation of local emergency management arrangements contact details;
 - Review any post-incident reports and post-exercise reports generated since the last meeting;
 - Progress of emergency risk management process;
 - Progress of treatment strategies arising from emergency risk management process;
 - Progress the development or review of local emergency management arrangements; and
 - Other matters determined by the local government.
- b) First quarter:
 - Development and approval of next financial year LEMC exercise schedule (to be forwarded to relevant DEMC); and
 - Begin developing annual business plan.
- c) Second quarter:
 - Preparation of LEMC annual report (to be forwarded to relevant DEMC for inclusion in the SEMC annual report); and
 - Finalisation and approval of annual business plan.
- d) Third quarter:
 - Identify emergency management projects for possible grant funding.
- e) Fourth quarter:
 - National and State funding nominations.

2.4 Annual Reporting

The annual report of the LEMC is to be completed and submitted to the DEMC within two weeks of the end of the financial year for which the annual report is prepared. The DEMC is required to submit a copy of the annual report to the State Emergency Management Committee.

The information provided by the LEMC annual report is collated into the SEMC Annual Report which is tabled in Parliament. The SEMC issue the annual report template.

The LEMC annual report is to contain, for the reporting period:

- a) A description of the area covered by the LEMC,
- b) A description of activities undertaken by it, including;
 - the number of LEMC meetings and the number of meetings each member, or their deputy, attended,
 - a description of emergencies within the area covered by the LEMC involving the activation of an Incident Support Group (ISG),
 - a description of exercises that exercised the local emergency management arrangements for the area covered by the LEMC,
 - the level of development of the local emergency management arrangements for the area covered by the LEMC,
 - the level of development of the local recovery plan for the area covered by the LEMC,
 - the progress of establishing a risk register for the area covered by the LEMC,
 - a description of major achievements against the Annual Business Plan,
 - the text of any direction given to it by the local government that established it,
 - the major objectives of the annual business plan of the LEMC for the next financial year.

2.5 Annual Business Plan

SEMC Procedure – 2018, Part 3 Section 17 notes each LEMC will complete and submit to the DEMC an annual report at the end of each financial year. One of the requirements of the Annual Report is to have a Business Plan.

The LEMC may develop an Annual Business Plan incorporated as an attachment to the LEMC annual report in accordance with the SEMC Guidelines, including State Emergency Management Procedure.

A copy of the Annual Business Plan if completed will be available on request from the Executive Officer.

2.6 Emergency Risk Management

The LEMC has undertaken the emergency risk management process in accordance with Standards Australia AS/NZS 31000:2009 Risk Management within a community emergency risk management context.

A risk register has been developed and is included in appendix 6.2, and will be continuously reviewed in collaboration with relevant public authorities and/or any other relevant agencies or community groups as appropriate, in accordance with State Emergency Management Procedure 1 – Emergency Risk Management Planning. This register contains descriptions of emergencies likely to occur, and priorities.

3 Support To Response

3.1 Risks – Emergencies Likely to Occur and Responsible HMA

The LEMC identified the following hazards within the member LGA areas from the Emergency Risk Management process.

Hazard	HMA	State Hazard Plan
Animal and plant biosecurity emergency	Department Primary Industries and Regional Development – Agriculture Director General	Animal and Plant Biosecurity 2021
Collapse (structure or landform)	Fire and Emergency Services Commissioner - DFES	Collapse 2021
Crash emergency	Commissioner of Police – WA Police Force	Crash Emergency 2018
Earthquake	Fire and Emergency Services Commissioner - DFES	Earthquake 2021
Energy supply disruption (electricity, gas, and liquid fuel)	Coordinator of Energy – Public Utilities Office	Energy supply distribution 2018
Fire emergency (Includes bush and urban fire)	DFES/LGA/DBCA – depending on jurisdiction	Fire 2020
Hazardous materials emergency	Fire and Emergency Services Commissioner - DFES	HAZMAT 2019
Heatwave emergency	State Health Coordinator – Department of Health	Heatwave 2018
Human epidemic emergency	State Health Coordinator – Department of Health	Human Biosecurity 2019
Land and/or sea search and rescue emergency	Commissioner of Police – WA Police Force	Search and Rescue Emergency 2019
Maritime emergency	General manager – Department of Transport	Maritime Environmental Emergencies 2018
Radiation incident/escape from a nuclear-powered warship	Commissioner of Police – WA Police Force	HAZMAT 2019 Annex A
Severe Weather (Cyclone, Flood & Storm)	Fire and Emergency Services Commissioner - DFES	Severe weather 2021

Hazard	HMA	State Hazard Plan
Storm emergency	Fire and Emergency Services Commissioner - DFES	Storm 2016
Space debris Re-entry	Commissioner of Police – WA Police Force	HAZMAT 2019 Annex B
Terrorist act	Commissioner of Police – WA Police Force	Terrorist Act 2018
Tsunami emergency	Fire and Emergency Services Commissioner - DFES	Tsunami 2018
Hostile Act	Commissioner of Police – WA Police Force	Hostile Act 2021

These arrangements are based on the premise that the Hazard Management Agency will be responsible for the above risks and will develop, test and review appropriate emergency management plans for their hazard.

It is recognised that the HMA's may require the member local government resources and assistance during an emergency. The member local government may provide assistance/support if the required resources are available, through the ISG when formed.

3.2 Incident Support Group (ISG)

The ISG is convened by the HMA or the Local Emergency Coordinator in consultation with the HMA to assist in the overall coordination of services and information during a major incident. Coordination is achieved through clear identification of priorities by agencies sharing information and resources.

3.2.1 Role

The role of the ISG is to provide support to the incident management team. The ISG is a group of people represented by the different agencies who may have involvement in the incident.

3.2.2 Triggers for an ISG

The triggers for an incident support group are outlined under the State Emergency Plan 5 – Response. Broadly the requirement is identified when there is a need to coordinate multiple agencies. Specifically, these can be if one of the following triggers are met:

- requires multi-agency response;
- has a protracted duration;
- requires coordination of multi-agency resources;
- requires resources from outside the local area;
- some impact on critical infrastructure;
- has a medium level of complexity;
- has a medium impact on the routine functioning of the community;
- has potential to be declared an 'Emergency Situation'; and/or
- consists of multiple hazards.

State Emergency Management Plan S5.1 – ‘Response’ should be consulted for further detail.

3.2.3 Frequency of Meetings

The frequency of meetings will be determined by the Incident Controller and will generally depend on the nature and complexity of the incident. As a minimum, there should be at least one meeting per incident. Coordination is achieved through the clear identification of priorities and goals by agencies sharing information and resources.

3.2.4 Membership of an ISG

The ISG is made up of agencies/representatives that provide support to the HMA. As a general rule, the Local Recovery Coordinator (LRC) should be a member of the ISG from the onset, to ensure consistency of information flow and transition into recovery.

The representation of this group may change regularly depending upon the nature of the incident, the agencies involved and the consequences caused by the emergency.

Agencies supplying staff for the ISG must ensure that the representative(s) have the authority to commit resources and/or direct tasks.

3.2.5 Location of ISG Meetings

Proposed locations for ISG meetings are detailed in appendix 6.8.

3.3 Media Management and Public Information

Communities threatened or impacted by emergencies have an urgent and vital need for information and direction. Such communities require adequate, timely information and instructions in order to be aware of the emergency and to take appropriate actions to safeguard life and property. The provision of this information is the responsibility of the Controlling Agency. This is achieved through the Incident Management Team position of 'Public Information Officer' as per the AIIMS Structure.

3.4 Critical Infrastructure

The member local governments have identified critical infrastructure within their district. Due to the sensitive nature of this information, the details of critical infrastructure are included in appendix 6.3 and not for public distribution.

3.5 Financial Arrangements

State Emergency Management Policy Section 5.12, State Emergency Management Plan Section 5.4 and 6.10 and State Emergency Management Recovery Procedures 1-2 outline the responsibilities for funding during multi-agency emergencies. While recognising the above, the member local governments are committed to expending such necessary funds within their current budgetary constraints as required to ensure the safety of its residents and visitors.

3.6 Evacuation

A range of hazards regularly pose a risk to communities throughout Western Australia. Evacuation of people from an area affected by a hazard is one of the strategies that may be employed by emergency managers to mitigate the potential loss of, or harm to, life. Experience has also shown that the evacuation of residents is not always the optimum solution to managing the risk. Alternatives to evacuation such as staying, protecting and controlling, and restricting movement should also be considered where appropriate.

Evacuation is a risk management strategy that may need to be implemented, particularly in regard to cyclones, flooding and bush fires. The decision to evacuate will be based on an assessment of the nature and extent of the hazard, the anticipated speed of onset, the number and category of people to be evacuated, evacuation priorities and the availability of resources. These considerations should focus on providing for all the needs of those being evacuated to ensure their safety and ongoing welfare.

The Controlling Agency will make decisions on evacuation and ensure that community members have the appropriate information to make an informed decision as to whether to stay or go during an emergency.

3.6.1 Evacuation Planning Principles

The decision to evacuate will only be made by a Controlling Agency or an authorised officer when the members of the community at risk do not have the capability to make an informed decision or when it is evident that loss of life or injury is imminent.

The WA Police Community Evacuation Plans relevant to the area will be provided as an Annex to these arrangements, but due to the sensitive nature will not be available for public distribution.

3.6.2 Evacuation Management

The responsibility for managing evacuation rests with the Controlling Agency. The Controlling Agency is responsible for planning, communicating and effecting the evacuation and ensuring the welfare of the evacuees is maintained. The Controlling Agency is also responsible for ensuring the safe return of evacuees. These aspects also incorporate the financial costs associated with the evacuation unless prior arrangements have been made. In most cases, the WA Police may be the 'combat agency' for carrying out the evacuation.

Whenever evacuation is being considered the Department of Communities must be consulted during the planning stages. This is because the Department of Communities has responsibility under State Arrangements to maintain the welfare of evacuees under the State Emergency Welfare Plan.

3.7 Vulnerable Groups

For information on welfare arrangements for vulnerable groups refer to the corresponding Department of Communities Welfare Plan (Shire of Northampton) as required.

3.8 Refuge Sites

Refer to appendix 6.5 Welfare Centres.

3.9 Routes and Maps

The following maps contained in the Mid-West Gascoyne Emergency Services Directory may be used as reference across emergency services agencies:

ESD Ref.	Localities
KLBR1	Kalbarri
NHMPT1	Northampton
Enlargements A-J	Horrocks
28455	Port Gregory

3.10 Welfare

The Department for Communities has the role of managing welfare. Refer to the Welfare Emergency Plan.

3.10.1 Welfare Management

In emergency management terminology, Welfare is defined as providing immediate and ongoing supportive services to alleviate as far as practicable the effects on persons affected by an emergency.

The role of managing welfare function during an emergency has been delegated to the Department of Communities. DoC will develop a Local Welfare Emergency Support Management Plan that will be used to coordinate the management of the welfare centre(s) for the Shire of Northampton LEMC.

3.10.2 Local Welfare Coordinator

The Local Welfare Coordinator is appointed by the DoC District Director to:

- establish, chair and manage the activities of the Local Welfare Emergency Committee (LWEC), where determined appropriate by the DoC District Director;
- prepare, promulgate, test and maintain the Local Welfare Plans;
- represent the department and the emergency welfare function on the LEMC and the Local Recovery Committee;
- establish and maintain the Local Welfare Emergency Coordination Centre;
- ensure personnel and organisations are trained and exercised in their welfare responsibilities;
- coordinate the provision of emergency welfare services during the response and recovery phases of an emergency; and
- represent the department on the Incident Management Group when required.

Nominated in Contacts Register, refer to appendix 6.7.

3.10.3 Local Welfare Liaison Officer

Local Government shall appoint a Local Welfare Liaison Officer who has the role to provide support and assistance to the Local Evacuation / Welfare Centre, including the management of emergency evacuation centres such as building opening, closing, security and maintenance.

It is important to identify the initial arrangements for welfare to occur, particularly in remote areas, where it may take some time for DoC to arrive.

Nominated in Contacts Register, refer to appendix 6.7.

3.11 State and National Registration and Inquiry

When a large scale emergency occurs and people are evacuated or become displaced, one of the areas the Department of Communities has responsibility for is recording who has been displaced and placing the information onto a State or National Register.

This primarily allows friends or relatives to locate each other but also has many further applications. Because of the nature of the work involved the Department of Communities has reciprocal arrangements with the Red Cross to assist with the registration process.

3.12 Animals

The Shire of Northampton will endeavor to provide support for the coordination of animal welfare during an emergency situation. The care of animals at evacuation centres, temporary animal shelters and longer-term animal care arrangements which include stockyards, farms or any other facility will need to be considered and support provided where possible during an emergency.

3.13 Evacuation/Welfare Centres

The Shire of Northampton LEMC maintains a register that allows for the Department of Communities to utilise the buildings contained within the document for evacuation/welfare purposes after an event has occurred, as well as being requested to do so by the Hazard Management Agency (HMA). Refer to appendix 6.3.

4 Recovery

Refer to the Shire of Northampton LEMC Local Recovery Plan.

5 Exercising, Reviewing and Reporting

5.1 The Aim of Exercising

Testing and exercising are essential to ensure that the emergency management arrangements are workable and effective for the LEMC. The testing and exercising is also important to ensure that individuals and organizations remain appropriately aware of what is required of them during an emergency response situation.

The exercising of a HMA's response to an incident is a HMA responsibility however it could be incorporated into the LEMC exercise.

Exercising the emergency management arrangements will allow the LEMC to:

- Test the effectiveness of the local arrangements;
- Bring together members of emergency management agencies and give them knowledge of, and confidence in, their roles and responsibilities;
- Help educate the community about local arrangements and programs;
- Allow participating agencies an opportunity to test their operational procedures and skills in simulated emergency conditions; and
- Test the ability of separate agencies to work together on common tasks, and to assess effectiveness of co-ordination between them.

5.2 Frequency of Exercises

The State Emergency Policy section 4.8, requires the LEMC to exercise their arrangements on an annual basis.

5.3 Types of Exercises

Some examples of exercises types include:

- Desktop/Discussion;
- A phone tree recall exercise;
- Opening and closing procedures for evacuation centres or any facilities that might be operating in an emergency;
- Operating procedures of an Emergency Coordination Centre;
- Locating and activating resources on the Emergency Resources Register; and
- Complex.

Where possible the community should be encouraged to participate in or observe the exercise.

5.4 Reporting of Exercises

The LEMC reports exercises scheduled to the DEMC as required. The DEMC compiles the reports and sends the dates to the Emergency Services Sub-committee to be included in the SEMC Annual Report referenced from State EM procedure 2018.

Once the exercises have been completed they should be reported to the DEMC via the template found at State Emergency Management Procedure.

5.5 Review of Local Emergency Management Arrangements

These Local Emergency Management Arrangements shall be reviewed and amended in accordance with State Emergency Management Policy 2018 and replaced whenever the local government considers it appropriate (S42 of the Emergency Management Act).

According to the State Emergency Management Plan, the LEMA (including recovery plans) are to be reviewed and amended as follows:

- contact lists are reviewed and updated quarterly;
- a review is conducted after training that exercises the arrangements;
- an entire review is undertaken every five (5) years, as risks might vary due to climate, environment and population changes; and
- circumstances that may require more frequent reviews.

5.6 Review of Local Emergency Management Committee Positions

The local government in consultation with members shall determine the term and composition of the LEMC positions.

5.7 Review of the Resources Register

The Executive Officer shall have the resources register checked and updated on an annual basis, but ongoing amendments may occur at any LEMC meeting. Generally, this will occur at the beginning of October each year.

6 Appendixes

6.1 Resource Register

The following table is a list of resources that may be able to provide Local services in an emergency, this list is not exhaustive and is designed to be used as a guide only.

Should no local supplier be available, other sources, e.g. the WALGA supply list could be used.

1 Introduction

Disaster recovery is the coordinated process of returning an affected community to a normal level of functioning after a disaster. Recovery is part of emergency management, which also includes the components of Prevention, Preparedness and Response. Planning for recovery is integral to emergency preparation.

Recovery management is the coordinated process of supporting “emergency affected communities in the reconstruction and restoration of physical infrastructure, the environment and community, psychosocial, and economic wellbeing” (*Emergency Management Act 2005*).

This Local Recovery Plan is to be read in conjunction with:

- *Emergency Management Act 2005*
- State Emergency Management Plan 2019
- State Emergency Management Procedures 2019
- Batavia Local Emergency Management Arrangements

1.1 Authority

This Plan has been prepared in accordance with the requirements of s.41(4) of the *Emergency Management Act 2005* and forms part of the Local Emergency Management Arrangements (LEMA) for the Shire of Northampton. The LEMA has been endorsed by the Shire of Northampton LEMC and has been tabled with the Midwest-Gascoyne District Emergency Management Committee.

1.2 Purpose

The purpose of the Local Recovery Plan is to describe the arrangements for effectively managing recovery operations at a local level and to facilitate the affected community undertaking its own recovery.

1.3 Objective

The objectives of the plan is to:

- Describe the roles, responsibilities, available resources and procedures for the management of recovery from emergencies for the LEMC.
- Establish a basis for the coordination of recovery activities at the local level.
- Provide a framework for recovery operations.
- Ensure effective, coordinated management of recovery operations within the Batavia LGs
- Ensure the plan complies with State emergency management arrangements.
- Identify the roles and responsibilities of Hazard Management Agencies (HMAs), emergency services, support organisations and the Shire of Northampton whilst promoting effective liaison between all organisations.
- Ensure community engagement throughout recovery management.

1.4 Scope

The scope of the Recovery Plan is within the boundaries of the Shire of Northampton and forms a part of its Local Emergency Management Arrangements. It details the local recovery arrangements for the community.

2 Related Documents And Arrangements

This plan is consistent with State Emergency Management policies and State Emergency Management Plans, to enable integrated and coordinated delivery of emergency management within the Shire of Northampton. The following documents are related to this plan:

- Shire of Northampton Local Emergency Management Arrangements.

3 Resources

The LRC is responsible for the determination of resources required for recovery activities, in consultation with the HMA. This determination is made in consultation with the Local Recovery Coordinating Committee (LRCC) and support organisations, during the initial stages of the recovery process. The Shire of Northampton resources and community resources are noted in the 'Resource and Contact Register' contained within the Local Emergency Management Arrangements. If the LRCC is convened, the LRC will continue to assess requirements for the restoration of services and facilities including the determination of the resources required for the recovery process. The LRCC will source and coordinate external and internal resources, including the provision of staff.

3.1 Local Government Staff

Once the LRCC has been activated, all staffing matters will be coordinated by the LRCC including the rostering of staff, attendance monitoring timesheets, OH&S etc., in accordance with Shire of Northampton Operational requirements and Policies.

3.2 Local Volunteer Coordination

Where possible, all offers of, or requests for volunteer assistance with recovery activities should be coordinated through the LRCC. Spontaneous volunteers are a valuable, flexible resource that could be used to support existing volunteers and personnel to take up more active responsibilities in aiding with recovery operations. Local volunteers usually have more familiarity with the local community and local area, and an understanding of available resources. Forms for the management of volunteers following a disaster are available in Appendix 6.2.

Visit the Volunteering WA website <https://volunteeringwa.org.au/> for more information.

3.3 Local Recovery Coordination Centre

It may be necessary for the Shire of Northampton to establish a Recovery Coordination Centre if extensive recovery activities are likely to be carried out. The purpose of the Centre is to coordinate the recovery process undertaken by various agencies in terms of resources, information and tasks.

The Local Recovery Coordination Centre will be located at either the Northampton or Kalbarri office. If this location is unavailable or deemed unsuitable, the LRC will designate an alternative location as soon as possible and publicise the location and contact numbers after relocation.

Centre Name	Address	Contacts
Main Administration Office	199 Hampton Rd, Northampton WA 6535	Phone: 08 9934 1202 council@nothampton.wa.gov.au
Allen Centre	Grey Street, Kalbarri WA 6536	Phone: 08 9937 1097 council@northampton.wa.gov.au

3.4 Recovery Information Centre /One-Stop-Shop

A Recovery Information Centre/One-Stop-Shop will be established when required by the LRCC. The purpose of the Centre is to provide information and advice to the community on the progress of recovery, special arrangements and services. The location and contact details of the Centre will be disseminated to the community when it has been established.

A recovery centre is also designed to centralise the delivery of Local, State and Commonwealth Government and non-government services to people affected by a disaster. The Recovery Information Centre may or may not be co-located with the Local Recovery Coordination Centre, depending on the size and complexity of the disaster.

Allen Centre	Grey Street, Kalbarri WA 6536	Phone: 08 9937 1097 council@nothampton.wa.gov.au

3.5 Financial Arrangements

The Local Government Authorities will utilise the following regarding financial arrangements for recovery where required:

- Where appropriate the individual Local Government may establish a cash reserve for Community Recovery, for a determined level of risk to the community,
- Use of s.6.8(1) and s.6.11(2) of the *Local Government Act 1995* with respect to expenditure of funds not included in the annual budget,
- Local Government (Financial Management) Regulations 1996 – regulation 18(a) provides exemption for Council to make budget related decisions in emergencies without giving local public notice of changes to financial reserves,
- Use of s.6.20(2) of *Local Government Act 1995* enabling borrowing of funds, subject to one month's local public notice of the proposal and exercising of the power to borrow by absolute majority decision of Council.

The following arrangements have been made to fund recovery activities if necessary:

- Disaster Recovery Funding Arrangements – Western Australia (DRFA-WA),
- Lord Mayor's Distress Relief Fund (LMDRF),
- Centrelink,
- Department of Communities.

3.6 Financial Management

Financial management is a key aspect in providing support to a recovery plan, the relevant Local Government agencies will develop a strategy to ensure successful implementation of recovery programs ensuring adequate and timely expenditure of funds. Financial Management Arrangements will include:

- Identification of funding streams (local, state and federal level),
- Prioritisation of requirements for funding,
- Management of funds over time in a transparent manner (receipts of grants, funds, donations, payouts),
- Liaison and cooperation with other agencies in both the private and public sector,
- All funds regardless of their source remain subject to the *Local Government Act 1995*, Part 6 – Financial Management. Subsequently, consideration should be given to utilising appropriately trained/experienced finance staff during recovery, to ensure adherence to the aforementioned Act, and appropriate record keeping throughout.

3.7 Donations of Cash

State Emergency Management Recovery Procedure 1 outlines the policy for initiating and managing appeals and donations. The LRCC may encourage the use of the Lord Mayor's Distress Relief Fund for people wanting to make cash donations, although if deemed necessary, may open a separate account specifically for cash donations.

Visit www.appealswa.org.au for further information and application forms.

The commencement of an appeal fund does not override the statutory obligations, on the part of government agencies, to provide welfare, relief and reconstruction assistance to those affected by emergencies.

3.8 Donations of Service and Labour

Any donations of service or labour to assist with the recovery from a disaster should be administered by the affected Local Government or if established, the LRCC. Where the State Government level recovery coordination arrangements are activated under State Emergency Management Plan 6. Recovery - the Recovery Services Subcommittee may arrange the administration of donations of services and labour.

3.9 Donations of Goods

The donations of goods to assist victims to recover from a disaster may be arranged by non-government organisations. The distribution of the donated goods shall be undertaken by the organisations concerned. Appeals for donations of physical items such as food and furniture should be discouraged unless specifically requested through the LRCC.

3.10 Non-Government Organisations (NGOs)

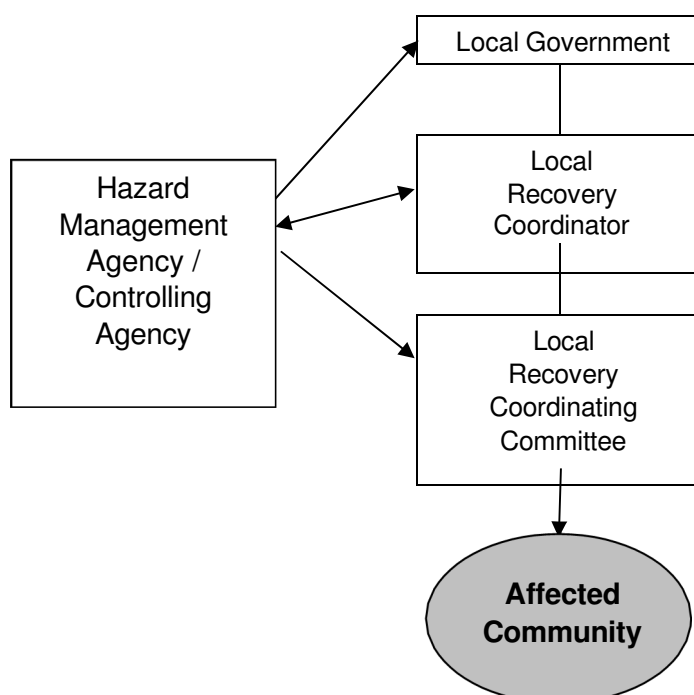

NGOs can provide assistance by way of emergency relief funds, shelter, accommodation or household supplies. Where possible, all offers of, or requests for, assistance should be coordinated through the LRCC to avoid duplication of effort and confusion.

4 Roles and Responsibilities

4.1 Recovery Structure

During the response phase of an incident, the following structure will be adopted by default, until the incident transitions from Response to Recovery, however the structure of LRCC is considered dynamic, and the composition and roles within the group will change depending on the disaster being recovered from.

Initial Recovery Management Structure *(during response phase)*

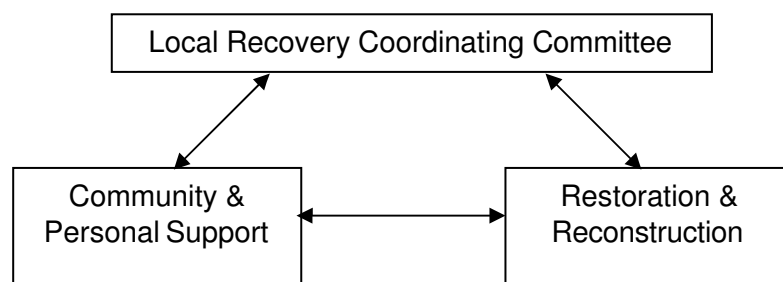

This structure sees the coordination and communication between the HMA / Controlling Agency (CA), and the Local Government authority, including the LRC being included in the HMA / CA Incident Support Group briefings and meetings.

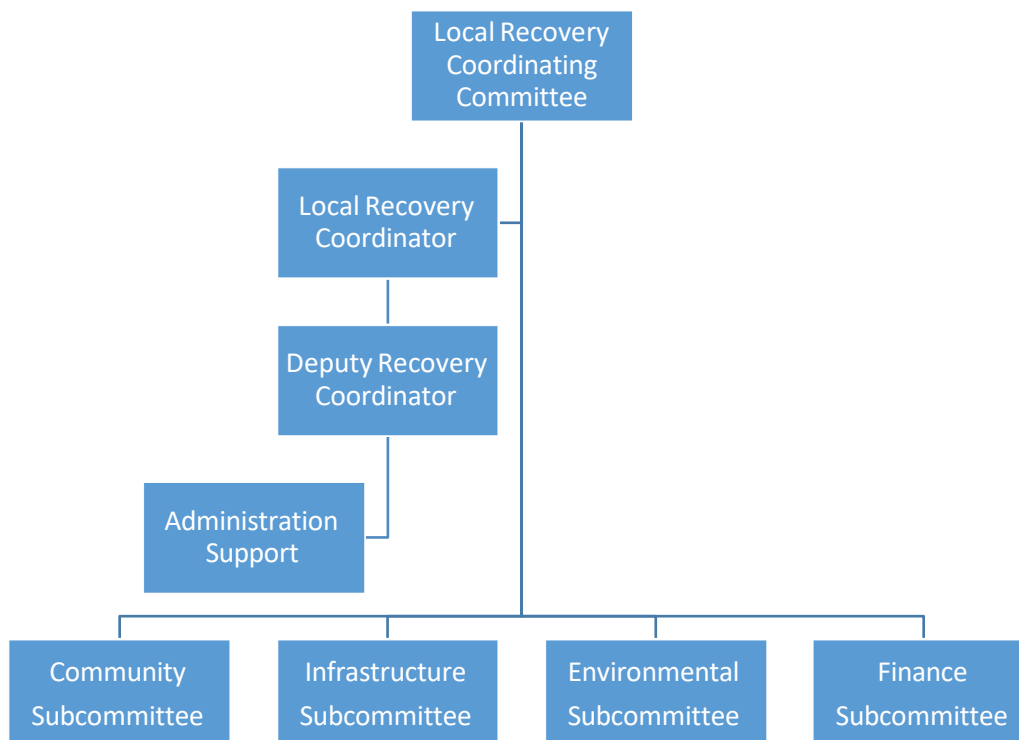

During the Recovery phase, this structure will change dependent upon the disaster, which will largely dictate required recovery actions i.e. a significant infrastructure sub-committee and associated functions may not be required for a bushfire that only affects pastoral land owners or nature reserve land.

Recovery Committee Structures

(following handover from CA/HMA to Local Government)

The above diagram illustrates a basic Recovery Committee structure, which the relevant Local Government authorities may adopt dependent upon the complexity and impact of the disaster. For

more complex disasters, the below structure will be applied. Position descriptions for roles and guidance for subcommittee functions is included in Appendix 6.4. These structures can be scaled up or back as the situation dictates.

4.2 Local Recovery Coordinator (LRC)

For the Shire of Northampton the Chief Executive Officer has been appointed as the LRC in accordance with the *Emergency Management Act 2005*, s 41. (4).

The LRC is responsible for coordinating the recovery in conjunction with the LRCC and adhering to the plans, strategies and policies determined by the LRCC.

The LRC is also responsible for the preparation, maintenance, testing and implementation of recovery management arrangements in accordance with the *Emergency Management Act 2005* and in consultation with Local Government.

A position descriptions of the LRC role, Deputy Local Recovery Coordinator and LRCC are available in Appendix 6.4.

4.3 The Local Recovery Coordinating Committee (LRCC)

The role of the LRCC is to coordinate and support local management of the recovery processes within the community. The LRCC comprises a core membership plus additional personnel depending on the type and magnitude of the event and the community affected.

The composition of the group is as follows:

Executive	Core Members	Co-opted Members
Chairperson (LGA President, Deputy President or Councillor)	Local Government Officers,	Department of Primary Industry and Regional Development
Local Recovery Coordinator (LRC)	Hazard Management Agency(s)	Department of Biodiversity, Conservation and Attractions
Secretary (TBA)	Department of Health and or Environmental Health Officer	
Local Emergency Coordinator (OIC Police)	Department of Communities	Utilities (power, water, gas, etc.)
	Australian Red Cross	Main Roads WA
	WA Police Force	Education representative
	Community Representative/s, and if established Chairpersons of sub-committees	Community Groups
		Chamber of Commerce
		Insurance Council Rep
		Others as required.

The role of the LRCC is to coordinate and support local management of the recovery process within the community. Checklists for both the LRC and the LRCC are available at Appendix 6.5. These checklists detail tasking for each entity.

4.4 Local Recovery Coordinating Committee Subcommittees (where required)

Dependent upon the extent of the recovery process required, the following sub-committees may be established to assist the LRCC in the management of the recovery process.

- Community (Social)
- Infrastructure (Built)
- Environment (Natural)
- Finance (Economic)

Guidance for LRCC Sub-committees is available in Appendix 6.6.

5 Commencement of Recovery

5.1 Transition from Response to Recovery

The responsibility for coordinating recovery arrangements rests with the affected Local Government. State-level assistance may be required where the delivery of recovery services, or the coordination required to deliver recovery services, exceeds the capacity of the Local Government.

To ensure that appropriate recovery activities are initiated as soon as possible after impact of the event, the CA / HMA is to ensure the LRC is notified of the event. The LRC is to liaise with the CA, including attending the Incident Support Group and Operations Area Support Group meetings where appropriate. (Refer to State Emergency Management Policy 6.1 for more information)

The Incident Controller is to complete and sign the Comprehensive Impact Assessment to confirm the accuracy of the information and hand over the responsibility to Local Government. The LRC will take over the responsibility for recovery and advise the LRCC to activate the recovery plan and related arrangements.

5.2 Activation

The decision to activate the Local Recovery Plan will be made by the Chair of LRCC on the advice of the LRC. Once the plan has been agreed to be activated, the LRC and LRCC become responsible for the implementation of the plan.

5.3 Operational Recovery Planning

The operational recovery plan provides the strategic direction and details actions required to facilitate a successful recovery. When the LRCC is activated, the group will develop an operational recovery plan to guide its functions during the first meeting. The operational recovery plan includes assessment and recovery requirements, organisational management, operational aspects and administrative arrangements.

The following sources and agencies are involved in undertaking an impact assessment, encompassing the functional areas of recovery (i.e. social, built, economic and natural);

- Hazard Management Agencies.
- Welfare agencies – to identify persons in need of immediate assistance.

- Local Government Surveyors, Engineers, Environmental Health Officers, Waste/Sanitation and Finance Officers.
- Insurance Assessors.

An Operational Recovery Plan template is available in Appendix 6.8.

5.4 Welfare and Health Services

Welfare is the responsibility of the Department of Communities. The Department of Communities local welfare, health and wellbeing plan details the arrangements that apply in local circumstances, consistent with the arrangements detailed in the State Emergency Welfare Plan.

The LRCC will work closely with the local office of Department of Communities in accordance with following plans:

- State Health Emergency Response Plan
- State Emergency Welfare Plan

5.5 Communication

It is the responsibility of LRCC to develop an effective communication plan for recovery. Throughout the recovery process, Local Government is to maintain an ongoing dialogue and share information with all other stakeholders and partners in the recovery process. The relevant Local Government authorities are responsible for developing a well-defined communication strategy that recognises the different means of communication with the stakeholders. The following communication methods can be used:

- Circulars
- Community Meetings
- Local Newspapers
- ABC Local Radio
- Email newsletters and text messaging
- Posters or pamphlets
- LGA social media and website

5.6 Communication Plan

Key groups who need to receive recovery information, the methods available and potential locations where information can be provided are detailed below:

Target Group	Communication Methods	Locations where the information will be provided
<ul style="list-style-type: none"> • Affected community • Recovery workers and volunteers • Vulnerable groups • General public 	<ul style="list-style-type: none"> • Community Meetings • Local Newspapers • ABC Local Radio • Posters or pamphlets • Email • LGA social media and website 	<ul style="list-style-type: none"> • Community groups • Batavia LEMC • Brigades and volunteer groups • Agency networks • Potential public meeting venues • Potential one-stop-shop locations

5.7 Review of the Plan

Testing and exercising are essential to ensure that the arrangements are workable and effective. The Local Recovery Plan is to be reviewed in accordance with State Emergency Management Policy 2.5, and amended and/or replaced whenever the Local Government considers it appropriate (*Emergency Management Act, 2005 s.42*).

According to State Emergency Management Policy No. 2.5, local emergency management arrangements (including a Local Recovery Plan) are to be reviewed and amended as follows:

- contact lists are reviewed and updated quarterly;
- a review is conducted after an event or incident in which the Local Recovery Plan was implemented;
- a review is conducted after training that exercises the arrangements;
- an entire review is undertaken every five years, as risks might vary due to climate, environment and population changes; and
- circumstances may require more frequent reviews.

5.8 Exercise

Local Emergency Management Committees are to develop appropriate exercise plans and schedules to test local arrangements including the Local Recovery Plan. At least one local level exercise should be conducted, on an annual basis. Refer to *Emergency Management Act 2005 s.39* and State Emergency Management Policy No. 3.1 – State Emergency Management Exercises for further information on conduct of exercise.

Exercising the arrangements during the planning process will allow the LRC and LRCC to:

- test the functionality and effectiveness of the local arrangements;
 - bring together members of emergency management agencies and give them knowledge of, and confidence in, each other;
 - help educate the community about local arrangements and programs thus providing them with confidence in their Local Government and emergency management agencies;
 - allow participating agencies an opportunity of testing their operational procedures and skills in simulated emergency conditions; and
- test the ability of separate agencies to work together on common tasks and to assess effectiveness of coordination between them. The management of an exercise is a systematic process involving planning, documenting, conducting, evaluating and validating.

5.9 Evaluation of Recovery

It is the responsibility of the LRC to monitor the progress of recovery and provide periodic reports to the LRCC and State Recovery Coordinating Group, if established. The evaluation of recovery activities is essential to maximise lessons learned and identify where improvements can be made. An evaluation of the effectiveness of the recovery activities in relation to the recovery plan should be conducted within 12 months of the disaster. The evaluation can involve:

- Community and stakeholder surveys
- Interviews
- Workshops
- Assessment of key project outcomes
